

Transmittal No. 09-59

**Notice of Proposed Issuance of Letter of Offer
Pursuant to Section 36(b)(1)
of the Arms Export Control Act**

Annex
Item No. vii

(vii) Sensitivity of Technology:

1. The AGM-114K3 HELLFIRE II Air-to-Surface Anti-Armor missile hardware and documentation are unclassified. Missile performance parameters and characteristics, including susceptibility to countermeasures, are classified up to Secret and considered very sensitive. Missile hardware is considered sensitive and knowledge of the warhead timing mechanism would be useful in development of countermeasures. Technology contained within the missile is sensitive and Unclassified. The sensitivity of the system is primarily in the software programs which enable the missile to operate in a countermeasures environment. Training, maintenance, operations and related documentation are unclassified and not considered sensitive.
2. Missile design features minimize the possibility of reverse engineering U.S. capabilities.
3. If a technologically advanced adversary were to obtain knowledge of the specific hardware in this proposed sale, the information could be used to develop countermeasures, which might reduce the effectiveness of the reconnaissance system, or be used in the development of a system with similar capabilities.
4. A determination has been made that Egypt can provide substantially the same degree of protection for the sensitive technology being released as the U.S. Government. This sale is necessary in furtherance of the U.S. foreign policy and national security objectives outlined in the Policy Justification.

These proposed regulations require covered institutions to provide a variety of new loan disclosures, disclosures on private loans, for institutions to prepare and submit an annual report on the use of private loans, and to establish and adopt a code of conduct for institutions' participation in a preferred lender arrangement. The Department, in conjunction with outside entities are submitting the Private Education Loan Applicant Self-Certification form for OMB's approval.
