

public. Although the NIH will provide safeguards to prevent the release of identifying information, there is no guarantee of confidentiality.

Attendance and Registration: An informational public meeting will be held on September 11–12, 2008, at the National Institute of Environmental Health Sciences, 111 T.W. Alexander Drive, Research Triangle Park, NC 27709. Attendance at the meeting is limited only by the available space. The purpose of this meeting is for interested parties to provide the Government information about assays, molecular targets, and cellular pathways through brief presentations and a question and answer session.

Parties interested in making a presentation at the meeting must register on the meeting Web site: (<http://ntp.niehs.nih.gov/go/32908>). Attendees not making presentations are also encouraged to register at the Web site for planning purposes. The Government anticipates that registered presenters will be allotted 20 minutes each for presentations (limit of one speaker per organization); however, the Government retains the right to limit the number of presentations and/or limit the allotted time for presentations based upon the number of registered presenters. Presenters will be notified about the scheduled order of presentations and the list of presenters will be posted on the meeting Web site at least one week prior to the meeting. It is anticipated that the meeting will include time for questions and information exchange. The slides from the presentations may appear in internal reports or be made public. Further information will be made available on the meeting Web site. Persons needing interpreting services in order to attend should contact 301–402–8180 (voice) or 301–435–1908 (TTY). For other special accommodations while on NIEHS campus, contact 919–541–2475 or e-mail niehsosoo@niehs.nih.gov.

DATES: The informational public meeting will be held on September 11–12, 2008. Registration deadline for presenters is August 11, 2008. The number of registered presenters will be limited to approximately 25. The date for submission of the 1-page description of the presentation is also August 11 (see “Responses to RFI”). Non-presenters may register online through September 9, 2008, or until capacity is reached.

Contact Information: Questions regarding RFI submissions should be directed to Jennifer Smith, Contract Specialist, at 919–541–0424 or e-mail smithj3@niehs.nih.gov. Questions and answers will be posted on the NTP Web

site <http://ntp.niehs.nih.gov/go/32908> as a resource to all prospective participants (any identifying information will be removed before posting). Questions regarding meeting registration and agenda should be directed to Kristine Witt, 919–541–2761 or e-mail witt@niehs.nih.gov.

Background

The National Toxicology Program (NTP) in facilitating the “Roadmap for the 21st Century” (available at <http://ntp.niehs.nih.gov/go/vision>) is interested in identifying or developing rapid, mechanism-based predictive screening assays for use in toxicity determinations. Through its High Throughput Screening (HTS) Initiative (<http://ntp.niehs.nih.gov/go/hts>), the NTP is collaborating with the U.S. Environmental Protection Agency (EPA) ToxCast Program (<http://epa.gov/ncct/toxcast/>) and the National Human Genome Research Institute’s NIH Chemical Genomics Center (NCGC) (<http://www.ncgc.nih.gov/index.html>) to investigate the application of HTS approaches for defining toxicity profiles of environmental compounds to use in hazard identification and risk assessment.

[Docket Nos. TSA–2006–24191; USCG–2006–24196]

Transportation Worker Identification Credential (TWIC) Implementation in the Maritime Sector; Hazardous Materials Endorsement for a Commercial Driver’s License

AGENCY: United States Coast Guard; DHS.

ACTION: Notice of compliance date, Captain of the Port Zones Buffalo,

Duluth, Detroit, Lake Michigan, and Sault Ste. Marie.

SUMMARY: This Notice informs owners and operators of facilities located within Captain of the Port Zones Buffalo, Duluth, Detroit, Lake Michigan, and Sault Ste. Marie that they must implement access control procedures utilizing TWIC no later than October 31, 2008.

DATES: This Notice is effective July 9, 2008.

ADDRESSES: Comments and material received from the public, as well as documents mentioned in this notice as being available in the docket, are part of dockets TSA-2006-24191 and USCG-2006-24196, and are available for inspection or copying at the Docket Management Facility, U.S. Department of Transportation, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue, SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. You may also find this docket on the Internet at <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT: If you have questions on this Notice, call LCDR Jonathan Maiorine, telephone 1-877-687-2243. If you have questions on viewing the docket, call Renee V. Wright, Program Manager, Docket Operations, telephone 202-493-0402.

