

SUPPLEMENTARY INFORMATION: EPA has submitted the following ICR to OMB for review and approval according to the procedures prescribed in 5 CFR 1320.12. On May 30, 2008 (73 FR 31088), EPA sought comments on this ICR pursuant to 5 CFR 1320.8(d). EPA received no comments. Any additional comments on this ICR should be submitted to EPA and OMB within 30 days of this notice.

EPA has established a public docket for this ICR under docket ID number EPA-HQ-OECA-2008-0432, which is available for public viewing online at <http://www.regulations.gov>, in person viewing at the Enforcement and Compliance Docket in the EPA Docket Center (EPA/DC), EPA West, Room 3334, 1301 Constitution Avenue, NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is (202) 566-1744 and the telephone number for the Enforcement and Compliance Docket is (202) 566-1927.

Use EPA's electronic docket and comment system at <http://www.regulations.gov> to submit or view public comments, access the index listing of the contents of the docket, and to access those documents in the docket that are available electronically. Once in the system, select "docket search," then key in the docket ID number identified above. Please note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing at <http://www.regulations.gov>, as EPA receives them and without change, unless the comment contains copyrighted material, Confidential Business Information (CBI), or other information whose public disclosure is restricted by statute. For further information about the electronic docket, go to <http://www.regulations.gov>.

Title: NESHAP for Reinforced Plastic Composites Production (Renewal).

ICR Numbers: EPA ICR Number 1976.04, OMB Control Number 2060-0509.

ICR Status: This ICR is scheduled to expire on June 30, 2009. Under OMB regulations, the Agency may continue to conduct or sponsor the collection of information while this submission is pending at OMB. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9,

and displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers in certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: The National Emission Standards for Hazardous Air Pollutants (NESHAP) for Reinforced Plastic Composites (RPC) Production Operations and Processes were proposed on August 2, 2001 (66 FR 40323), and promulgated on April 21, 2003 (68 FR 19375). These standards regulate fugitive emissions from reinforced plastic composites (RPC) production operations and processes resulting from hazardous air pollutants (HAPs) evaporating from the resins, gel coats, and cleaning solvents.

Owners and operators of affected sources are subject to the monitoring, recordkeeping and reporting requirements of 40 CFR part 63, subpart A, the General Provisions, unless specified otherwise in the regulation. This rule requires sources to submit initial notifications, conduct performance tests if source is using an add-on control device, and submit periodic compliance reports. In addition, sources are required to maintain records of the occurrence and duration of any startup, shutdown, or malfunction in the operation if using an add-on control device; any period during which the monitoring system is inoperative; parametric monitoring data; system maintenance and calibration; and work practices to demonstrate initial and ongoing compliance with the regulation.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 16 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Reinforced plastic composites production facilities.

Estimated Number of Respondents: 504.

Frequency of Response: Initially, and semiannually.

Estimated Total Annual Hour Burden: 17,740.

Estimated Total Annual Cost: \$1,454,143, including: \$1,432,143 in annual labor costs, \$22,000 in O&M costs, and no annualized capital costs.

Changes in the Estimates: There is no change in the total estimated burden currently identified in the OMB Inventory of Approved ICR Burdens.

Dated: April 13, 2009.

John Moses,

Acting Director, Collection Strategies Division.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OAR-2004-0501; FRL-8893-2]

Agency Information Collection Activities; Submission to OMB for Review and Approval; Comment Request; Reporting Requirements Under EPA's Green Power Partnership and Combined Heat and Power Partnership (Renewal); EPA ICR Number 2173.02, OMB Control No. 2060-0578

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (PRA)(44 U.S.C. 3501 *et seq.*), this document announces that an Information Collection Request (ICR) has been forwarded to the Office of Management and Budget (OMB) for review and approval. This is a request to renew an existing approved collection. The ICR, which is abstracted below, describes the nature of the information collection and its estimated burden and cost.

DATES: Any additional comments on this ICR should be submitted on or before May 18, 2009.

ADDRESSES: Submit your comments, referencing Docket ID No. EPA-HQ-OAR-2004-0501, to (1) EPA online using <http://www.regulations.gov> (our preferred method), by e-mail to a-and-r-docket@epamail.epa.gov, or by mail to: EPA Docket Center, Environmental Protection Agency, Air and Radiation Docket and Information Center, MC 2822T, 1200 Pennsylvania Avenue,

NW., Washington, DC 20460, and (2) OMB by mail to: Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Attention: Desk Officer for EPA, 725 17th Street, NW., Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT:

Allison Bellins, Climate Protection Partnerships Division, Office of Atmospheric Programs, 6202J, Environmental Protection Agency, 1200 Pennsylvania Avenue, NW., Washington, DC 20460; telephone number: 202-343-9526; fax number: 202-343-2208; e-mail address bellins.Allison@epa.gov.

SUPPLEMENTARY INFORMATION: EPA has submitted the following ICR to OMB for review and approval according to the procedures prescribed in 5 CFR 1320.12. On October 31, 2008 (73 FR 64941), EPA sought comments on this ICR pursuant to 5 CFR 1320.8(d). EPA received no comments. Any additional comments on this ICR should be submitted to EPA and OMB within 30 days of this notice.

