Notification to Importers

This notice serves as a final reminder to importers for whom this review is being rescinded, of their responsibility under 19 CFR 351.402(f) to file a certificate regarding reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification Regarding Administrative Protective Orders

This notice serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

This notice is published in accordance with sections 751(a)(1) and 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR 351.213(d)(4).

SUPPLEMENTARY INFORMATION:

Background

The Department of Commerce ("the Department") published an antidumping duty order on wooden bedroom furniture ("WBF") from the People's Republic of China ("PRC") on January 4, 2005. See *Notice of Amended Final Determination of Sales at Less Than Fair Value and Antidumping Duty Order: Wooden Bedroom Furniture From the People's Republic of China*, 70 FR 329 (January 4, 2005). On March 7, 2008, the Department published notices of the initiation of the antidumping duty administrative review and new shipper reviews of WBF from the PRC for the period January 1, 2007, through December 31, 2007. See *Notice of Initiation of Administrative Review of the Antidumping Duty Order on Wooden Bedroom Furniture From the People's Republic of China*, 73 FR 12387 (March 7, 2008) and *Wooden Bedroom Furniture From the People's Republic of China: Initiation of New Shipper Reviews*, 73 FR 12392 (March 7, 2008). On August 22, 2008, the Department aligned the deadlines and the time limits of the new shipper reviews with the administrative review. See Memorandum to the File "Wooden Bedroom Furniture from the People's Republic of China: Alignment of the 1/1/2007 - 12/31/2007 Annual Administrative Review and the 1/1/2007 - 12/31/2007 New Shipper Review," dated August 22, 2008. On February 9, 2009, the Department published the preliminary results of the administrative review and the new shipper reviews. See *Wooden Bedroom Furniture From the People's Republic of China: Preliminary Results of Antidumping Duty Administrative and New Shipper Reviews and Partial Rescission of Review*, 74 FR 6372 (February 9, 2009). The final results of the administrative and new shipper reviews are currently due no later than June 9, 2009.

Extension of Time Limit of Final Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), requires the Department to issue the final results of an administrative review within 120 days after the date on which the preliminary results are published. However, if it is not practicable to

complete the review within this time period, section 751(a)(3)(A) of the Act allows the Department to extend the time period to a maximum of 180 days. Completion of the final results of these reviews within the 120-day period is not practicable because the Department will conduct verification in the administrative review and one new shipper review after publication of the preliminary results and, therefore, needs additional time to complete verification reports, to provide an opportunity for comments by interested parties, and to analyze these comments by interested parties on the preliminary results and verification reports, and analyze information gathered at verification. Because it is not practicable to complete these reviews within the time specified under the Act, we are fully extending the time period for issuing the final results of the administrative and new shipper reviews in accordance with section 751(a)(3)(A) of the Act. Therefore, the final results will be due August 8, 2009, which is 180 days from publication of the preliminary results. Because August 8, 2009, falls on a Saturday, however, the final results are now due on the next business day, Monday, August 10, 2009. This notice is published pursuant to sections 751(a) and 777(i) of the Act.

Dated: April 13, 2009.

John M. Andersen,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Certain Hot-Rolled Carbon Steel Flat Products from India: Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On December 19, 2008, the Department of Commerce ("Department") published the preliminary results of the antidumping duty administrative review of certain hot-rolled carbon steel flat products from India. See *Certain Hot-Rolled Carbon Steel Flat Products From India: Notice of Preliminary Results of Antidumping Duty Administrative Review*, 73 FR 77618 (December 19, 2008) ("Preliminary Results"). The review covers one respondent, Essar

Steel Limited ("Essar"). The period of review ("POR") is December 1, 2006, through November 30, 2007. We invited parties to comment on our *Preliminary Results*. Based on our analysis of the comments received, we have made changes to the margin calculations. Therefore, the final results differ from the preliminary results. For the final dumping margins see the "Final Results of Review" section below.

EFFECTIVE DATE: April 20, 2009.

FOR FURTHER INFORMATION CONTACT: Joy Zhang, AD/CVD Operations, Office 3, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-1168.

