

(CBP) shall assess, antidumping duties on all appropriate entries, pursuant to section 751(a)(1) of the Tariff Act and 19 CFR 351.212(b). The Department calculated an assessment rate for each importer of the subject merchandise covered by the review. Upon issuance of the final results of this review, for any importer-specific assessment rates calculated in the final results that are above *de minimis* (i.e., at or above 0.50 percent), we will issue appraisal instructions directly to CBP to assess antidumping duties on appropriate entries by applying the assessment rate to the entered value of the merchandise. Pursuant to 19 CFR 356.8(a), the Department intends to issue assessment instructions to CBP 41 days after the date of publication of these final results of review.

The Department clarified its "automatic assessment" regulation on May 6, 2003. *See Notice of Policy Concerning Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003). This clarification will apply to entries of subject merchandise during the POR produced by Mexinox for which Mexinox did not know the merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the 30.85 percent all-others rate if there is no company-specific rate for an intermediary involved in the transaction. *See id.* for a full discussion of this clarification.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of these final results for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of these final results of administrative review, consistent with section 751(a)(1) of the Tariff Act: (1) the cash deposit rate for the reviewed company will be the rate listed above; (2) if the exporter is not a firm covered in this review, but was covered in a previous review or the original less than fair value (LTFV) investigation, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original LTFV investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 30.85 percent, the all-others rate established in the LTFV investigation. *See Notice of*

Amended Final Determination of Sales at Less Than Fair Value: Stainless Steel Sheet and Strip in Coils from Mexico, 64 FR 40560 (July 27, 1999). These deposit requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review.

Notification to Interested Parties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department's presumption that reimbursement of the antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective orders (APOs) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Tariff Act.

Dated: February 4, 2008.

David M. Spooner,

Assistant Secretary for Import Administration.

Appendix – Issues in Decision Memorandum

General Issues

- Comment 1: Revocation
- Comment 2: Offsetting for U.S. Sales that Exceed Normal Value

Adjustments to United States Price

- Comment 3: U.S. Indirect Selling Expenses

- Comment 4: Temporary Import Bonds

Adjustments to Normal Value

- Comment 5: Handling Expense
- Comment 6: Circumstance-of-Sale Adjustment

Cost of Production

- Comment 7: Major Input Rule
- Comment 8: Employee Profit Sharing

- Comment 9: Year-End Inflation Adjustment to G&A
- Comment 10: Depreciation
- Comment 11: Interest Expense
- Comment 12: Packing Expense
- Comment 13: G&A Expense

BILLING CODE 3510–DS–S

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Notice of Intent to Prepare a Joint Environmental Impact Statement / Environmental Impact Report for the Proposed Relocation of the National Oceanic and Atmospheric Administration's Southwest Fisheries Science Center located in La Jolla, California

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of Intent to prepare a joint National Environmental Policy Act (NEPA) Environmental Impact Statement (EIS) and California Environmental Quality Act (CEQA) Environmental Impact Report (EIR); request for comments.

SUMMARY: NOAA announces its intent to prepare a joint EIS/EIR to analyze the environmental impacts of relocating its Southwest Fisheries Science Center (SWFSC) near the Scripps Institution of Oceanography (SIO) within the University of California at San Diego (UCSD) campus in La Jolla, California.

Publication of this notice is to request public participation during preparation of the EIS/EIR to help determine the scope of environmental issues and range of alternatives to be addressed, and to provide information as to how to participate.

DATES: A public scoping meeting will held on the following date: Wednesday, February 20, 2008 – 5 p.m. tour of SWFSC and 6 p.m. meeting start time, SWFSC Lab, Building A, Large Conference Room, 8604 La Jolla Shores Drive, La Jolla, CA 92037.

FOR FURTHER INFORMATION CONTACT: Anne Elston, Environmental Research Analyst, SRI International, 333 Ravenswood Avenue, G 234, Menlo Park, CA 94025–3493; e-mail anne.elston@sri.com

SUPPLEMENTARY INFORMATION: The National Marine Fisheries Service (NMFS) is responsible for the management, conservation, and protection of living marine resources within the U.S. Exclusive Economic

Zone. The SWFSC in La Jolla, California, manages and conducts research involving Pacific fisheries and marine mammal research for the protection and management of these resources throughout the Western Pacific and the Antarctic. The existing SWFSC facility, built in 1964, is currently adjacent to a coastal bluff that is undergoing severe erosion and retreat. NOAA proposes to construct a new SWFSC building to replace its existing NMFS administrative and marine research facilities currently located in La Jolla, California. A minimum of two existing at risk SWFSC structures would be removed and the property currently used by NOAA would be returned to the UCSD for other appropriate uses.

NOAA is the lead Federal agency for implementation of the NEPA. The University of California is the lead agency under the CEQA. The existing and preferred sites for the SWFSC headquarters are at the UCSD campus. The NMFS, SIO and other marine research organizations conduct independent and joint research at the SWFSC and its salt water laboratory facilities.

