

complete Items 17, 18, and 19 of Form SF-424.

Since the implementation portion of the Community TAA Program is similar to EDA's existing economic development planning and construction programs, EDA plans to require communities that have received this Affirmative Determination to use OMB-approved Application for Investment Assistance (Form ED-900), to request planning and/or project implementation assistance.

Form ED-900 also is required to apply for assistance under EDA's other economic development programs authorized under PWEDA. All information collected using Form ED-900 is necessary for EDA to evaluate whether proposed projects satisfy eligibility and programmatic requirements contained in PWEDA, the accompanying regulations codified in 13 CFR chapter III, and the applicable Federal Funding Opportunity (FFO) announcement. As noted above, Form ED-900 also will be used to evaluate whether proposed projects satisfy eligibility and programmatic requirement contained in chapter 4 of the Trade Act, which establishes the Community TAA Program, EDA's regulations as set out at 13 CFR part 313, and the applicable FFO.

Form ED-900 was renewed in March 2009; however, an emergency request was submitted to the Office of Management and Budget due to the eligibility changes in the Trade Adjustment Assistance for Firms Program as specified in the Trade and Globalization Adjustment Assistance Act (TGAAA) of 2009, which reauthorized the program. OMB approved this emergency request on August 12, 2009, and because of the time constraints of the emergency request, a notice for public comment was not processed. The emergency request is valid for six months and this notice will begin the process to extend the approval.

II. Method of Collection

Form ED-900 may be downloaded in Portable Document Format (PDF) from <http://www.grants.gov>. Form ED-900 may be submitted electronically via <http://www.grants.gov> or in hard copy to the applicable EDA regional office that serves the applicant's state.

Magnesium Metal from the People's Republic of China: Extension of Time for the Preliminary Results of the Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: December 23, 2009.

FOR FURTHER INFORMATION CONTACT: Laurel LaCivita, AD/CVD Operations, Office 8, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-4243.

SUPPLEMENTARY INFORMATION:

Background

On April 1, 2009, the Department of Commerce ("the Department") published in the **Federal Register** a notice for an opportunity to request an administrative review of the antidumping duty order on magnesium metal from the People's Republic of China ("PRC"). See *Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity to Request Administrative Review*, 74 FR 14771 (April 1, 2009). Respondent, Tianjin Magnesium International Co., Ltd. ("TMI"), requested a review on April 27, 2009, and Petitioner, US Magnesium LLC ("US Magnesium"), requested a review of TMI on April 30, 2009. The Department published in the **Federal Register** a notice of initiation of an administrative review of TMI for the period April 1, 2008, through March 31, 2009. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 74 FR 25711 (May 29, 2009). Currently, the preliminary results of review are due no later than December 31, 2009.

Extension of Time Limit of Preliminary Results

Pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), the Department shall make a preliminary determination in an administrative review of an antidumping duty order within 245 days after the last day of the anniversary month of the date of publication of the order. The Act further provides, however, that the Department may extend that 245-day period to 365 days if it determines it is not practicable to

complete the review within the foregoing time period.

We determine that completion of the preliminary results of this review within the 245-day period is not practicable because the Department requires additional time to analyze information pertaining to the respondent's sales practices, factors of production, and to issue and review responses to supplemental questionnaires. Therefore, we require additional time to complete these preliminary results. As a result, in accordance with section 751(a)(3)(A) of the Act, the Department is extending the time period for completion of the preliminary results of this review by 75 days until March 16, 2010.

This notice is published in accordance with sections 751(a)(3)(A) and 777(i) of the Act.

Dated: December 16, 2009.

John M. Andersen,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Certain Frozen Fish Fillets From the Socialist Republic of Vietnam: Extension of Time Limit for Final Results of the New Shipper and Fifth Antidumping Duty Administrative Reviews

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* December 23, 2009.

FOR FURTHER INFORMATION CONTACT:

Javier Barrientos, AD/CVD Operations, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; *telephone:* (202) 482-2243.

Background

On September 4, 2009, the Department of Commerce ("Department") published the preliminary results of these new shipper and administrative reviews for the period August 1, 2007, through July 31, 2008. *See Certain Frozen Fish Fillets From the Socialist Republic of Vietnam: Notice of Preliminary Results of New Shipper Reviews and Fifth Antidumping Duty Administrative Review*, 74 FR

45805 (September 4, 2009) ("*Preliminary Results*"). The final results are currently due on January 2, 2010.

Extension of Time Limits for Final Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("Act"), and 19 CFR 351.213(h)(1) require the Department to issue the final results in an administrative review of an antidumping duty order 120 days after the date on which the preliminary results are published. The Department may, however, extend the deadline for completion of the final results of an administrative review to 180 days if it determines it is not practicable to complete the review within the foregoing time period. *See* section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2).

The Department finds that it is not practicable to complete the final results in the aligned new shipper and fifth antidumping duty administrative reviews of certain frozen fish fillets from Vietnam within this time limit. *See* Memo to the File re: Alignment of 4th New Shipper Review of Certain Frozen Fish Fillets from the Socialist Republic of Vietnam with the 5th Administrative Review of Certain Frozen Fish Fillets from the Socialist Republic of Vietnam (March 20, 2009). The Department is extending the deadline because additional time is needed to review interested parties' case and rebuttal briefs. For the reasons noted above, we are extending the time for the completion of the final results of this review by 60 days to March 3, 2010.

This notice is published in accordance with section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2).

Dated: *December 9, 2009.*

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

SUPPLEMENTARY INFORMATION:

I. Notice of Appeal

On November 25, 2009, Theodore Industrial Port filed notice of an appeal with the Secretary of Commerce (Secretary), pursuant to the Coastal Zone Management Act of 1972 (CZMA), 16 U.S.C. 1451 *et seq.*, and implementing regulations found at 15 CFR part 930, subpart H. The appeal is taken from an objection by Alabama to Theodore Industrial Port's consistency certification for a U.S. Army Corps of Engineers permit for a proposed port enhancement project at the Theodore Industrial Port in Theodore, Alabama. The specific activity sought to be permitted involves the filling of a tidal pond.

Under the CZMA, the Secretary may override Alabama's objection on grounds that the project is consistent with the objectives or purposes of the CZMA or otherwise necessary in the interest of national security. To make the determination that the proposed activity is "consistent with the objectives or purposes of the CZMA," the Department must find that: (1) The proposed activity furthers the national interest as articulated in sections 302 or 303 of the CZMA, in a significant or substantial manner; (2) the adverse effects of the proposed activity do not outweigh its contribution to the national interest, when those effects are
