

over 30 years of trouble-free operating experience with 35/65 charged SGBA (MSA Model 401/Ultraite/Custom 4500 model line).

As stated above, 10 CFR 20.2301, allows the NRC to grant exemptions from the requirements of 10 CFR part 20. The NRC staff has determined that granting of the licensee's proposed exemption will not result in a violation of the Atomic Energy Act of 1954, as amended, or the Commission's regulations. Therefore, the exemption is authorized by law.

No Undue Hazard to Life or Property

The underlying purposes of 10 CFR 20.1703(g)(1) is to ensure that "Atmosphere-supplying respirators must be supplied with respirable air of Grade D quality or better as defined by the Compressed Gas Association" and that Grade D air criteria include oxygen content (v/v) of 19.5–23.5%. Section 20.1703(b) permits a licensee to request NRC approval to use equipment which has not been tested or certified by NIOSH. The application must supply evidence that the equipment is capable of providing the proposed degree of protection under the anticipated conditions of use. The licensee has demonstrated by documented third-party testing conducted by NASA and Intertek that the equipment will provide the proposed degree of protection under the anticipated conditions of use.

Based on the above, no new accident precursors are created by the use of MSA model Firehawk 7 Air Mask SCBA with a gas mixture of 35% oxygen and 65% nitrogen at SPS and NAPS, thus, the probability of postulated accidents is not increased. Also, based on the above, the consequences of postulated accidents are not increased. Therefore, there is no undue hazard to life or property.

4.0 Conclusion

Accordingly, the Commission has determined that, pursuant to 10 CFR 20.2301, the exemption is authorized by law and there is no undue hazard to life or property. Therefore, the Commission hereby grants Virginia Electric and Power Company an exemption from the 10 CFR 20.1703(g)(1), and certain requirements of 10 CFR part 20, appendix A, Footnote "a", to use the MSA model Firehawk 7 Air Mask SCBA with a gas mixture of 35% oxygen and 65% nitrogen at SPS and NAPS.

Pursuant to 10 CFR 51.32, the Commission has determined that the granting of this exemption will not have a significant effect on the quality of the human environment (Environmental Assessment published in the **Federal**

Register on March 22, 2010, 75 FR13600).

This exemption is effective upon issuance.

Dated at Rockville, Maryland, this 28th day of May 2010.

Murphy, Staff Attorney, Legislative and Regulatory Department, Pension Benefit Guaranty Corporation, 1200 K Street, NW., Washington, DC 20005-4026, 202-326-4024. (TTY and TDD users may call the Federal relay service toll-free at 1-800-877-8339 and ask to be connected to 202-326-4024.)

SUPPLEMENTARY INFORMATION:

Pension Benefit Guaranty Corporation (PBGC) administers the pension plan termination insurance program under title IV of the Employee Retirement

Income Security Act of 1974 (ERISA). Section 4006(a)(7) of ERISA provides for a "termination premium" (in addition to the flat-rate and variable-rate premiums under section 4006(a)(3)(A) and (E) of ERISA) that is payable for three years following certain distress and involuntary plan terminations. PBGC's regulations on Premium Rates (29 CFR part 4006) and Payment of Premiums (29 CFR part 4007) implement the termination premium. Sections 4007.3 and 4007.13(b) of the premium payment regulation require the filing of termination premium information and payments with PBGC. PBGC has promulgated Form T and instructions for paying the termination premium.

In general, the termination premium applies where a single-employer plan terminates in a distress termination under ERISA section 4041(c) (unless contributing sponsors and controlled group members meet the bankruptcy liquidation requirements of ERISA section 4041(c)(2)(B)(i)) or in an involuntary termination under ERISA section 4042, and the termination date under section 4048 of ERISA is after 2005. The termination premium does not apply in certain cases where termination occurs during a bankruptcy proceeding filed before October 18, 2005.

The termination premium is payable for three years. The same amount is payable each year. The amount of each payment is based on the number of participants in the plan as of the day before the termination date. In general, the amount of each payment is equal to \$1,250 times the number of participants. However, the rate is increased from \$1,250 to \$2,500 in certain cases involving commercial airline or airline catering service plans. The termination premium is due on the 30th day of each of three consecutive 12-month periods. The first 12-month period generally begins shortly after the termination date or after the conclusion of bankruptcy proceedings in certain cases.

