SUPPLEMENTARY INFORMATION:

I. Description of Proposed System of Records

The Education Debt Reduction Program (EDRP) allows VA to provide education debt reduction payments to employees with qualifying loans who occupy certain health care positions for which recruitment and retention of qualified personnel is difficult. The specific health care professions that are covered by the EDRP include: physician, dentist, podiatrist, licensed pharmacist, licensed practical/vocational nurse, expanded-function dental auxiliary, registered nurse, certified registered nurse anesthetist, physician assistant, optometrist, physical therapist, occupational therapist, certified respiratory therapy technician, and registered respiratory therapist. The purpose of the program is to help VA meet its needs for qualified health care staff.

The Education Debt Reduction Program-VA (115VA10) system of records contains personal identification information related to the application

material, to education loan verification documentation, to award processes, to employment status, and to service periods covered by an award such as name, address, social security number, employing facility name, job title, grade, education level, education debt reduction payment amounts, service periods covered by education debt reduction payments, name and address of the lending institution, original loan amount, current loan amount, and loan payment amount. It also contains individual information about applicants who have been denied awards and award recipients who have been terminated from program participation. Additionally, it may contain information about why an applicant declined to accept an award. Since applicants typically are denied awards because they do not meet the eligibility requirements to participate in the program, the specific nature of an applicant's ineligibility would be another element of information contained in the system of records. The information in this system of records is maintained in electronic and hard copy format and is periodically updated through recurring reports provided by local VA facilities about the progress of their program participants. This information is necessary to effectively administer the educational assistance program. It is used to determine and document an individual applicant's initial eligibility for education debt reduction awards; calculate the payment amounts and related service periods for award recipients; ensure that award amounts are consistent with applicable law, regulations and policy; monitor the amount of principal and interest that a participant paid to reduce the balance on a qualifying loan during each service period covered by the award; monitor the employment status of award recipients during their service periods; and evaluate and report program results and effectiveness. Any information in this system may be used by local VA supervisory officials and program coordinators to ensure that it is accurate and that award recipients are in compliance with the terms for participating in the program. Data about individual program participants may change (e.g., changes in employment status), and that could impact certain terms of their awards such as the amounts of the education debt reduction payments and/or the beginning and ending dates of their service periods. Data changes may also impact assessments of the effectiveness of the educational assistance program. Accordingly, local supervisory officials

and program coordinators must periodically review individual data in the system of records to ensure its accuracy. There are no debts to recover since each award payment is made at the conclusion of a service period. An individual who leaves before completing a service period is eligible to receive a pro-rata share of the payment for an entire service period based on the amount of time actually served in paid status during the service period.

II. Compatibility of the Proposed Routine Uses

The Report of Intent to Amend a System on Records Notice and an advance copy of the system notice have been sent to the appropriate Congressional committees and to the Director of the Office of Management and Budget (OMB) as required by 5 U.S.C. 552a(r) (Privacy Act) and guidelines issued by OMB (65 FR 77677), December 12, 2000.

Routine use 11 was added for the VA to disclose information from this system of records to the Department of Justice (DoJ), either on VA's initiative or in response to DoJ's request for the information, after either VA or DoJ determines that such information is relevant to DoJ's representation of the United States or any of its components in legal proceedings before a court or adjudicative body, provided that, in each case, the agency also determines prior to disclosure that release of the records to the DoJ is a use of the information contained in the records that is compatible with the purpose for which VA collected the records. VA, on its own initiative, may disclose records in this system of records in legal proceedings before a court or administrative body after determining that the disclosure of the records to the court or administrative body is a use of the information contained in the records that is compatible with the purpose for which VA collected the records.

Routine Use 12 was added to disclose relevant information that may be made to individuals, organizations, private or public agencies, or other entities with whom VA has a contract or agreement or where there is a subcontract to perform such service as VA may deem practicable for the purposes of laws administered by VA, in order for the contractor or subcontractor to perform the services of the contract or agreement.

Routine Use 13 was added for the VA to disclose on its own initiative any information in the system, except the names and home addresses of veterans and their dependents, that is relevant to a suspected or reasonably imminent

violation of the law whether civil, criminal, or regulatory in nature and whether arising by general or program statute or by regulation, rule, or order issued pursuant thereto, to a Federal, state, local, tribal, or foreign agency charged with the responsibility of investigating or prosecuting such violation, or charged with enforcing or implementing the statute, regulation, rule, or order. VA may also disclose on its own initiative the names and addresses of veterans and their dependents to a Federal agency charged with the responsibility of investigating or prosecuting civil, criminal, or regulatory violations of law, or charged with enforcing or implementing the statute, regulation, or order issued pursuant thereto.

Routine use 14 was added to disclose information to other Federal agencies that may be made to assist such agencies in preventing and detecting possible fraud or abuse by individuals in their operations and programs.

Routine use 15 was added so that the VA may, on its own initiative, disclose any information or records to appropriate agencies, entities, and persons when (1) VA suspects or has confirmed that the integrity or confidentiality of information in the system of records has been compromised; (2) the Department has determined that as a result of the suspected or confirmed compromise, there is a risk of embarrassment or harm to the reputations of the record subjects, harm to economic or property interests, identity theft or fraud, or harm to the security, confidentiality, or integrity of this system or other systems or programs (whether maintained by the Department or another agency or entity) that rely upon the potentially compromised information; and (3) the disclosure is to agencies, entities, or persons whom VA determines are reasonably necessary to assist or carry out the Department's efforts to respond to the suspected or confirmed compromise and prevent, minimize, or remedy such harm. This routine use permits disclosures by the Department to respond to a suspected or confirmed data breach, including the conduct of any risk analysis or provision of credit protection services as provided in 38 U.S.C. 5724, as the terms are defined in 38 U.S.C. 5727.

Approved: April 21, 2009.

John R. Gingrich,

Chief of Staff, Department of Veterans Affairs.
