Title: Mentoring Children of Prisoners Data Collection Process (MCPDCP).

OMB No.: 0970-0266.

Description: Information from the Mentoring Children of Prisoners Data Collection Process is necessary for the Federal agency's reporting and planning under the Government Performance and Results Act and to support evaluation requirements in the statute. The data will be used for accountability monitoring, management improvement, and research. Acquisition of the data ensures that the Federal agency knows if Grantees are meeting the targets (number of children being mentored) recorded in the grant application as required by the statute, and that mentoring activities are faithful to characteristics established by research as essential to success. The data also support grantees as they carry out ongoing responsibilities, maintain program service and manage information for internal uses.

Respondents: Recipients of grants from the HHS/ACF/Family and Youth Services Bureau to operate programs to provide mentoring for children of prisoners.
