

individual understanding of the requester or a narrow segment of interested persons. A requester's expertise in the subject area and ability and intention to effectively convey information to the public shall be considered. The CIA may presume that requesters subject to search fees under these regulations do not have the ability to effectively convey information to the public.

(D) *Significance of the contribution to public understanding.* The disclosure must contribute "significantly" to public understanding of Government operations or activities. The public's understanding of the subject matter in question, as compared to the level of public understanding existing before the disclosure, must be enhanced by the disclosure to a significant extent.

(ii) In order to determine whether the second public interest fee waiver requirement is met (i.e., that the disclosure of the information "is not primarily in the commercial interest of the requester"), the Agency will consider the following three factors, in sequence:

(A) *Existence of commercial interest.* A "commercial interest" is one that furthers a commercial, trade, or profit interest. The Agency will consider any commercial interest of the requester or any person upon whose behalf the requester may be acting that would be furthered by the disclosure. Agency personnel may consider the requester's identity and the circumstances surrounding the request and draw reasonable inferences regarding the existence of a commercial interest.

(B) *Effects of disclosure on the commercial interest.* If the requester has a commercial interest, the CIA will determine whether and to what extent disclosure of the requested information would further that interest.

(C) *Primary interest in disclosure.* The Agency will determine whether the public interest in disclosure asserted by the requester is greater in magnitude than the requester's commercial interest.

(5) If the Agency denies a request for a public interest fee waiver, it shall provide the requester with written notice of his or her administrative appeal rights. Requesters shall have the right to file an administrative appeal of the denial of a request for a public interest fee waiver provided the appeal is submitted in writing and is received by the Agency within forty-five calendar days of the date of the denial decision.

(6) The Chair of the Agency Release Panel shall adjudicate all appeals of denials of requests for public interest fee waivers.

#### § 1900.23 [Amended]

7. Revise the heading of § 1900.23, to read "§ 1900.23 Notification of Decision and Right of Appeal."

8. In § 1900.23, remove and reserve paragraph (a).

9. Amend § 1900.42 by revising paragraph (a) to read as follows:

#### § 1900.42 Right of appeal and appeal procedures.

(a) *Right of Appeal.* A right of administrative appeal exists whenever access to any requested record or any portion thereof is denied or no records are located in response to a request. The Agency will apprise all requesters in writing of their right to appeal such decisions to the CIA Agency Release Panel through the Coordinator. Appeals of denials of requests for fee waivers shall be governed by 32 CFR 1900.20.

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** EPA proposes to approve the State Implementation Plan (SIP) revision submitted by the Commonwealth of Virginia. The revision consists of the addition of counties in the Northern Virginia which were designated as nonattainment for the PM<sub>2.5</sub> National Ambient Air Quality Standards (NAAQS). A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this action, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in

a subsequent final rule based on this proposed rule. EPA will not institute a second comment period. Any parties interested in commenting on this action should do so at this time.

**DATES:** Comments must be received in writing by February 7, 2007.

**ADDRESSES:** Submit your comments, identified by Docket ID Number EPA-R03-OAR-2006-0648 by one of the following methods:

**DATES:** Any comments on this proposal must arrive by February 7, 2007.

3. Mail or deliver: Andrew Steckel (Air-4), U.S. Environmental Protection Agency Region IX, 75 Hawthorne Street, San Francisco, CA 94105-3901.

**Instructions:** All comments will be included in the public docket without change and may be made available online at <http://www.regulations.gov>, including any personal information provided, unless the comment includes Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. **FOR FURTHER INFORMATION CONTACT:** Cynthia G. Allen, EPA Region IX, (415) 947-4120, [allen.cynthia@epa.gov](mailto:allen.cynthia@epa.gov).

**SUPPLEMENTARY INFORMATION:** This proposal addresses the following local rules: SCAQMD 102, "Definitions of Terms" and VCAPCD 74.17, "Solid Waste Disposal Sites." In the Rules and Regulations section of this **Federal Register**, we are approving SCAQMD 102 and rescinding VCAPCD 74.17 in a

direct final action without prior proposal because we believe this SIP revision is not controversial. If we receive adverse comments, however, we will publish a timely withdrawal of the direct final rule and address the comments in subsequent action based on this proposed rule. Please note that if we receive adverse comment on an amendment, paragraph, or section of this rule and if that provision may be severed from the remainder of the rule, we may adopt as final those provisions of the rule that are not the subject of an adverse comment.

We do not plan to open a second comment period, so anyone interested in commenting should do so at this time. If we do not receive adverse comments, no further activity is planned. For further information, please see the direct final action.
