The information request will allow the NRC to compile, in a centralized location, more complete information on the status of decommissioning and decontamination in the United States in order to provide a national perspective on

decommissioning. The information will be made available to the public by the NRC in order to ensure openness and promote communication to enhance public confidence in the national decommissioning program. This does not apply to information, such as trade secrets and commercial or financial information provided by the Agreement States as privileged or confidential. Information such as financial assurance and the status of decommissioning funding would need to be identified by the Agreement State as privileged or confidential, whereupon the NRC would withhold such information from public access and treat it as sensitive or non-sensitive, per the considerations in 10 CFR 2.390 and 9.17. This does not apply to financial assurance or decommissioning funding information that is already available to the public. Although specific details of the funding mechanisms are treated as confidential, beneficial lessons learned regarding the

improvement of decommissioning-related funding will be shared with the Agreement States.

SECURITIES AND EXCHANGE COMMISSION

Proposed Collection; Comment Request

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of Investor Education and Advocacy, Washington, DC 20549-0213.

Extension: Rule 206(3)-3T, SEC File No. 270-571, OMB Control No. 3235-0630.

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (the "Commission") is soliciting comments on the collections of information summarized below. The Commission plans to submit these existing collections of information to the Office of Management and Budget ("OMB") for extension and approval.

Temporary rule 206(3)-3T (17 CFR 275.206(3)-3T) under the Investment Advisers Act of 1940 (15 U.S.C. 80b-1 *et seq.*) is entitled: "Temporary rule for principal trades with certain advisory clients." The temporary rule provides investment advisers who are registered with the Commission as broker-dealers an alternative means to meet the requirements of section 206(3) of the Advisers Act (15 U.S.C. 80b-6(3)) when they act in a principal capacity in transactions with certain of their advisory clients. The temporary rule, and its attendant paperwork burdens, will expire and no longer be effective on December 31, 2009.

Temporary rule 206(3)-3T permits dually-registered advisers to satisfy the Advisers Act's principal trading restrictions by: (i) Providing written, prospective disclosure regarding the conflicts arising from principal trades; (ii) obtaining written, revocable consent from the client prospectively authorizing the adviser to enter into principal transactions; (iii) making oral or written disclosure and obtaining the client's consent before each principal transaction; (iv) sending to the client confirmation statements disclosing the capacity in which the adviser has acted; and (v) delivering to the client an annual report itemizing the principal transactions.

Providing the information required by rule 206(3)-3T is necessary for dually-registered advisers to obtain the benefit of the alternative means of complying with section 206(3) of the Advisers Act. Disclosures under the rule provide important investor protections when advisers engage in principal trades. Clients of advisers will primarily use the information to monitor principal trades in their accounts.

The Commission staff estimates that approximately 380 investment advisers make use of rule 206(3)-3T, and that on average an investment adviser spends approximately 1,301 hours annually in complying with the requirements of the rule. The Commission staff therefore estimates the total annual burden of the rule's paperwork requirements to be 494,440 hours.

Written comments are invited on: (a) Whether the collections of information are necessary for the proper performance of the functions of the Commission, including whether the information has practical utility; (b) the accuracy of the Commission's estimate of the burdens of the collections of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burdens of the collections of information on respondents,

including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

Please direct your written comments to R. Corey Booth, Director/Chief Information Officer, Securities and Exchange Commission, C/O Shirley Martinson 6432 General Green Way, Alexandria, Virginia 22312; or send an e-mail to: PRA_Mailbox@sec.gov.

Dated: November 5, 2007.

Deputy Secretary.

[Release No. 34-56736; File No. SR-MSRB-2007-04]

Self-Regulatory Organizations; Municipal Securities Rulemaking Board; Notice of Filing of Proposed Rule Change Relating to Amendments to Rule G-40 on E-Mail Contacts

November 2, 2007.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on October 16, 2007, the Municipal Securities Rulemaking Board ("MSRB") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been substantially prepared by the MSRB. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The MSRB is filing with the Commission a proposed rule change consisting of amendments to Rule G-40, on electronic mail contacts, that would more fully conform MSRB requirements to Financial Industry Regulatory Authority ("FINRA") requirements relating to contact information. The MSRB proposes that the amendments become effective on December 31, 2007 to coincide with the effective date of recently-approved FINRA requirements.³ The text of the proposed rule change is available on the MSRB's Web site (<http://www.msrb.org>), at the MSRB's principal office, and at the Commission's Public Reference Room.

³ Securities Exchange Act Release No. 56179 (August 1, 2007), 72 FR 44203 (August 7, 2007) (SR-NASD-2007-034).

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the MSRB included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The MSRB has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

In 2002, the MSRB adopted Rule G-40, on e-mail contacts, to establish a reliable method for electronic communication with brokers, dealers and municipal securities dealers (collectively, "dealers").⁴ The rule requires, among other things, that dealers use Form G-40 to appoint a "Primary Contact" for purposes of electronic communication between the dealer and the MSRB. The Primary Contact must be either a Series 53-registered municipal securities principal or a Series 51-registered municipal fund securities limited principal.⁵ Dealers are required to submit their original forms and any subsequent changes electronically through their electronic G-40 account using the appropriate user ID and password. The rule also requires that each dealer maintain an Internet electronic mail account to permit communication with the MSRB, and to review and, if necessary, update its Primary Contact information within 17 business days after the end of each calendar quarter.

⁴ In adopting the rule, the MSRB stated that the events of September 11, 2001 and the weeks that followed, emphasized the importance of, and need for an efficient and reliable means of official communication between regulators and the industry, and that establishing a reliable method for electronic communication was necessary to allow the MSRB to efficiently alert dealers to official communications, including time-sensitive developments, rule changes, notices, etc., as well as to facilitate dealers' internal distribution of such information. The MSRB also noted that it had discontinued publication of *MSRB Reports* in 2002 (since that time, all MSRB notices have been available exclusively on the MSRB Web site at <http://www.msrb.org>). The rule was approved in Securities Exchange Act Release No. 46043 (June 6, 2002), 67 FR 40762 (June 13, 2002) (SR-MSRB 2002-05).

⁵ Dealers may also appoint an "Optional Contact" and this person does not have to be a registered principal.
