Title: Application Requirements for the Low Income Home Energy Assistance Program (LIHEAP) Residential Energy Assistance Challenge Program (REACH) Model Plan.

OMB No. New Collection.

Description: States, including the District of Columbia, Tribes, Tribal organizations and Territories applying

for LIHEAP REACH funds must submit an annual application prior to receiving Federal funds. The Human Services Amendments of 1994 (Pub. L. 103-252) amended the LIHEAP statute to add Section 2607B, which established the REACH Program. REACH was funded for the first time in FY 1996 and is intended to: (1) Minimize health and safety risks that result from high energy burdens on low-income Americans; (2) reduce home energy vulnerability and prevent homelessness as a result of the inability to pay energy bills; (3) increase the efficiency of energy usage by low-income families, helping them achieve energy self-sufficiency; and (4) target

energy assistance to individuals who are most in need.

The REACH Model Plan clarifies the information being requested and ensures the submission of all the information required by statute. The form facilitates our response to numerous queries each year concerning the information that should be included in the REACH application. Submission of a REACH application and use of the REACH Model Plan is voluntary. Grantees have the option to use another format.

Respondents: State Governments, Tribal governments, Insular Areas, the District of Columbia, and the Commonwealth of Puerto Rico.

Title: Court Improvement Program New Grants.

OMB No. 0970-0307.

Description: The President signed the Deficit Reduction Act of 2005, Public Law 109-171, into law on February 8, 2006. The law authorizes and appropriates funds for two new grants under the Court Improvement Program in title IV-B, section 438 of the Social Security Act. The highest State court in a State with an approved title IV-E plan

is eligible to apply for either or both of the new grants. The new grants are for the purposes of: (1) Ensuring that the needs of children are met in a timely and complete manner through improved case tracking and analysis of child welfare cases; and (2) training judges, attorneys, and other legal personnel in child welfare cases; and conducting cross-training with child welfare agency staff and contractors.

The statute requires separate applications for these two new grants. The annual burden estimates below describe the estimated burden for the two new grants. ACF collects information from the States about their work under these grants (applications, program reports) by way of a Program Instruction issued on June 15, 2006.

This Program Instruction describes the programmatic and fiscal provisions and reporting requirements for each of the grants, specifies the application submittal and approval procedures for the grants for fiscal years 2006 through 2010, and identifies technical resources for use by State courts during the course of the grants. The agency uses the information received to ensure compliance with the statute and provide training and technical assistance to the grantees.

Respondents: State Courts.