The proposed project will require construction of a new facility to support SWFSC administrative and marine research operations. The preferred site will enable NMFS, SIO, and others to continue collaboration within a wide range of programmatic marine research disciplines. NOAA, in cooperation with UCSD, has decided to prepare a joint EIS/EIR to analyze the environmental impacts of relocating the SWFSC facilities at UCSD.

Other alternative actions considered are:

Use of other NOAA facility locations in California and other Pacific Coast states;

Use of alternative sites at or adjacent to SIO for collaborative research; and

Use of existing alternative NOAA facilities and properties away from UCSD.

This joint EIS/EIR will analyze environmental impacts that may result from construction and/or operation of the proposed facilities. These potential environmental issues to be addressed include: land use and coastal zone management; aesthetics; geology; hydrology and water resources; biological resources and protected species; utilities and public services; transportation and traffic circulation, recreational resources; air quality; noise and vibration; visual effects and aesthetics; cultural resources; and socioeconomic and land use; and cumulative effects.

The most salient and foreseeable environmental topics of greatest interest are expected to be aesthetics, transportation and traffic, hydrology, and short term noise effects.

Interested parties who wish to submit suggestions or comments regarding the scope or content on the proposed EIS/EIR are invited to attend the public scoping meeting.

Dated: February 6, 2008.

William F. Broglie,

Chief Administrative Officer, National Oceanic and Atmospheric Administration.

ENVIRONMENTAL PROTECTION AGENCY

Coastal Nonpoint Pollution Control Program: Approval Decision on Florida's and South Carolina's Coastal Nonpoint Pollution Control Programs

AGENCY: National Oceanic and Atmospheric Administration, U.S. Department of Commerce, and the U.S. Environmental Protection Agency.

ACTION: Notice of Intent to Approve the Florida and South Carolina Coastal Nonpoint Programs.

SUMMARY: Notice is hereby given of the intent to fully approve the Florida and South Carolina Coastal Nonpoint Pollution Control Programs (coastal nonpoint program) and of the availability of the draft decision documents fully approving the Florida and South Carolina coastal nonpoint programs. Section 6217 of the Coastal Zone Act Reauthorization Amendments (CZARA), 16 U.S.C. section 1455b, requires States and Territories with coastal zone management programs that have received approval under section 306 of the Coastal Zone Management Act, 16 U.S.C. section 1455, to develop and implement coastal nonpoint programs. Coastal States and Territories were required to submit their coastal nonpoint programs to the National Oceanic and Atmospheric Administration (NOAA) and the U.S. Environmental Protection Agency (EPA) for approval in July 1995. NOAA and EPA conditionally approved the Florida and South Carolina coastal nonpoint programs on November 18, 1997 and February 23, 1998, respectively. NOAA and EPA have drafted approval decisions describing how Florida and

South Carolina have satisfied the conditions placed on their programs and therefore have a fully approved coastal nonpoint program.

NOAA and EPA are making the draft decisions for the Florida and South Carolina coastal nonpoint programs available for a 30-day public comment period. If comments are received, NOAA and EPA will consider whether such comments are significant enough to affect the decision to fully approve the programs.

Copies of the draft Approval Decisions can be found on the NOAA Web site at <http://coastalmanagement.noaa.gov/czm/6217/findings.html> or may be obtained upon request from: Allison Castellan, Coastal Programs Division (N/ORM3), Office of Ocean and Coastal Resource Management, NOS, NOAA, 1305 East-West Highway, Silver Spring, Maryland 20910, phone (301) 713-3155, x125, e-mail Allison.Castellan@noaa.gov.

DATES: Individuals or organizations wishing to submit comments on the draft Approval Decisions should do so by March 12, 2008.

ADDRESSES: Comments should be made to: John King, Chief, Coastal Programs Division (N/ORM3), Office of Ocean and Coastal Resource Management, NOS, NOAA, 1305 East-West Highway, Silver Spring, Maryland 20910, phone (301) 713-3155, x188, e-mail John.King@noaa.gov.

FOR FURTHER INFORMATION CONTACT:

Allison Castellan, Coastal Programs Division, (N/ORM3), Office of Ocean and Coastal Resource Management, NOS, NOAA, 1305 East-West Highway, Silver Spring, Maryland 20910, phone (301) 713-3155, x125, e-mail Allison.Castellan@noaa.gov.

(Federal Domestic Assistance Catalog 11.419 Coastal Zone Management Program Administration)

Dated: February 5, 2008.

John H. Dunnigan,

Assistant Administrator for Ocean Services and Coastal Zone Management, National Oceanic and Atmospheric Administration.

Benjamin H. Grumbles,

Assistant Administrator, Office of Water, Environmental Protection Agency.
