

car tank) containing a hazardous material in container-on-flat-car or trailer-on-flat-car service other than as authorized by § 174.63. FRA uses this information to ensure that the bulk package is properly secured using an adequate restraint system during transportation. Also an FRA approval is required for the movement of any tank car that does not conform to the applicable requirements in the HMR. These latter movements are currently being reported under the information collection for exemption applications.

(4) *Manufacturer Reports and Certificate of Construction:* These documents are prepared by tank car manufacturers and used by owners, users and FRA personnel to verify that rail tank cars conform to the applicable specification.

(5) *Quality Assurance Program:* Facilities that build, repair, and ensure the structural integrity of tank cars are required to develop and implement a quality assurance program. This information is used by the facility and DOT compliance personnel to ensure that each tank car is constructed or repaired in accordance with the applicable requirements.

(6) *Inspection Reports:* A written report must be prepared and retained for each tank car that is inspected and tested in accordance with § 180.509 of the HMR. Rail carriers, users, and the FRA use this information to ensure that rail tank cars are properly maintained and in safe condition for transporting hazardous materials.

Affected Public: Manufacturers, owners and rail carriers of tank cars.

Recordkeeping:

Number of Respondents: 266.

Total Annual Responses: 16,782.

Total Annual Burden Hours: 2,689.

Frequency of collection: Annually.

Title: Inspection and Testing of Meter Provers.

OMB Control Number: 2137-0620.

Summary: This information collection and recordkeeping burden is the result of efforts to eliminate exemptions that are no longer needed and incorporate the use, inspection, and maintenance of mechanical displacement meter provers (meter provers) used to check the accurate flow of liquid hazardous materials into bulk packagings, such as portable tanks and cargo tank motor vehicles, under the HMR. These meter provers are used to ensure that the proper amount of liquid hazardous materials is being loaded and unloaded involving bulk packagings, such as cargo tanks and portable tanks. These meter provers consist of a gauge and several pipes that always contain small

amounts of the liquid hazardous material in the pipes as residual material, and, therefore, must be inspected and maintained in accordance with the HMR to ensure they are in proper calibration and working order. These meter provers are not subject to the specification testing and inspection requirements in part 178. However, these meter provers must be visually inspected annually and hydrostatic pressure tested every five years in order to ensure they are properly working as specified in § 173.5a of the FHRM. Therefore, this information collection requires that:

(1) Each meter prover must undergo and pass an external visual inspection annually to ensure that the meter provers used in the flow of liquid hazardous materials into bulk packagings are accurate and in conformance with the performance standards in the HMR.

(2) Each meter prover must undergo and pass a hydrostatic pressure test at least every five years to ensure that the meter provers used in the flow of liquid hazardous materials into bulk packagings are accurate and in conformance with the performance standards in the HMR.

(3) Each meter prover must successfully complete the test and inspection and must be marked in accordance with § 180.415(b) and in accordance with § 173.5a.

(4) Each owner must retain a record of the most recent visual inspection and pressure test until the meter prover is requalified.

Affected Public: Owners of meter provers used to measure liquid hazardous materials flow into bulk packagings such as cargo tanks and portable tanks.

Recordkeeping:

Number of Respondents: 50.

Total Annual Responses: 250.

Total Annual Burden Hours: 175.

Frequency of collection: On occasion.

Title: Requirements for United Nations (UN) Cylinders.

OMB Control Number: 2137-0621.

Summary: This information collection and recordkeeping burden is the result of efforts to amend the HMR to adopt standards for the design, construction, maintenance and use of cylinders and multiple-element gas containers (MEGCs) based on the standards contained in the United Nations (UN) Recommendations on the Transport of Dangerous Goods. Aligning the HMR with the UN Recommendations promotes flexibility, permits the use of technological advances for the manufacture of the pressure receptacles,

provides for a broader selection of pressure receptacles, reduces the need for exemptions, and facilitates international commerce in the transportation of compressed gases. Information collection requirements address domestic and international manufacturers of cylinders that request approval by the approval agency for cylinder design types. The approval process for each cylinder design type includes review, filing, and recordkeeping of the approval application. The approval agency is required to maintain a set of the approved drawings and calculations for each design it reviews and a copy of each initial design type approval certificate approved by the Associate Administrator for not less than 20 years.

Affected Public: Fillers, owners, users, and retesters of UN cylinders.

Recordkeeping:

Number of Respondents: 50.

Total Annual Responses: 150.

Total Annual Burden Hours: 900.

Frequency of collection: On occasion.

Issued in Washington, DC, on November 26, 2007.

Edward T. Mazzullo,

Director, Office of Hazardous Materials Standards.

DEPARTMENT OF TRANSPORTATION

Surface Transportation Board

[STB Finance Docket No. 35101]

Chicago Terminal Railroad—Lease and Operation Exemption—Soo Line Railroad Company d/b/a Canadian Pacific Railway

Chicago Terminal Railroad (CTR), a Class III rail carrier, has filed a verified notice of exemption under 49 CFR 1150.41 to lease from the Soo Line Railroad Company d/b/a Canadian Pacific Railway (CPR) and to operate approximately 3.47 miles of track within the Bensenville Industrial Park, originating at and connecting to a switch at milepost B-2 along CPR's line of rail in Bensenville, IL.¹ Iowa Pacific Holdings, LLC owns CTR through its wholly owned subsidiary Permian Basin Railways, Inc.²

¹ CTR states that it expects to execute an agreement shortly with CPR for the lease and operation of the rail property.

