All submissions received must include the agency name and docket ID. Regardless of the method used for submitting comments or material, all submissions will be posted, without change, to the Federal eRulemaking Portal at <http://www.regulations.gov>, and will include any personal information you provide. Therefore, submitting this information makes it public. You may wish to read the Privacy Act notice that is available on the Privacy and Use Notice link on the Administration Navigation Bar of <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT: Contact Nicholas W. Peake, Planning Section Chief, National Preparedness Directorate, 202-786-9726 for additional information. You may contact the Records Management Branch for copies of the proposed collection of information at facsimile number (202) 646-3347 or e-mail address: FEMA-Information-Collections@dhs.gov.

SUPPLEMENTARY INFORMATION: The purpose of the Regional Catastrophic Preparedness Grant Program (RCPGP) is to enhance catastrophic incident preparedness in Tier 1 and selected Tier 2 Urban Areas. RCPGP is intended to support coordination of regional all-hazard planning for catastrophic events, including the development of integrated planning communities, plans, protocols, and procedures to manage a catastrophic event. The collection of information for the RCPGP is mandated by Title III of the Consolidated Security,

Disaster Assistance, and Continuing Appropriations Act, 2009 (Pub. L. 110-329). This program was originally created under the general grant and cooperative agreement making powers of the Secretary under 6 U.S.C. 112(b)(2).

The RCPGP information is to be used to produce improved catastrophic plans and planning processes by the states and local jurisdictions involved. Specifically, the plans and planning must address shortcomings in existing plans to address regional catastrophic planning issues, including the establishment of a regional network of plans to address catastrophic events. Plans will include a process for establishing an incident command structure and will also identify roles and responsibilities for each organization. Additionally, plans will identify detailed resource, personnel, and asset allocations in order to execute strategic objectives and translate strategic priorities into operational execution. These plans should apply existing capabilities and assist in assessing gaps in needed capabilities.
