

As discussed above, the Commission received two comment letters on the proposal, one in favor and one in opposition. The Cadwalader Letter, while supporting the proposal, urges the Exchange to require SPACs to publicly disclose the record date for shareholders to vote on the business combination ten days prior to such date. The Commission notes that while exchanges have rules requiring listed issuers to notify the exchanges of their record date for shareholder meetings, there are no similar rules requiring listed issuers to notify the public of such record date in advance.²¹ Further, the Commission notes that Rule 419 under the Securities Act does not require blank check companies to publicly notify their shareholders of the record date for a shareholders vote. The Commission believes that any consideration of a public notice requirement of record dates should be conducted outside the context of a particular SRO rule filing.

The NASAA Letter, as summarized above, opposes the proposal due to the historical abuses of blank check companies. The Exchange states that it would conduct a regulatory review of each SPAC that applies to list securities on the Exchange. Further, the Exchange states that it would evaluate the reputation of the SPAC's sponsors and underwriters to determine whether initial listing is appropriate. Moreover, the Exchange amended the proposal to include conversion rights for public shareholders, should they vote against a business combination. The Commission believes that the additional investor protection standards, in addition to Nasdaq's initial listing standards, should help to ensure that investors are adequately protected.

V. Accelerated Approval

The Commission finds good cause for approving the proposed rule change, as modified by Amendment No. 1, before the thirtieth day after the date of publication of notice of filing thereof in the **Federal Register**. In Amendment No. 1 the Exchange proposed to: (1) Amend the amount of gross proceeds that must be deposited from 100% to 90%; (2) clarify the period in which the SPAC must complete one or more business combinations; and (3) require that all listed SPACs contain provisions allowing public shareholders to convert their shares into cash if they vote against a business combination. The Commission believes that Amendment No. 1 raises no new or novel regulatory

issues. The Commission notes that the amendment to the amount of the deposit account is consistent with Rule 419 under the Securities Act and NYSE initial listing standards for SPAC securities.²² The Exchange also clarified the time period in which SPACs must complete business combinations. Finally, the Commission notes that the public shareholder conversion right is consistent with the NYSE initial listing standards for SPAC securities and provides further investor protections for investors in SPAC securities.²³ The Commission finds that the filing, as modified by Amendment No. 1, is consistent with the protection of investors and the public interest. Accordingly, the Commission finds good cause, consistent with section 19(b)(2) of the Act,²⁴ to approve the proposed rule change, as modified by Amendment No. 1, on an accelerated basis.

VI. Solicitation of Comments

VII. Conclusion

Based on the foregoing, the Commission finds the proposal is consistent with the requirements of the Act and should provide for the initial listing of securities of SPACs with baseline investor protection and other standards.

It is therefore ordered, pursuant to section 19(b)(2) of the Act,²⁵ that the proposed rule change, as modified by Amendment No. 1 (SR-NASDAQ-2008-013) is hereby approved on an accelerated basis.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.²⁶
