DEPARTMENT OF EDUCATION

Office of Special Education and Rehabilitative Services Overview Information; National Institute on Disability and Rehabilitation Research (NIDRR)—Disability and Rehabilitation Research Projects and Centers Program—Disability Rehabilitation Research Projects (DRRPs)—Technology Access in Resource-Limited Environments; Notice Inviting Applications for New Awards for Fiscal Year (FY) 2009

Catalog of Federal Domestic Assistance (CFDA) Number: 84.133A–6.

Dates:

Applications Available: March 23, 2009.

Date of Pre-Application Meeting: April 23, 2009.

Deadline for Transmittal of Applications: May 22, 2009.

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The purpose of the DRRP program is to improve the effectiveness of services authorized under the Rehabilitation Act of 1973, as amended, by developing methods,

procedures, and rehabilitation technologies that advance a wide range of independent living and employment outcomes for individuals with disabilities, especially individuals with the most severe disabilities. DRRPs carry out one or more of the following types of activities, as specified and defined in 34 CFR 350.13 through 350.19: Research, training, demonstration, development, dissemination, utilization, and technical assistance.

An applicant for assistance under this program must demonstrate in its application how it will address, in whole or in part, the needs of individuals with disabilities from minority backgrounds (34 CFR 350.40(a)). The approaches an applicant may take to meet this requirement are found in 34 CFR 350.40(b).

Additional information on the DRRP program can be found at: <http://www.ed.gov/rschstat/research/pubs/res-program.html#DRRP>.

Priorities: NIDRR has established two priorities for this competition. The *General DRRP Requirements* priority is from the notice of final priorities for the Disability and Rehabilitation Research Projects and Centers Program, published in the **Federal Register** on April 28, 2006 (71 FR 25472). The *Technology Access in Resource-Limited*

Environments priority is from the notice of final priorities for the Disability and Rehabilitation Research Projects and Centers Program, published in the **Federal Register** on February 1, 2008 (73 FR 6132).

Note: On February 1, 2008, we also published a notice in the **Federal Register** (73 FR 6162) inviting applications for a number of competitions, including one using the *Technology Access in Resource-Limited Environments* priority. None of the applications we received for this priority were successful. On June 12, 2008, we published another notice in the **Federal Register** (73 FR 33420) inviting applications for the *Technology Access in Resource-Limited Environments* priority and, once again, none of the applications we received for this priority were successful. Consequently, due to this lack of quality applications, NIDRR is again recompeting this priority. NIDRR is seeking applications that address all elements of the priority and that propose appropriate, quality research methodologies.

Accordingly, through this notice, we are inviting applications for another competition using the *Technology Access in Resource-Limited Environments* priority.

Absolute Priorities: For FY 2009, these priorities are absolute priorities. Under 34 CFR 75.105(c)(3) we consider only applications that meet these priorities.
