Tapered Roller Bearings and Parts Thereof, Finished and Unfinished, from the People's Republic of China: Preliminary Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce ("the Department") is conducting the twentieth administrative review of the antidumping duty order on tapered roller bearings and parts thereof, finished and unfinished ("TRBs"), from the People's Republic of China ("PRC"), covering the period June 1, 2006, through May 31, 2007. We have preliminarily determined that sales have been made below normal value. If these preliminary results are adopted in our final results of this review, we will instruct U.S. Customs and Border Protection ("CBP") to assess antidumping duties on entries of subject merchandise during the period of review ("POR") for which the importer-specific assessment rates are above *de minimis*.

Interested parties are invited to comment on these preliminary results. We intend to issue the final results no later than 120 days from the date of publication of this notice.

EFFECTIVE DATE: July 17, 2008.

FOR FURTHER INFORMATION CONTACT: Lori Apodaca or Paul Stolz, AD/CVD Operations, Office 8, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-4551 and (202) 482-4474, respectively.

SUPPLEMENTARY INFORMATION:

Background

On June 26, 2007, the Department published a notice of opportunity to request an administrative review of the antidumping duty order on TRBs from the PRC for the period June 1, 2006, through May 31, 2007. *See Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation;*

Opportunity To Request Administrative Review, 72 FR 30542 (June 1, 2007). On June 29, 2007, Koyo Corporation of U.S.A. ("Koyo") requested that the Department conduct an administrative review of the duty order for entries of subject merchandise produced and/or exported by Yantai Timken Company Limited ("Yantai Timken"). Additionally, on June 29, 2007, Peer Bearing Company Changshan ("CPZ"), an exporter of TRBs, requested that the Department conduct an administrative review of its sales. On July 26, 2007, the Department published in the **Federal Register** a notice of the initiation of the antidumping duty administrative review of TRBs from the PRC for the period June 1, 2006, through May 31, 2007, for CPZ and Yantai Timken. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part*, 72 FR 41057 (July 26, 2007). On September 4, 2007, the Department issued its antidumping duty questionnaire to CPZ and Yantai Timken.

On October 5, 2007, the Department requested interested parties to submit comments on surrogate values. On October 19, 2007, we received a surrogate country submission from the Timken Company ("Petitioner"). On November 1, 2007, the Department received a surrogate values submission from Petitioner. On April 14, 2008, we received corrected factor values from Petitioner. On June 3, 2008, the Department received additional surrogate values from CPZ. On June 13, 2008, Petitioner submitted comments to the Department in response to CPZ's surrogate value comments.

On March 4, 2008, the Department published a notice in the **Federal Register** extending the time limit for the preliminary results of review until June 30, 2008. *See Tapered Roller Bearings and Parts Thereof, Finished or Unfinished, from the People's Republic of China: Extension of Time Limit for Preliminary Results of Antidumping Duty Administrative Review*, 73 FR 11617 (March 4, 2008).

CPZ

CPZ submitted its Section A questionnaire response on October 3, 2007, its Section C response on October 31, 2007, and its Section D response on November 5, 2007. The Department issued a Sections A, C and D supplemental questionnaire to CPZ on April 2, 2008. CPZ submitted its Sections A, C and D supplemental questionnaire response on April 29, 2008.

Yantai Timken

Yantai Timken submitted a letter to the Department dated September 25, 2007, stating that it will not be filing a questionnaire response as it had only a few exports to the United States, which were for use by its parent company, the Timken Company. *See Letter from Yantai Timken to Department of Commerce*, dated September 25, 2007 ("Non-Participation Letter").

Period of Review

The POR is June 1, 2006, through May 31, 2007.

Scope of the Order

Imports covered by this order are shipments of tapered roller bearings and parts thereof, finished and unfinished, from the PRC; flange, take up cartridge, and hanger units incorporating tapered roller bearings; and tapered roller housings (except pillow blocks) incorporating tapered rollers, with or without spindles, whether or not for automotive use. These products are currently classifiable under Harmonized Tariff Schedule of the United States ("HTSUS") item numbers 8482.20.00, 8482.91.00.50, 8482.99.15, 8482.99.45, 8483.20.40, 8483.20.80, 8483.30.80, 8483.90.20, 8483.90.30, 8483.90.80, 8708.99.80.15 and 8708.99.80.80. Although the HTSUS item numbers are provided for convenience and customs purposes, the written description of the scope of the order is dispositive.

Non-Market Economy Country Status

In every case conducted by the Department involving the PRC, the PRC has been treated as a non-market economy ("NME") country. In accordance with section 771(18)(C)(i) of the Tariff Act of 1930, as amended ("the Act"), any determination that a foreign country is an NME country shall remain in effect until revoked by the administering authority. *See Tapered Roller Bearings and Parts Thereof, Finished and Unfinished, from the People's Republic of China: Final Results of 2003-2004 Administrative Review and Partial Rescission of Review*, 71 FR 2517 (January 17, 2006). No party to this proceeding has contested such treatment. Accordingly, we calculated normal value ("NV") in accordance with section 773(c) of the Act, which applies to NME countries.

Surrogate Country

When the Department is investigating imports from an NME country, section 773(c)(1) of the Act directs it to base NV on the NME producer's factors of production ("FOP") when available information does not permit NV to be