SUPPLEMENTARY INFORMATION:

I. Regulatory History

On May 22, 2006, the Department of Homeland Security (DHS) through the United States Coast Guard (Coast Guard) and the Transportation Security Administration (TSA) published a joint notice of proposed rulemaking entitled "Transportation Worker Identification Credential (TWIC) Implementation in the Maritime Sector; Hazardous Materials Endorsement for a Commercial Driver's License" in the *Federal Register* (71 FR 29396). This was followed by a 45-day comment period and four public meetings. The Coast Guard and TSA issued a joint final rule, under the same title, on January 25, 2007 (72 FR 3492) (hereinafter referred to as the original TWIC final rule). The preamble to that final rule contains a discussion of all the comments received on the NPRM, as well as a discussion of the provisions found in the original TWIC final rule, which became effective on March 26, 2007.

On May 7, 2008, the Coast Guard and TSA issued a final rule to realign the compliance date for implementation of the Transportation Worker

Identification Credential. 73 FR 25562. The date by which mariners need to obtain a TWIC, and by which owners and operators of vessels, facilities, and outer continental shelf facilities, who have not otherwise been required to implement access control procedures utilizing TWIC, must implement those procedures, is now April 15, 2009 instead of September 25, 2008. Owners and operators of facilities that must comply with 33 CFR part 105 will still be subject to earlier, rolling compliance dates, as laid out in 33 CFR 105.115(e). On the same day, the Coast Guard announced the first of the rolling compliance dates and owners and operators of facilities located within Captain of the Port (COTP) Zones Boston, Northern New England, and Southeastern New England were informed that they must implement access control procedures utilizing TWIC no later than October 15, 2008. 73 FR 25757.

The Coast Guard will continue to announce rolling compliance dates, as laid out in 33 CFR 105.115(e), at least 90 days in advance via notices published in the *Federal Register*. The final compliance date for all COTP Zones will not be later than April 15, 2009.

II. Notice of Facility Compliance Date—COTP Zones Buffalo, Duluth, Detroit, Lake Michigan, and Sault Ste. Marie

Title 33 CFR 105.115(e) currently states that "[f]acility owners and operators must be operating in accordance with the TWIC provisions in this part by the date set by the Coast Guard in a Notice to be published in the *Federal Register*." Through this Notice, the Coast Guard informs the owners and operators of facilities subject to 33 CFR 105.115(e) located within COTP Zones Buffalo, Duluth, Detroit, Lake Michigan, and Sault Ste. Marie that the deadline for their compliance with Coast Guard and TSA TWIC requirements is October 31, 2008.

The TSA and Coast Guard have determined that this date provides sufficient time for the estimated population required to obtain TWICs for these COTP Zones to enroll and for TSA to complete the necessary security threat assessments for those enrollment applications. We strongly encourage persons requiring unescorted access to facilities regulated by 33 CFR part 105 and located in one of these COTP Zones to enroll for their TWIC as soon as possible, if they haven't already. Information on enrollment procedures, as well as a link to the pre-enrollment website (which will also enable an applicant to make an appointment for

enrollment), may be found at <https://twicprogram.tsa.dhs.gov/TWICWebApp/>.

You may also visit our Web site at homeport.uscg.mil/twic for a framework showing expected future compliance dates by COTP Zone. This list is subject to change; changes in expected future compliance dates will appear on that website. The exact compliance date for COTP Zones will also be announced in the *Federal Register* at least 90 days in advance.

Dated: July 2, 2008.

Mark P. O'Malley,

Captain, U.S. Coast Guard, Chief, Ports and Facilities Activities.

Federal Emergency Management Agency

[FEMA-1771-DR]

Illinois; Amendment No. 2 to Notice of a Major Disaster Declaration

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice.

SUMMARY: This notice amends the notice of a major disaster for the State of Illinois (FEMA-1771-DR), dated June 24, 2008, and related determinations.

EFFECTIVE DATE: June 30, 2008.

FOR FURTHER INFORMATION CONTACT:

Peggy Miller, Disaster Assistance Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-3886.

SUPPLEMENTARY INFORMATION: Notice is hereby given that, in a letter dated June 30, 2008, the President amended the cost-sharing arrangements concerning Federal funds provided under the authority of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5121-5206 (Stafford Act), in a letter to R. David Paulison, Administrator, Federal Emergency Management Agency, Department of Homeland Security, as follows:

I have determined that the damage in certain areas of the State of Illinois resulting from severe storms and flooding beginning on June 1, 2008, and continuing, is of sufficient severity and magnitude that special cost sharing arrangements are warranted regarding Federal funds provided under the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. §§ 5121-5206 (the Stafford Act).