SUPPLEMENTARY INFORMATION:

Background

On December 19, 2008, the Department published the *Preliminary Results*. Since the *Preliminary Results*, we have received comments from interested parties. On January 29, 2009, petitioners United Steel Corporation and Nucor Corporation filed their case briefs. On February 5, 2009, Essar filed a rebuttal brief. No interested parties requested a hearing.

Scope of the Order

The merchandise subject to the order is certain hot-rolled carbon steel flat products of a rectangular shape, of a width of 0.5 inch or greater, neither clad, plated, nor coated with metal and whether or not painted, varnished, or coated with plastics or other non-metallic substances, in coils (whether or not in successively superimposed layers), regardless of thickness, and in straight lengths, of a thickness of less than 4.75 mm and of a width measuring at least 10 times the thickness. Universal mill plate (*i.e.*, flat-rolled products rolled on four faces or in a closed box pass, of a width exceeding 150 mm, but not exceeding 1250 mm, and of a thickness of not less than 4 mm, not in coils and without patterns in relief) of a thickness not less than 4.0 mm is not included within the scope of the order.

Specifically included in the scope of the order are vacuum-degassed, fully stabilized (commonly referred to as interstitial-free ("IF")) steels, high-strength low-alloy ("HSLA") steels, and the substrate for motor lamination steels. IF steels are recognized as low-carbon steels with micro-alloying levels of elements such as titanium or niobium (also commonly referred to as columbium), or both, added to stabilize carbon and nitrogen elements. HSLA

steels are recognized as steels with micro-alloying levels of elements such as chromium, copper, niobium, vanadium, and molybdenum. The substrate for motor lamination steels contains micro-alloying levels of elements such as silicon and aluminum.

Steel products included in the scope of the order, regardless of definitions in the Harmonized Tariff Schedule of the United States ("HTSUS"), are products in which: i) iron predominates, by weight, over each of the other contained elements; ii) the carbon content is 2 percent or less, by weight; and iii) none of the elements listed below exceeds the quantity, by weight, respectively indicated:

- 1.80 percent of manganese, or
- 2.25 percent of silicon, or
- 1.00 percent of copper, or
- 0.50 percent of aluminum, or
- 1.25 percent of chromium, or
- 0.30 percent of cobalt, or
- 0.40 percent of lead, or
- 1.25 percent of nickel, or
- 0.30 percent of tungsten, or
- 0.10 percent of molybdenum, or
- 0.10 percent of niobium, or
- 0.15 percent of vanadium, or
- 0.15 percent of zirconium.

All products that meet the physical and chemical description provided above are within the scope of the order unless otherwise excluded. The following products, by way of example, are outside or specifically excluded from the scope of the order:

- Alloy hot-rolled carbon steel products in which at least one of the chemical elements exceeds those listed above (including, *e.g.*, American Society for Testing and Materials ("ASTM") specifications A543, A387, A514, A517, A506)).
- Society of Automotive Engineers ("SAE")/American Iron & Steel Institute ("AISI") grades of series 2300 and higher.
- Ball bearings steels, as defined in the HTSUS.
- Tool steels, as defined in the HTSUS.
- Silico-manganese (as defined in the HTSUS) or silicon electrical steel with a silicon level exceeding 2.25 percent.
- ASTM specifications A710 and A736.
- United States Steel ("USS") Abrasion-resistant steels (USS AR 400, USS AR 500).
- All products (proprietary or otherwise) based on an alloy ASTM specification (sample specifications: ASTM A506, A507).
- Non-rectangular shapes, not in coils, which are the result of having been processed by cutting or stamping

and which have assumed the character of articles or products classified outside chapter 72 of the HTSUS.

