

need not respond to requests involving information not covered by the information quality guidelines.

.06 The Commission will respond to all Petitions for Correction within sixty (60) calendar days of the receipt of the request by the DCIO, unless there is a reasonable basis for an extension. The requester will be told of the right to appeal the decision.

.07 Appeal

(a) If the requester is not satisfied with the Commission's decision on the request, he/she may appeal to the Commission's CIO within thirty (30) calendar days of the receipt of the Commission's decision. This administrative appeal must include a copy of the initial request, a copy of the Commission's decision, and a written narrative explaining why the requester believes the Commission's decision was inadequate, incomplete, or in error.

(b) This appeal will be sent to the Commission's CIO at the following address: The Chief Information Officer, Staff Director's Office, RE: Information Quality Appeal, Room 700, 624 Ninth Street, NW., Washington, DC 20425.

(c) All appeals will be impartially reviewed by parties other than those who prepared the Commission's decision. The Commission will respond to all appeals within sixty (60) calendar days of the CIO's receipt of the appeal.

(d) If the appropriate Commission official, whether at the initial or appeal stage, decides that the requester is correct and the information should be corrected, he/she will notify the Staff Director who will instruct the official to take appropriate corrective actions. Appropriate corrective actions may take a number of forms, including (but not limited to): Errata pages, personal contacts via letter or telephone, form letters, press releases or postings on the Commission's Web site. Corrective measures, where appropriate, should be designed to provide reasonable notice to affected persons of such correction. The Commission will also post information quality correction requests to its Web site. The specific information will include a copy of each correction request, the Commission's formal response(s), and any communications regarding appeals.

Brake Rotors from the People's Republic of China: Extension of Time Limit for the Final Results of the Expedited Sunset Review of the Antidumping Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: December 5, 2007.

FOR FURTHER INFORMATION CONTACT: Frances Veith, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-4295.

SUPPLEMENTARY INFORMATION:

Background

On July 2, 2007, the Department of Commerce ("the Department") initiated a sunset review of the antidumping duty order on brake rotors from the People's Republic of China ("PRC") pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act"). See *Initiation of Five-Year ("Sunset") Reviews*, 72 FR 35968 (July 2, 2007) ("*Initiation Notice*"). Based on an adequate response from the domestic interested party and an inadequate response from the respondent interested party, the Department is conducting an expedited sunset review to determine whether revocation of the antidumping order would lead to the continuation or recurrence of dumping, pursuant to section 751(c)(3)(B) of the Act and section 351.218(e)(1)(ii)(C)(2) of the Department's regulations. See Memorandum to the International Trade Commission regarding, "Expedited Sunset Review of the AD/CVD Order Initiated in July 2007," dated August 21, 2007. On November 5, 2007, the Department published a notice extending the time limit for the completion of the final results of this review by 30 days until November 29, 2007. See *Brake Rotors from the People's Republic of China: Extension of Final Results of the Expedited Sunset Review of Antidumping Duty Order*, 72 FR 62430 (November 5, 2007).

Extension of Time Limits for Final Results

In accordance with section 751(c)(5)(B) of the Act, the Department may extend the 120-day time period for making its determination by not more than 90 days, if it determines that a

review is extraordinarily complicated. As set forth in section 751(c)(5)(C)(i) of the Act, the Department may treat a sunset review as extraordinarily complicated if there are a large number of issues, as is the case in this proceeding. In particular, this sunset review involves complicated issues pertaining to adequacy of responses, related party status, and interested party status. Therefore, the Department has determined, pursuant to section 751(c)(5)(C)(i) of the Act, that the second sunset review of brake rotors from the PRC is extraordinarily complicated, as the Department must consider numerous arguments presented in the domestic interested party's and the U.S. importer's August 1, 2007, substantive response and each parties' August 6, 2007, rebuttals to the substantive responses. Based on the timing of the case, the final results of this expedited sunset review cannot be completed within the statutory time limit of 120 days. Accordingly, the Department is extending the time limit for the completion of the final results by an additional 32 days, from the November 29, 2007, extended deadline, to no later than December 31, 2007, in accordance with section 751(c)(5)(B) of the Act.

This notice is published pursuant to sections 751(a)(2)(B)(iv) and 777(i)(1) of the Act.

Dated: November 29, 2007.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.

Notice of Amended Final Results in Accordance With Court Decision: Helical Spring Lock Washers from the People's Republic of China

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: December 5, 2007.

SUMMARY: On July 16, 2007, the Court of Appeals for the Federal Circuit ("CAFC") affirmed the decision of the U.S. Court of International Trade ("CIT") to sustain the Department of Commerce's ("the Department") remand redetermination in the tenth administrative review of the antidumping duty order on helical spring lock washers from the People's

Republic of China ("PRC"), for the period October 1, 2002, through September 30, 2003. In its redetermination, the Department assigned Hangzhou Spring Washer Co., Ltd. (also known as Zhejiang Wanxin Grp (ZWG)) ("HSW") a dumping margin of 19.48 percent, rather than the 0.00 percent calculated in the final results of the 2002–2003 antidumping duty administrative review of helical spring lock washers from the PRC. As there is now a final and conclusive court decision in this case, the Department is amending the final results of the 2002–2003 antidumping duty administrative review of helical spring lock washers from the PRC. FOR FURTHER INFORMATION CONTACT: Marin Weaver or Charles Riggle, AD/CVD Operations, Office 8, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482–2336 or (202) 482–0650, respectively.

