

received will be included in the public docket without change and may be made available online at <http://www.regulations.gov>, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through <http://www.regulations.gov> or e-mail. The <http://www.regulations.gov> Web site is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through <http://www.regulations.gov>, your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses. For additional information about EPA's public docket, visit the EPA Docket Center homepage at <http://www.epa.gov/epahome/dockets.htm>. We also request that interested parties who would like information they previously submitted to EPA to be considered as part of this action, identify the relevant information by docket entry numbers and page numbers. For additional instructions on submitting comments, go to the **SUPPLEMENTARY INFORMATION** section of this document.

SUPPLEMENTARY INFORMATION: The NODA that is the subject of this notice, and which was published in the **Federal Register** on August 29, 2007 (72 FR 49714), announces the availability of new information and data contained in

three documents that the Agency is requesting public comments on, concerning the management of CCW in landfills and surface impoundments. The three documents that the Agency is requesting comments on are: A joint U.S. Department of Energy (DOE) and EPA report entitled, Coal Combustion Waste Management at Landfills and Surface Impoundments, 1994-2004; a draft risk assessment conducted by EPA on the management of CCW in landfills and surface impoundments; and EPA's damage case assessment. The Agency is soliciting comments on the extent to which the damage case information, the results of the risk assessment, and the new liner and ground water monitoring information from the DOE/EPA report should affect the Agency's decisions. EPA is also requesting direct comment on the draft risk assessment document to help inform a planned peer review. In addition, the Agency has included in the docket to the NODA a rulemaking petition submitted by a number of citizens' groups, as well as two approaches regarding the management of CCW, one prepared by the electric utility industry and the other prepared by a number of citizens' groups. The Agency will consider all the information provided through the NODA, the comments and new information submitted on the NODA, as well as the results of a subsequent peer review of the risk assessment, as it continues to follow-up on its Regulatory Determination for CCW disposed of in landfills and surface impoundments.

The comment period for the NODA was scheduled to close on November 27, 2007. However, a number of environmental groups requested that EPA extend the comment period by 75 days, noting that additional time was needed in order to comment meaningfully on the information contained in the NODA and to perform extensive analysis on several documents, some of which are highly technical. The commenters also noted that, due to the length and complexity of the draft risk assessment (*Human and Ecological Risk Assessment of Coal Combustion Wastes*), it would be necessary to engage expert review that will consequently increase the time necessary to prepare their comments.

EPA believed that the 90-day public comment period originally established was reasonable. However, since the Agency will be considering all the information provided through the comments and new information submitted on the NODA, as well as the results of a subsequent peer review of the risk assessment, we believed it was important that commenters have

adequate time to analyze the data noticed in the NODA so that they may provide informed and meaningful comments to the Agency. Therefore, we decided to extend the comment period by 60 days, thereby extending the comment period to 150 days. We believed an additional 60 days was adequate for commenters to analyze the data noticed in the NODA and available in the docket to the NODA. Because the 60-day extension would have ended on January 26, 2008, which is a Saturday, the comment period was extended until the following Monday, January 28, 2008.

The same group of commenters, noted above, requested a short amount of additional time to finish gathering information that is necessary to complete their comments. We believe this request is reasonable given the nature and volume of materials provided for comment; therefore, we are reopening the comment period from the date of publication of this notice to close on February 11, 2008.

Assistant Administrator, Office of Solid Waste and Emergency Response.

Adaptation for Climate-Sensitive Ecosystems and Resources Advisory Committee (ACSERAC)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of a public conference call meeting; correction.

SUMMARY: The EPA indicated that reports being reviewed by the ACSERAC would be incorporated into a scientific assessment to be published by the U.S. Climate Change Science Program and that the public would have a chance to review and comment on the scientific assessment in April 2008. The availability of the scientific assessment for public review and comment is incorrect.

FOR FURTHER INFORMATION CONTACT: Joanna Foellmer, Designated Federal Official, ACSERAC, by telephone: 703-347-8508, by e-mail: foellmer.joanna@epa.gov, by fax: 703-347-8694, or by regular mail: Joanna Foellmer, ORD/NCEA (Mail Code 8601P), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue, NW., Washington, DC 20460.

Correction

In the **Federal Register** of January 7, 2008, in FR Doc. E8-17, on page 1221, in the second column, change the last complete sentence to read:

The CCSP expects that the scientific assessment will be completed by May 31, 2008. The scientific assessment will undergo an external peer review consistent with the OMB peer review guidance for a Highly Influential Scientific Assessment (HISA). For details on the scientific assessment review please go to: <http://www.cio.noaa.gov/itmanagement/prplans/ID102.html>.