The merchandise subject to the order is currently classifiable in the HTSUS at subheadings: 7208.10.15.00, 7208.10.30.00, 7208.10.60.00, 7208.25.30.00, 7208.25.60.00, 7208.26.00.30, 7208.26.00.60, 7208.27.00.30, 7208.27.00.60, 7208.36.00.30, 7208.36.00.60, 7208.37.00.30, 7208.37.00.60, 7208.38.00.15, 7208.38.00.30, 7208.38.00.90, 7208.39.00.15, 7208.39.00.30, 7208.39.00.90, 7208.40.60.30, 7208.40.60.60, 7208.53.00.00, 7208.54.00.00, 7208.90.00.00, 7211.14.00.90, 7211.19.15.00, 7211.19.20.00, 7211.19.30.00, 7211.19.45.00, 7211.19.60.00, 7211.19.75.30, 7211.19.75.60, and 7211.19.75.90. Subject merchandise may also enter under 7210.70.30.00, 7210.90.90.00, 7211.14.00.30, 7212.40.10.00, 7212.40.50.00, and 7212.50.00.00. Although the HTSUS subheadings are provided for convenience and customs purposes, the Department's written description of the merchandise subject to the order is dispositive.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties to this administrative review are addressed in the Memorandum from John M. Andersen, Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, to Ronald K. Lorentzen, Acting Assistant Secretary for Import Administration, Issues and Decision Memorandum for the Final Results of the Sixth Administrative Review of the Antidumping Duty Order on Certain Hot-Rolled Carbon Steel Flat Products from India ("Decision Memorandum"), dated concurrently with this notice, and hereby adopted by this notice. Parties can find a complete discussion of the issues raised in this review in this public memorandum, which is on file in

the Central Records Unit, room 1117 of the Department of Commerce building. In addition, a complete version of the Decision Memorandum can be accessed directly on the Internet at: <http://ia.ita.doc.gov/frn>. The paper copy and the electronic version of the Decision Memorandum are identical in content.

Changes Since the Preliminary Results

Based on the comments received from the interested parties, we have made changes to the margin calculations used in the *Preliminary Results*. Specifically, for the final results, we have revised the calculations to use the invoice date as the date of sale for all of Essar's U.S. sales. As a result of the date of sales change, the margin increased from the *Preliminary Results*.

The adjustments are discussed in detail in the Decision Memorandum.

Final Results of Review

We determine that the following weighted average antidumping margin exists:

| Producer/Manufacturer | Weighted-Average Margin |
|-----------------------|-------------------------|
| Essar | 5.01% |

Assessment Rates

The Department will determine, and U.S. Customs and Border Protection ("CBP") shall assess, antidumping duties on all appropriate entries, pursuant to section 751(a)(1) of the Tariff Act of 1930, as amended ("the Act") and 19 CFR 351.212(b). The Department calculated an assessment rate for each importer of the subject merchandise covered by the review. Where the assessment rate is above *de minimis*, we will instruct CBP to assess duties on all entries of subject merchandise by that importer. The Department intends to issue assessment instructions to CBP 15 days after the date of publication of these final results of review.

The Department clarified its "automatic assessment" regulation on May 6, 2003. *See Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003). This clarification will apply to entries of subject merchandise during the POR produced by Essar for which Essar did not know the merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no company-specific rate for an intermediary involved in the transaction. *See id.*, for a full discussion of this clarification.

Cash-Deposit Requirements

The following deposit requirements will be effective upon publication of this notice of final results of administrative review for all shipments of hot-rolled carbon steel flat products from India entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results, as provided by sections 751(a)(1) and (a)(2)(C) of the Act: (1) for companies covered by this review, the cash deposit rate will be the rate listed above; (2) for previously reviewed or investigated companies other than those covered by this review, the cash deposit rate will be the company-specific rate established for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the less-than-fair-value investigation, but the producer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the subject merchandise; and (4) if neither the exporter nor the manufacturer has its own rate, the cash deposit rate will be 38.72 percent, the all-others rate published in the *Notice of Amended Final Antidumping Duty Determination of Sales at Less Than Fair Value and Antidumping Duty Order: Certain Hot-Rolled Carbon Steel Flat Products From India*, 66 FR 60194 (December 3, 2001).¹ These deposit requirements shall remain in effect until further notice.

Notification to Interested Parties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department's presumption that reimbursement of the antidumping duties occurred and the subsequent assessment of doubled antidumping and/or countervailing duties.

This notice also serves as a reminder to parties subject to administrative protective orders ("APO") of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment

¹ The all-others cash deposit rate, applied by CBP, is reduced to account for the export subsidy rate found in the countervailing duty investigation. *See Final Affirmative Countervailing Duty Determination: Certain Hot-Rolled Carbon Steel Flat Products From India*, 66 FR 49635 (September 28, 2001). The adjusted all-others rate is 23.87 percent.

of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: April 13, 2009.

Ronald K. Lorentzen,

Acting Assistant Secretary for Import Administration.
