SUPPLEMENTARY INFORMATION:

Title: Environmental Streamlining: Measuring the Performance of Stakeholders in the Transportation Project Development Process II.

Background: The U.S. Department of Transportation (DOT), FHWA, has contracted with the Gallup Organization to conduct a survey of professionals associated with transportation and resource agencies in order to gather their views about the workings of the environmental review process for transportation projects and how the process can become more efficient. The purpose of the survey is to: (1) Collect the responses of agency professionals to questions about their involvement in conducting the decision-making processes mandated by the National Environmental Policy Act (NEPA) and other resource protection laws in order to develop benchmark performance measures; and (2) identify where the performance of the process might be improved by the application of techniques for streamlining. This is a survey conducted of only local, state, and federal officials who work with the NEPA process.

Respondents: Approximately 2,000 professionals/officials from transportation and natural resource agencies.

Frequency: This is the third time this survey has been conducted over a period of seven years.

Estimated Total Annual Burden Hours: The FHWA estimates that each respondent will complete the survey in approximately 15 minutes. Respondents

will have the option of answering the survey's questions either over the telephone or online. With a potential total of 2,000 survey respondents, an estimated 500 burden hours are expected for this project.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the FHWA's performance; (2) the accuracy of the estimated burden; (3) ways for the FHWA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized, including the use of electronic technology, without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

Privacy Act: Anyone is able to search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review DOT's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (Volume 65, Number 70; Pages 19477-78), or you may visit <http://dms.dot.gov>.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended; and 49 CFR 1.48.

Issued On: March 21, 2008.

[U.S. DOT Docket Number NHTSA-2008-0006]

Reports, Forms and Recordkeeping Requirements

AGENCY: National Highway Traffic Safety Administration, U.S. Department of Transportation.

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), this notice announces that the Information Collection Request (ICR) abstracted below has been forwarded to the Office

of Management and Budget (OMB) for review and comment. The ICR describes the nature of the information collections and their expected burden. The **Federal Register** Notice with a 60-day comment period was published on January 22, 2008 (73 FR 3798).

DATES: Comments must be submitted to OMB on or before April 28, 2008.

National Highway Traffic Safety Administration

Title: Names and Address of First Purchasers of Motor Vehicles.

OMB Number: 2127-0044.

Type of Request: Revision of a currently approved information collection.

Affected Public: Businesses or others for profit.

Abstract: Pursuant to 49 U.S.C. 30117(b) a manufacturer of a motor vehicle or tire must maintain a record of the name and address of the first purchasers of each vehicle or tire it produces and, to the extent prescribed by regulation of the Secretary, must maintain a record of the name and address of the first purchaser of replacement equipment (except a tire) that the manufacturer produces.

Vehicle manufacturers currently collect and maintain purchaser information for business reasons, such as warranty claims processing and marketing, and experience with this statutory requirement has shown that manufacturers have retained this information in a sufficient manner to enable them to expeditiously notify vehicle purchasers in the case of a safety recall.

Estimated Annual Burden: Zero. As a practical matter, vehicle manufacturers are presently collecting from their dealers and then maintaining first purchaser information for their own commercial reasons. Therefore, the statutory requirement does not impose any additional burden.

Number of Respondents: 1,000.

Comments are invited on: whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will
