

opening price could differ from the price of an executed P/A Order (either higher or lower). In that case, the ISE represents that it will ensure that the PMM provides the customer with the most advantageous price. Thus, the proposed rule change only can benefit customers by providing them with possible price improvement at the opening.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Act and the rules and regulations under the Act applicable to national securities exchanges and, in particular, the requirements of section 6(b) of the Act.⁸ Specifically, the Exchanges believe the proposed rule change is consistent with the requirements of section 6(b)(5) of the Act⁹ that the rules of an exchange be designed to prevent fraudulent and manipulative acts, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange believes that the proposed rule change would impose no burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has neither solicited nor received comments on this proposal.

IV. Commission's Findings and Order Granting Accelerated Approval of Proposed Rule Changes

After careful consideration, the Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder, applicable to national securities exchanges.¹⁰ In particular, the Commission finds that the proposal is consistent with the provisions of section 6(b)(5) of the Act¹¹ in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market

and a national market system, and, in general, to protect investors and the public interest. The Commission believes that allowing the Exchange to send P/A Orders to the Linkage prior to the opening should facilitate investors' intermarket access to superior prices.

The Commission finds good cause for approving the proposed rule change before the 30th day after the date of publication of notice of filing thereof in the **Federal Register**. Granting accelerated approval would facilitate the implementation of the proposed rule change in conjunction with the Join Amendment No. 23 to the Linkage Plan.¹² In addition, the Commission notes that the Exchange has committed to ensuring that, for Linkage P/A Orders sent prior to the opening, PMMs will provide customers with the most advantageous price in the event that the ISE opens its market while the Exchange is awaiting a response to such a P/A Order. Therefore, the Commission finds good cause, consistent with section 19(b)(2) of the Act,¹³ to approve the proposed rule change on an accelerated basis.

V. Conclusion

It is therefore ordered, pursuant to section 19(b)(2) of the Act¹⁴, that the proposed rule change (SR-ISE-2007-93) be, and it hereby is, approved on an accelerated basis.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹⁵

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing of Proposed Rule Change, as Modified by Amendment No. 1 Thereto, to Incorporate Certain Definitions of Exchange Act Rules 13d-1 and 13d-3 Into NYSE Rule 460

November 9, 2007.

("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on September 28, 2007, the New York Stock Exchange LLC ("NYSE" or "Exchange") filed with the Securities and Exchange Commission ("Commission" or "SEC") the proposed rule change as described in Items I, II, and III below, which Items have been substantially prepared by the Exchange. On October 29, 2007, the Exchange filed Amendment No. 1 to the proposed rule change. The Commission is publishing this notice to solicit comments on the proposed rule, as amended, change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is proposing to amend NYSE Rule 460 to reference Rules 13d-1(i) and (j), and 13d-3, under the Act for the purpose of determining whether a specialist is a beneficial owner of an equity security in which the specialist is registered, and to make non-substantive clarifying amendments to the rule. The text of the proposed rule change is available at NYSE, the Commission's Public Reference Room, and <http://www.nyse.com>.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the NYSE included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The NYSE has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The NYSE is proposing to add NYSE Rule 460.40 to incorporate the definitions of Rules 13d-1(i) and (j), and 13d-3, under the Act³ for the purpose of determining whether a specialist is a beneficial owner of more than ten percent of any security in which the specialist is registered under NYSE Rules 460.10 and 460.20.

NYSE Rule 460.10 precludes specialists from being the beneficial owner, either directly or indirectly, of more than ten percent of the outstanding shares of any equity security in which the specialist is registered. For purposes of determining whether this ten percent threshold has been met, the specialist's position is aggregated with those of the specialist's member organization, as well as other members, allied members, approved persons, officers, and employees of the specialist's member organizations.

The rule contains a number of exceptions, including that the ten percent ownership threshold does not apply to specialists if the security is a convertible or derivative security, American Depository Receipt, Global Depository Receipt, or similar instrument so long as the conversion of such instrument would not result in a position in the common stock of such security that exceeds that ten percent threshold.

Similarly, specialists in Exchange Traded Funds and other investment company units or Trust Issued Receipts can own such securities so long as the redemption of such securities would not result in a position in any equity security in which such specialist is also registered that exceeds the ten percent threshold.

To ensure consistency with federal laws and regulations, the Exchange proposes adding NYSE Rule 460.40 to incorporate the definition under the Act for determining beneficial ownership of securities. Rule 13d-3 under the Act defines a beneficial owner as any person who directly or indirectly has either voting power over a security or investment power, including the power to dispose, or to direct the disposition of a security. The rule further provides that all securities in the same class, regardless of the form that such beneficial ownership takes, shall be aggregated for purposes of calculating the number of shares beneficially owned by such person. Rule 13d-3 also defines how various financial instruments, including options, warrants, convertible securities, and trusts should be treated for purposes of determining beneficial ownership.

Rule 13d-1(i) under the Act provides that for purposes of section 13(d) of the Act,⁴ including Rule 13d-3 thereunder, the term "equity security" refers to those securities that are registered pursuant to section 12 of the Act.⁵ In addition, Rule 13d-1(j) under the Act provides that for purposes of

determining the number of outstanding shares for any security, firms can rely on an issuer's most recent quarterly or annual report, or any more current report, that has been filed with the Commission.

NYSE Regulation staff also proposes making technical amendments to both NYSE Rule 460.10 and 460.20 to clarify the text of those rules. These proposed revisions would not effect any substantive changes to the rule and are intended to make the rule easier to implement and enforce.

2. Statutory Basis

The Exchange believes that the basis under the Act for this proposed rule change is the requirement under section 6(b)(5)⁶ of the Act that an exchange have rules that are designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the NYSE consents, the Commission will:

(A) By order approve such proposed rule change, or

(B) Institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-56775; File No. SR-Phlx-2007-83]

Self-Regulatory Organizations; Philadelphia Stock Exchange, Inc.; Notice of Filing of a Proposed Rule Change Relating to Amending By-Law Article X, Section 10-11

November 9, 2007.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on October 29, 2007, the Philadelphia Stock Exchange, Inc. ("Phlx" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been substantially prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Phlx proposes to expand the type of business that certain members of the Exchange's Business Conduct Committee ("Committee") must conduct in order to qualify as a Committee member. The text of the proposed rule change is available at the Exchange, the Commission's Public Reference Room, and <http://www.Phlx.com/exchange/phlx-rule-fil.html>.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change, and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange states that the purpose of the proposed rule change is to allow

a greater pool of Phlx members with varying backgrounds and industry experience to serve on the Committee. Exchange By-Law X, section 10-11(h) currently requires nine members to comprise the Committee; one member of the Committee must principally carry out its business on XLE, and one member must principally carry out its business on the equity options floor. Phlx believes that expanding the qualifications for these two Committee members, as set forth in this proposed rule change, should allow a greater pool of Exchange members to be eligible to serve on the Committee.

The Committee has exclusive jurisdiction to monitor compliance with the Act, the rules and regulations thereunder and the by-laws and rules of the Exchange as well as to authorize the initiation of any disciplinary actions or proceedings, among other things. Phlx believes that qualifying additional members for service on the Committee should permit a greater pool of members to serve and thereby bring their experience to the Committee process.

2. Statutory Basis

The Exchange believes that its proposal is consistent with section 6(b) of the Act³ in general, and furthers the objectives of section 6(b)(5) of the Act⁴ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest. In addition, the Exchange believes that the proposed rule change also furthers the objectives of section 6(b)(3) under the Act⁵ in that the Committee's composition continues to reflect a "fair representation" of the Exchange's members in the administration of its affairs.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.
