Certain Circular Welded Non-Alloy Steel Pipe from Mexico; Extension of Time Limit for Preliminary Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

FOR FURTHER INFORMATION CONTACT: Maryanne Burke or Robert James, AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-5604 or (202) 482-0649, respectively.

SUPPLEMENTARY INFORMATION:

Background

On December 1, 2008, the Department of Commerce (the Department) received a timely request from interested party U.S. Steel Corporation to conduct an administrative review of the antidumping duty order on certain circular welded non-alloy steel pipe from Mexico.¹ On December 24, 2008, the Department published a notice of initiation of this administrative review, covering the period of November 1, 2007 to October 31, 2008. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part*, 73 FR 79055 (December 24, 2008). The current deadline for the preliminary results of this review is August 2, 2009.

Extension of Time Limits for Preliminary Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department to complete the preliminary results of an administrative review within 245 days after the last day of the anniversary month of an order for which a review is requested. However, if it is not practicable to complete the review within this time period, section

¹ Because the last day of the anniversary month of this order, November 30, 2008, fell on a Sunday, petitioners filed their request for review on the next business day, Monday, December 1, 2008.

751(a)(3)(A) of the Act allows the Department to extend the time limit for the preliminary results to a maximum of 365 days after the last day of the anniversary month of an order for which a review is requested.

The Department finds it is not practicable to complete the preliminary results of this review within the original time frame because we require additional time to analyze Tuberia Nacional, S.A. de C.V.'s (TUNA's) claim that it did not have exports, sales or entries of subject merchandise to the United States during the period of review. See TUNA's "no shipment" letter to the Department, dated January 23, 2009. In light of our ongoing changed circumstances review, more time is also necessary to consider the relationship between Ternium Mexico, S.A. de C.V. and Hylsa, S.A. de C.V., a mandatory respondent in the instant review. See *Preliminary Results of Antidumping Duty Changed Circumstances Review: Certain Circular Welded Non-Alloy Steel Pipe and Tube from Mexico*, 74 FR 28883 (June 18, 2009). Accordingly, the Department is extending the time limit for completion of the preliminary results of this administrative review until no later than November 30, 2009, which is 365 days from the last day of the anniversary month. We intend to issue the final results no later than 120 days after publication of the preliminary results notice.

This extension is issued and published in accordance with sections 751(a)(3)(A) and 777(i) of the Act.

Dated: July 15, 2009.

John M. Andersen,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Stainless Steel Sheet and Strip in Coils from the Republic of Korea: Rescission of Countervailing Duty Changed Circumstances Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: July 21, 2009.

SUMMARY: The Department of Commerce (the "Department") is rescinding the countervailing duty ("CVD") changed circumstances review of stainless steel

sheet and strip in coils ("S4") from the Republic of Korea ("Korea"), as INI Steel Company ("INI") was found to be the successor-in-interest to Incheon Iron and Steel Co., Ltd. ("Inchon") in other segments of this proceeding.

FOR FURTHER INFORMATION CONTACT:

Magd Zalok or Howard Smith, AD/CVD Enforcement Office IV, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone (202) 482-4162 and (202) 482-5193.

SUPPLEMENTARY INFORMATION:

Background

On September 21, 2001, the Department initiated the instant changed circumstances review to examine whether INI was the successor-in-interest to Incheon. See *Stainless Steel Sheet and Strip in Coils from the Republic of Korea: Notice of Initiation of Changed Circumstances Countervailing Duty Administrative Review*, 66 FR 49639 (September 28, 2001). The Department published its preliminary results in this changed circumstances review on June 3, 2002, and preliminarily determined that Incheon was the successor-in-interest to INI. See *Stainless Steel Sheet and Strip in Coils from the Republic of Korea: Notice of Preliminary Results of Changed Circumstances Countervailing Duty Administrative Review*, 67 FR 38257 (June 3, 2002) ("Preliminary Results"). We gave interested parties 10 days to comment on the *Preliminary Results*. The Department received no comments.

Scope of the Order

The products subject to the order are certain stainless steel sheet and strip in coils. Stainless steel is an alloy steel containing, by weight, 1.2 percent or less of carbon and 10.5 percent or more of chromium, with or without other elements. The subject sheet and strip is a flat-rolled product in coils that is greater than 9.5 mm in width and less than 4.75 mm in thickness and that is annealed or otherwise heat treated and pickled or otherwise descaled. The subject sheet and strip may also be further processed (e.g., cold-rolled, polished, aluminized, coated), provided that it maintains the specific dimensions of sheet and strip following such processing.

The merchandise subject to the order is currently classifiable in the Harmonized Tariff Schedule of the United States ("HTSUS") at subheadings: 7219.13.00.30, 7219.13.00.50, 7219.13.00.70,

7219.13.00.80, 7219.14.00.30, 7219.14.00.65, 7219.14.00.90, 7219.32.00.05, 7219.32.00.20, 7219.32.00.25, 7219.32.00.35, 7219.32.00.36, 7219.32.00.38, 7219.32.00.42, 7219.32.00.44, 7219.33.00.05, 7219.33.00.20, 7219.33.00.25, 7219.33.00.35, 7219.33.00.36, 7219.33.00.38, 7219.33.00.42, 7219.33.00.44, 7219.34.00.05, 7219.34.00.20, 7219.34.00.25, 7219.34.00.30, 7219.34.00.35, 7219.35.00.05, 7219.35.00.15, 7219.35.00.30, 7219.35.00.35, 7219.90.00.10, 7219.90.00.20, 7219.90.00.25, 7219.90.00.60, 7219.90.00.80, 7220.12.10.00, 7220.12.50.00, 7220.20.10.10, 7220.20.10.15, 7220.20.10.60, 7220.20.10.80, 7220.20.60.05, 7220.20.60.10, 7220.20.60.15, 7220.20.60.60, 7220.20.60.80, 7220.20.70.05, 7220.20.70.10, 7220.20.70.15, 7220.20.70.60, 7220.20.70.80, 7220.20.80.00, 7220.20.90.30, 7220.20.90.60, 7220.90.00.10, 7220.90.00.15, 7220.90.00.60, and 7220.90.00.80.

Although the HTSUS subheadings are provided for convenience and customs purposes, the Department's written description of the merchandise is dispositive.

Excluded from the scope of the order are the following: (1) sheet and strip that is not annealed or otherwise heat treated and pickled or otherwise descaled, (2) sheet and strip that is cut to length, (3) plate (i.e., flat-rolled stainless steel products of a thickness of 4.75 mm or more), (4) flat wire (i.e., cold-rolled sections, with a prepared edge, rectangular in shape, of a width of not more than 9.5 mm), and (5) razor blade steel. Razor blade steel is a flat rolled product of stainless steel, not further worked than cold-rolled (cold-reduced), in coils, of a width of not more than 23 mm and a thickness of 0.266 mm or less, containing, by weight, 12.5 to 14.5 percent chromium, and certified at the time of entry to be used in the manufacture of razor blades. See Chapter 72 of the HTSUS, "Additional U.S. Note"1(d).

The Department has determined that certain specialty stainless steel products are also excluded from the scope of the order. These excluded products are described below.

Flapper valve steel is defined as stainless steel strip in coils containing, by weight, between 0.37 and 0.43 percent carbon, between 1.15 and 1.35 percent molybdenum, and between 0.20 and 0.80 percent manganese. This steel also contains, by weight, phosphorus of 0.025 percent or less, silicon of between