SUPPLEMENTARY INFORMATION:

Background

On May 17, 2005, the Department published its final results of antidumping duty administrative review. See *Certain Helical Spring Lock Washers from the People's Republic of China: Final Results of Antidumping Duty Administrative Review*, 70 FR 28274 (May 17, 2005) ("Final Results"), and accompanying Issues and Decisions Memorandum for the administrative review covering October 1, 2002, through September 30, 2003. In its *Final Results*, the Department calculated an individual rate for the sole respondent, HSW. The petitioner in this case, Shakeproof Assembly Components Division of Illinois Tool Works Inc. ("Shakeproof"), filed a court challenge (Court No. 05–00404) to the Department's *Final Results*. In the CIT proceeding, the Department moved for a voluntary remand, which the court granted. In the remand redetermination, Commerce revisited the methodology employed in the valuation of zinc plating services and determined to rely solely on the value submitted by petitioner, Shakeproof. This resulted in a recalculation of HSW's dumping margin to 19.48 percent. See *Final Results of Redetermination Pursuant to United States Court of International Trade Remand Order Shakeproof Assembly Components Division of Illinois Tool Works, Inc., Plaintiff, v. United States, Defendant, and Hangzhou Spring Washer Co., Ltd., Defendant - Intervenor* (June 2, 2006).

On August 25, 2006, the CIT sustained the final remand redetermination made by the Department. See *Shakeproof Assembly v. United States*, Slip Op. 2006–129, 2006 Ct. Intl. Trade LEXIS 132 (CIT Aug. 25, 2006).

On October 23, 2006, HSW appealed the CIT's decision. Consistent with the Federal Circuit's decision in *Timken Company v. United States*, 893 F.2d 337, 341 (Fed. Cir. 1990), on November 30, 2006, the Department published a "Notice of Court Decision Not in Harmony with *Final Results of Administrative Review*," which continued suspension of liquidation of the subject merchandise until there was a "final and conclusive" decision in this case (71 FR 69204). On July 16, 2007, the CAFC issued a judgment (without an opinion) affirming the CIT's decision upholding Commerce's remand redetermination. The CAFC's final judgment was not in harmony with the Department's *Final Results*. Appeals of this decision were due by October 15, 2007, and HSW did not file an appeal of the CAFC's decision.

Amended Final Results

As the litigation in this case has concluded, the Department is amending the *Final Results*. The revised dumping margin in the amended final results is as follows:

Exporter	Margin
Hangzhou Spring Washer Co., Ltd. (also known as Zhejiang Wanxin Grp (ZWG))	19.48 percent

The Department intends to issue appropriate assessment instructions to U.S. Customs and Border Protection 15 days after publication of this notice, and cash deposit instructions to revise the cash deposit rate for the company listed above, effective as of the publication date of this notice.

This notice is published in accordance with sections 735(d) and 777(i) of the Tariff Act of 1930, as amended.

Dated: November 23, 2007.

Stephen J. Claeys,

Acting Assistant Secretary for Import Administration.

Sodium Nitrite from the Federal Republic of Germany and the People's Republic of China: Initiation of Antidumping Duty Investigations

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: December 5, 2007.

FOR FURTHER INFORMATION CONTACT:

Brian Smith (Federal Republic of Germany) or Magd Zalok (People's Republic of China), AD/CVD Operations, Offices 2 and 4, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482–1766 or (202) 482–4162, respectively.

SUPPLEMENTARY INFORMATION:

The Petitions

On November 8, 2007, the Department of Commerce (the Department) received petitions concerning imports of sodium nitrite from the Federal Republic of Germany (Germany) (German petition) and the People's Republic of China (PRC) (PRC petition) filed in proper form by General Chemical LLC (petitioner). See the Petitions on Sodium Nitrite from the Federal Republic of Germany and the People's Republic of China submitted on November 8, 2007. On November 14, 2007, the Department issued a request for additional information and clarification of certain areas of the petitions. Based on the Department's requests, the petitioner filed additional information on November 19, 2007 (three distinct submissions on General, Germany-only and PRC-only material). The period of investigation (POI) for Germany is October 1, 2006, through September 30, 2007. The POI for the PRC is April 1, 2007, through September 30, 2007. See 19 CFR 351.204(b)(i).

In accordance with section 732(b) of the Tariff Act of 1930, as amended (the Act), the petitioner alleges that imports of sodium nitrite from Germany and the PRC are being, or are likely to be, sold in the United States at less than fair value, within the meaning of section 731 of the Act, and that such imports are materially injuring, or threatening material injury to, an industry in the United States.

The Department finds that the petitioner filed these petitions on behalf of the domestic industry because the