² See *Iowa Pacific Holdings, LLC and Permian Basin Railways, Inc.—Continuance in Control Exemption—Chicago Terminal Railroad*, STB Finance Docket No. 34967 (STB served Dec. 22, 2006).

CTR certifies that its projected annual revenues as a result of the transaction will not result in the creation of a Class II or Class I rail carrier and will not exceed \$5 million.

The transaction is expected to be consummated on or after December 16, 2007, the effective date of the exemption (30 days after the exemption was filed).

If the verified notice contains false or misleading information, the exemption is void *ab initio*. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions for stay must be filed no later than December 7, 2007 (at least 7 days before the exemption becomes effective).

An original and 10 copies of all pleadings, referring to STB Finance Docket No. 35101, must be filed with the Surface Transportation Board, 395 E Street, SW., Washington, DC 20423-0001. In addition, a copy of each pleading must be served on John D. Heffner, 1750 K Street NW., Suite 350, Washington, DC 20006.

Board decisions and notices are available on our Web site at <http://www.stb.dot.gov>.

Decided: November 20, 2007.

By the Board, David M. Konschnik,
Director, Office of Proceedings.

Vernon A. Williams,
Secretary.

BILLING CODE 4915-01-P

DEPARTMENT OF THE TREASURY

Office of Thrift Supervision

Proposed Agency Information Collection Activities; Comment Request—Interagency Charter and Federal Deposit Insurance Application

AGENCY: Office of Thrift Supervision (OTS), Treasury.

ACTION: Notice and request for comment.

SUMMARY: The Department of the Treasury, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to comment on proposed and continuing information collections, as required by the Paperwork Reduction Act of 1995, 44 U.S.C. 3507. The Office of Thrift Supervision within the Department of the Treasury will submit the proposed information collection requirement described below to the Office of Management and Budget (OMB) for review, as required by the Paperwork

Reduction Act. Today, OTS is soliciting public comments on its proposal to extend this information collection.

DATES: Submit written comments on or before January 29, 2008.

ADDRESSES: Send comments, referring to the collection by title of the proposal or by OMB approval number, to Information Collection Comments, Chief Counsel's Office, Office of Thrift Supervision, 1700 G Street, NW., Washington, DC 20552; send a facsimile transmission to (202) 906-6518; or send an e-mail to infocollection.comments@ots.treas.gov. OTS will post comments and the related index on the OTS Internet Site at <http://www.ots.treas.gov>. In addition, interested persons may inspect comments at the Public Reading Room, 1700 G Street, and NW., by appointment. To make an appointment, call (202) 906-5922, send an e-mail to public.info@ots.treas.gov, or send a facsimile transmission to (202) 906-7755.

FOR FURTHER INFORMATION CONTACT: You can request additional information about this proposed information collection from Patricia D. Goings, (202) 906-5668, Office of Thrift Supervision, 1700 G Street, NW., Washington, DC 20552.

SUPPLEMENTARY INFORMATION: OTS may not conduct or sponsor an information collection, and respondents are not required to respond to an information collection, unless the information collection displays a currently valid OMB control number. As part of the approval process, we invite comments on the following information collection.

Comments should address one or more of the following points:

- Whether the proposed collection of information is necessary for the proper performance of the functions of OTS;
- The accuracy of OTS's estimate of the burden of the proposed information collection;
- Ways to enhance the quality, utility, and clarity of the information to be collected;
- Ways to minimize the burden of the information collection on respondents, including through the use of information technology.

We will summarize the comments that we receive and include them in the OTS request for OMB approval. All comments will become a matter of public record. In this notice, OTS is soliciting comments concerning the following information collection.

Title of Proposal: Community Reinvestment Act.

OMB Number: 1550-0005.

Form Number: 138 and 1623.

Regulation requirement: 12 CFR Parts 516, 543 and 552.

Description: Organizers of a Federal savings association must file an Interagency Charter and Federal Deposit Insurance Application for permission to organize with the Office of Thrift Supervision (OTS). The submission is required to establish a Federal savings association or a Federal savings bank, and the issuance of a Federal charter.

OTS analyzes each information collection to determine whether to approve the proposed application for a Federal charter.

Type of Review: Extension of a currently approved collection.

Affected Public: Businesses or other for-profit; individuals.

Estimated Number of Respondents: 20.

Estimated Number of Responses: 20.

Estimated Frequency of Response: On occasion.

Estimated Time per Response: 125 hours.

Estimated Total Burden: 2,500 hours.

Clearance Officer: Ira L. Mills, (202) 906-6531, Office of Thrift Supervision, 1700 G Street, NW., Washington, DC 20552.

Dated: November 23, 2007.

Deborah Dakin,

Senior Deputy Chief Counsel, Regulations and Legislation Division.
