

information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to <http://www.ed.gov/fund/grant/apply/appforms/appforms.html>.

4. **Performance Measures:** Under the Government Performance and Results Act of 1993 (GPRA), the following two performance measures will be used by the Department in assessing the success of the FIPSE— Special Focus Competition: U.S.-Brazil Higher Education Consortia Program:

(1) The extent to which funded projects are being replicated (i.e., adopted or adapted by others).

(2) The manner in which projects are being institutionalized and continued after funding.

If funded, you will be asked to collect and report data from your project on steps taken toward achieving the outcomes evaluated by these performance measures (i.e., institutionalization and replication). Consequently, applicants are advised to include these two outcomes in conceptualizing the design, implementation, and evaluation of their proposed projects. Institutionalization and replication are important outcomes that ensure the ultimate success of international consortia funded through this program.