Sections 4007.3 and 4007.13(b) of the premium payment regulation require the filing of termination premiums and related information. A filing must be made by a person liable for the termination premium. The persons liable for the termination premium are contributing sponsors and members of their controlled groups, determined on the day before the plan termination date. Interest on late termination premiums is charged at the rate imposed under section 6601(a) of the Internal Revenue Code, compounded daily, from the due date to the payment date. Penalties based on facts and circumstances may be assessed both for

failure to timely pay the termination premium and for failure to timely file required related information and may be waived in appropriate circumstances. A penalty for late payment will not exceed the amount of termination premium paid late. Section 4007.10 of the premium payment regulation requires the retention of records supporting or validating the computation of premiums paid and requires that the records be made available to PBGC.

OMB has approved the termination premium collection of information (Form T and instructions) under control number 1212-0064 through October 31, 2010. PBGC intends to request that OMB extend approval of this collection of information for three years, without change. (In connection with this request for extension of OMB approval, Form T has been reformatted without substantive change, and current burden data and instructions for the hearing impaired have been added to the Form T instructions.) An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

PBGC assumes that termination premium filings will be made with respect to one termination per year. Accordingly, PBGC assumes that it will receive each year an average of about one first-year, one second-year, and one third-year termination premium filing from an average of about three plan sponsor groups. Thus, PBGC estimates that the total annual burden of the collection of information will be about two-and-a-half hours and \$16,625.

PBGC is soliciting public comments to—

- Evaluate whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

- Evaluate the accuracy of the agency's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

- Enhance the quality, utility, and clarity of the information to be collected; and

- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Issued in Washington, DC, June 2, 2010.

Department, Pension Benefit Guaranty
Corporation.*

BILLING CODE 7709-01-P

SMALL BUSINESS ADMINISTRATION

Small Business Size Standards: Waiver of the Nonmanufacturer Rule

AGENCY: Small Business Administration.

ACTION: Notice of Waiver to the Nonmanufacturer Rule for Liquid Propane Gas (LPG), North American Industry Classification System (NAICS) code 325120, Product Service Code (PSC) 6830.

SUMMARY: The U. S. Small Business Administration (SBA) is granting a waiver of the Nonmanufacturer Rule for Liquid Propane Gas. The basis for waiver is that no small business manufacturers are supplying this class of product to the Federal Government. The effect of a waiver would be to allow otherwise qualified small businesses to supply the products of any manufacturer on a Federal contract set aside for small businesses, service-disabled veteran-owned (SDVO) small businesses or Participants in SBA's 8(a) Business Development (BD) Program.

DATES: This waiver is effective June 23, 2010.

FOR FURTHER INFORMATION CONTACT: Ms. Amy Garcia, Procurement Analyst, by telephone at (202) 205-6842; by Fax at (202) 481-1630; or by e-mail at amy.garcia@sba.gov.

SUPPLEMENTARY INFORMATION: Section 8(a)(17) of the Small Business Act (Act), 15 U.S.C. 637(a)(17), and SBA's implementing regulations require that recipients of Federal supply contracts set aside for small businesses, SDVO small businesses, or Participants in the SBA's 8(a) BD Program must provide the product of a small business manufacturer or processor, if the recipient is other than the actual manufacturer or processor of the product. This requirement is commonly referred to as the Nonmanufacturer Rule. 13 CFR 121.406(b), 125.15(c). Section 8(a)(17)(b)(iv) of the Act authorizes SBA to waive the Nonmanufacturer Rule for any "class of products" for which there are no small business manufacturers or processors available to participate in the Federal market.

In order to be considered available to participate in the Federal market for a

class of products, a small business manufacturer must have submitted a proposal for a contract solicitation or received a contract from the Federal Government within the last 24 months. 13 CFR 121.1202(c). The SBA defines "class of products" based on the Office of Management and Budget's NAICS. In addition, SBA uses PSCs to further identify particular products within the NAICS code to which a waiver would apply.

The SBA received a request on December 10, 2010, to waive the Nonmanufacturer Rule for LPG, PSC 6830 (Compressed and Liquefied Gases), under NAICS code 325120 (Industrial Gases Manufacturing).

On March 23, 2010, SBA published in the **Federal Register** a notice of intent to waive the Nonmanufacturer Rule for the above listed item. SBA explained in the notice that it was soliciting comments and sources of small business manufacturers of this class of products. No comments were received in response to this notice. SBA has determined that there are no small business manufacturers of this class of products, and is therefore granting the waiver of the Nonmanufacturer Rule for LPG, PSC 6830 (Compressed and Liquefied Gases), under NAICS code 325120 (Industrial Gases Manufacturing).

Director, Office of Government Contracting.
