F. Provincial/Municipal Programs

1. Liaoning Province "Five Points, One Line" Program
2. Guangzhou City Famous Export Brands
3. Grants to Companies for "Outward Expansion" in Guangdong Province
4. Guangdong and Zhejiang Provinces Programs to Rebate Antidumping Fees

For further information explaining why the Department is investigating these programs, *see CVD Initiation Checklist*.

- We are not including in our investigation the following programs alleged to benefit producers/exporters of the subject merchandise in the PRC:
- A. GOC Policy Lending and Directed Credit to Steel Producers
 - B. Discounted Loans and Interest Rate Subsidies under the Liaoning Province Framework
 - C. Grants to Steel Producers for Environmental Purposes.

For further information explaining why the Department is not initiating an investigation of these programs, *see CVD Initiation Checklist*.

Respondent Selection

For this investigation, the Department intends to select respondents based on U.S. Customs and Border Protection (CBP) data for U.S. imports during the POI (*i.e.*, calendar year 2008). We intend to release the CBP data under Administrative Protective Order (APO) to all parties with access to information protected by APO within five days of the announcement of the initiation of this investigation. Interested parties may submit comments regarding the CBP data and respondent selection within seven calendar days of publication of

this notice. We intend to make our decision regarding respondent selection within 20 days of publication of this notice. Interested parties must submit applications for disclosure under APO in accordance with 19 CFR 351.305. Instructions for filing such applications may be found on the Department's website at <http://ia.ita.doc.gov/apo>.

Distribution of Copies of the CVD Petition

In accordance with section 702(b)(4)(A)(i) of the Act and 19 CFR 351.202(f), a copy of the public version of the petition has been provided to the representatives of the GOC. Because of the particularly large number of producers/exporters identified in the petition, the Department considers the service of the public version of the petition to the foreign producers/exporters satisfied by the delivery of the public version to the GOC, consistent with 19 CFR 351.203(c)(2).

ITC Notification

We have notified the ITC of our initiation, as required by section 702(d) of the Act.

Preliminary Determination by the ITC

The ITC will preliminarily determine, within 25 days after the date on which it receives notice of the initiation, whether there is a reasonable indication that imports of subsidized CSG from the PRC materially injure, or threaten material injury to, a U.S. industry. *See* section 703(a)(2) of the Act. A negative ITC determination will result in the investigation being terminated; *see* section 703(a)(1) of the Act. Otherwise, the investigation will proceed according to statutory and regulatory time limits.

This notice is issued and published pursuant to section 777(i) of the Act.

Dated: June 18, 2009.

Ronald K. Lorentzen,
Acting Assistant Secretary for Import Administration.

Appendix I—Scope of the Investigation

The products covered by this investigation are certain steel grating, consisting of two or more pieces of steel, including load-bearing pieces and cross pieces, joined by any assembly process, regardless of: (1) Size or shape; (2) method of manufacture; (3) metallurgy (carbon, alloy, or stainless); (4) the profile of the bars; and (5) whether or not they are galvanized, painted, coated, clad or plated. Steel grating is also commonly referred to as "bar grating," although the components may consist of steel other than bars, such as hot-rolled sheet, plate, or wire rod.

The scope of this investigation excludes expanded metal grating, which is comprised of a single piece or coil of sheet or thin plate steel that has been slit and expanded, and does not involve welding or joining of multiple pieces of steel. The scope of this investigation also excludes plank type safety grating which is comprised of a single piece or coil of sheet or thin plate steel, typically in thickness of 10 to 18 gauge, that has been pierced and cold formed, and does not involve welding or joining of multiple pieces of steel.

Certain steel grating that is the subject of this investigation is currently classifiable in the Harmonized Tariff Schedule of the United States ("HTSUS") under subheading 7308.90.7000. While the HTSUS subheading is provided for convenience and customs purposes, the written description of the scope of this investigation is dispositive.

CONSUMER PRODUCT SAFETY COMMISSION

Submission for OMB Review; Comment Request—Requirements for Baby-Bouncers, Walker-Jumpers, and Baby-Walkers

AGENCY: Consumer Product Safety Commission.

ACTION: Notice.

SUMMARY: In the **Federal Register** of April 16, 2009 (74 FR 17638), the Consumer Product Safety Commission (CPSC or Commission) published a notice in accordance with provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) to announce the CPSC's intention to seek extension of approval of the collection of information in the requirements for baby-bouncers, walker-jumpers, and baby-walkers in regulations codified at 16 CFR 1500.18(a)(6) and 1500.86(a)(4).

No comments were received in response to that notice. Therefore, by publication of this notice, the Commission announces that it has submitted to the Office of Management and Budget (OMB) a request for extension of approval of that collection of information without change.

One CPSC regulation bans any product known as a baby-bouncer, walker-jumper, baby-walker or similar article if it is designed in such a way that exposed parts present hazards of amputations, crushing, lacerations, fractures, hematomas, bruises or other injuries to children's fingers, toes, or

other parts of the body. 16 CFR 1500.18(a)(6).

A second CPSC regulation establishes criteria for exempting baby-bouncers, walker-jumpers, and baby-walkers from the banning rule under specified conditions. 16 CFR 1500.86(a)(4). The exemption regulation requires certain labeling on these products and their packaging to identify the name and address of the manufacturer or distributor and the model number of the product. Additionally, the exemption regulation requires that records must be established and maintained for three years relating to testing, inspection, sales, and distribution of these products. The regulation does not specify a particular form or format for the records. Manufacturers and importers may rely on records kept in the ordinary course of business to satisfy the recordkeeping requirements if those records contain the required information.

If a manufacturer or importer distributes products that violate the banning rule, the records required by section 1500.86(a)(4) can be used by the manufacturer or importer and the CPSC: (i) To identify specific models of products that fail to comply with applicable requirements; and (ii) to notify distributors and retailers if the products are subject to recall.

CONSUMER PRODUCT SAFETY COMMISSION

Submission for OMB Review; Comment Request—Flammability Standards for Children's Sleepwear

AGENCY: Consumer Product Safety Commission.

ACTION: Notice.

SUMMARY: In the *Federal Register* of April 16, 2009, 74 FR 17636, the Consumer Product Safety Commission (CPSC or Commission) published a notice in accordance with provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) to announce the CPSC's intention to seek extension of approval of collections of information in the flammability standards for children's sleepwear and implementing regulations.

No comments were received in response to that notice. Therefore, by publication of this notice, the Commission announces that it has submitted to the Office of Management and Budget (OMB) a request for extension of approval of that collection of information without change.

The standards and regulations are codified as the Standard for the Flammability of Children's Sleepwear: Sizes 0 Through 6X (FF3-71), 16 CFR Part 1615; and the Standard for the Flammability of Children's Sleepwear: Sizes 7 Through 14 (FF5-74), 16 CFR Part 1616. The flammability standards and implementing regulations prescribe requirements for testing and recordkeeping by manufacturers and importers of children's sleepwear

subject to the standards. The information in the records required by the regulations allows the Commission to determine if items of children's sleepwear comply with the applicable standard. This information also enables the Commission to obtain corrective actions if items of children's sleepwear fail to comply with the applicable standard in a manner which creates a substantial risk of injury.