EPA has established a public docket for this ICR under Docket ID No. EPA-HQ-OAR-2004-0501, which is available for viewing at <http://www.regulations.gov>, or in person viewing at the Air and Radiation Docket and Information Center in the EPA Docket Center (EPA/DC), EPA West Building, Room 3334, 1301 Constitution Avenue, NW., Washington, DC. The EPA/DC Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the reading room is 202-566-1744, and the telephone number for the Air and Radiation Docket is 202-566-1742.

Use EPA's electronic docket and comment system at <http://www.regulations.gov> to submit or view public comments, access the index listing of the contents of the docket, and to access those documents in the docket that are available electronically. Once in the system, select "docket search," then key in the docket ID number identified above. Please note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing at <http://www.regulations.gov>, as EPA receives them and without change, unless the comment contains copyrighted material, confidential business information (CBI), or other information whose public disclosure is restricted by statute. For further information about the electronic docket, go to <http://www.regulations.gov>.

Title: Reporting Requirements under EPA's Green Power Partnership and

Combined Heat and Power Partnership (Renewal).

ICR Numbers: EPA ICR No. 2173.02, OMB Control No. 2060-0538.

ICR Status: This ICR is scheduled to expire on April 30, 2009. Under OMB regulations, the Agency may continue to conduct or sponsor the collection of information while this submission is pending at OMB. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA regulations in Title 40 of the CFR, after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, and included on the related collection instrument or form, if applicable. The display of OMB control numbers in certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: In an effort to aid implementation of the President's May 2001 National Energy Strategy, as well as the President's February 2002 Climate Change Strategy, EPA launched two new partnership programs with industry and other stakeholders: the Green Power Partnership and the Combined Heat and Power (CHP) Partnership. These voluntary partnership programs encourage organizations to invest in clean, efficient energy technologies, including renewable energy and combined heat and power. To continue to be successful, it is critical that EPA collect information from Green Power and CHP Partners to ensure these organizations are meeting their renewable energy and CHP goals and to assure the creditability of these voluntary partnership programs.

EPA has developed this ICR to obtain authorization to collect information from organizations participating in the Green Power Partnership and CHP Partnership. Organizations that join these programs voluntarily agree to the following respective actions: (1) designating a Green Power or CHP liaison and filling out a Partnership Agreement or Letter of Intent (LOI) respectively, (2) for the Green Power Partnership, reporting to EPA, on an annual basis, their progress toward their green power commitment via a 2-page reporting form; (3) for the CHP Partnership, reporting to EPA information on their existing CHP projects and CHP development activity. EPA uses the data obtained from its partners to assess the success of these programs in achieving that national energy and greenhouse gas (GHG) reduction goals. Partners are organizational entities that have

volunteered to participate in either Partnership program.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to equal 5,823 hours and to average 3.25 hours per year per response.

Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the Information.

Respondents/Affected Entities: Companies, institutions, non-governmental organizations, and State/local governments that participate in the Green Power and Combined Heat and Power Partnerships.

Estimated Number of Respondents: 1,794.

Frequency of Response: Annual, on occasion, once.

Estimated Total Annual Hour Burden: 5,823.

Estimated Total Annual Cost: \$517,118, which includes \$0 annualized Capital Startup costs, \$5,466 annualized Operating and Maintenance (O&M) costs and \$511,652 annualized Labor costs.

Changes in Estimates: There is an increase of 1,824 hours in the total estimated burden currently identified in the OMB Inventory of Approved ICR Burdens. Since the last ICR renewal, both the Green Power Partnership and CHP Partnership have introduced program efficiencies to reduce program burden and simplified collection forms into pre-populated spreadsheets or documents. As a result of these changes, the average number of hours per Partner has decreased from 3.4 hours to 3.25 hours but the total hourly burden still increased because of an increase in the number of Partners. For perspective on the magnitude of partner growth, the number of Partners at the end of 2004 was 865, whereas by year-end there will be an estimated 1,308.

Dated: April 13, 2009.

John Moses,

Acting Director, Collection Strategies Division.

Title: NESHAP for Brick and Structural Clay Manufacturing (Renewal).

ICR Numbers: EPA ICR Number 2022.04, OMB Control Number 2060-0508.

ICR Status: This ICR is scheduled to expire on June 30, 2009. Under OMB regulations, the Agency may continue to conduct or sponsor the collection of information while this submission is pending at OMB. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, and displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if

applicable. The display of OMB control numbers in certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: The National Emission Standards for Hazardous Air Pollutants (NESHAP) for Brick and Structural Clay Manufacturing were proposed on July 22, 2002 (67 FR 47894), and were promulgated on May 16, 2003 (68 FR 26690).

The affected entities are subject to the General Provisions of the NESHAP at 40 CFR part 63, subpart A, and any changes, or additions to the provisions specified at 40 CFR part 63, subpart JJJJJ.

Owners or operators of the affected facilities must submit a one-time-only report of any physical or operational changes, initial performance tests, and periodic reports and results. Owners or operators are also required to maintain records of the occurrence and duration of any startup, shutdown, or malfunction in the operation of an affected facility, or any period during which the monitoring system is inoperative. Reports, at a minimum, are required semiannually.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 85 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Brick and structural clay manufacturers.

Estimated Number of Respondents: 72.

Frequency of Response: Initially, occasionally and semiannually.

Estimated Total Annual Hour Burden: 14,086.

Estimated Total Annual Cost: \$1,152,404, which is comprised of \$1,137,652 in Labor costs, \$10,000 in annualized capital/startup costs, and O&M costs of \$4,752.

Changes in the Estimates: There is no change in the total estimated burden currently identified in the OMB
