The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentors will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentors will not be required to serve copies of filed documents on all other parties. However, the non-party commentors will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

Texas Eastern Transmission, LP; Notice of Filing of Temporary Waiver Request

June 8, 2009.

Take notice that on June 5, 2009, pursuant to Rule 207 of the Rules of Practice and Procedure of the Federal Energy Regulatory Commission, 18 CFR 385.207(a)(5) (2008), Texas Eastern Transmission, LP (Texas Eastern) filed a petition for temporary waivers of the Applicable Shrinkage Adjustment (ASA) fuel percentage and section 15.2(C) of the General Terms and Conditions (GT&C) of its FERC Gas Tariff related to service provided on Texas Eastern's Main Pass offshore system during a planned maintenance outage on that system next month. Texas Eastern requests any additional waivers of Texas Eastern's FERC Gas Tariff and the Commission's regulations that are necessary for Texas Eastern to implement the proposal described therein.

Texas Eastern states that these waivers are necessary to maximize the ability of producers connected to a 25-mile portion of its Main Pass offshore system located upstream of the proposed work area to continue to maintain production during the outage period. Texas Eastern states that the temporary waivers requested herein would be effective for a period of approximately one month during July and August this summer while Texas Eastern performs the required maintenance work.

Texas Eastern respectfully requests that the Commission expedite action on this Petition and grant the waiver requested herein by June 19, 2009. In light of this request for expedited action, Texas Eastern requests that the Commission shorten the notice period to one week from the date of this filing.

Records Governing Off-the-Record Communications; Public Notice

June 8, 2009.

This constitutes notice, in accordance with 18 CFR 385.2201(b), of the receipt of prohibited and exempt off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive a prohibited or exempt off-the-record communication relevant to the merits of a contested proceeding, to deliver to the Secretary of the Commission, a copy of the communication, if written, or a summary of the substance of any oral communication.

PROHIBITED communications are included in a public, non-decisional file associated with, but not a part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become a part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record communication, and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such a request only when it determines that fairness so requires. Any person identified below as having made a prohibited off-the-record communication shall serve the document on all parties listed on the official service list for the applicable proceeding in accordance with Rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications are included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e) (1) (v).
