Rural Housing Service

Title: 7 CFR Part 1924–A, Planning and Performing Construction and Other Development.

OMB Control Number: 0575–0042.

Summary of Collection: The Rural Housing Service (RHS) is the credit agency for rural housing and community development within the Rural Development mission area of the United States Department of Agriculture. RHS offers a supervised credit program to build modest housing and essential community facilities in rural areas. Section 501 of Title V of the Housing Act of 1949, authorizes the Secretary of Agriculture to extend financial assistance to construct, improve, alter, repair, replace, or rehabilitate dwellings, farm buildings and/or related facilities to provide decent, safe sanitary living conditions and adequate farm building and other structures in rural areas.

Need and Use of the Information: RHS provides several forms to assist in the collection and submission of information. The information will be used to determine whether a loan/grant can be approved; to ensure that RHS has adequate security for the loans financed; to monitor compliance with the terms and conditions of the agency loan/grant and to monitor the prudent use of Federal funds. If the information is not collected and submitted, RHS would have no control over the type and quality of construction and development work planned and performed with Federal funds.

Description of Respondents: Individuals or Households; Business or Other For-Profit; Not-For-Profit Institutions; Farms; State, Local and Tribal Government.

Number of Respondents: 23,643.

Frequency of Responses:

Recordkeeping; Report: On occasion.

Total Burden Hours: 117,022.

Rural Housing Service

Title: 7 CFR 1951–F, Analyzing Credit Needs and Graduation of Borrower.

OMB Control Number: 0575–0093.

Summary of Collection: Section 333 of the Consolidated Farm and Rural Development Act and Section 502 of the Housing Act of 1949, require the Rural Housing Service (RHS), and the Rural Business-Cooperative Service (RBS) to

graduate their direct loan borrowers to other credit when they are able to do so. Graduation is an integral part of Agency lending, as Government loans beyond a borrower's need for subsidized rates of non-market terms. The notes, security instruments, or loan agreements of most borrowers require borrowers to refinance their Agency loans when other credit becomes available at reasonable rates and terms. If the borrower finds other credit is not available at reasonable rates and terms, the Agency will continue to review the borrower for possible graduation at periodic intervals. Information will be collected from the borrowers concerning their loans.

Need and Use of the Information: The information submitted by RBS and RHS borrowers to Agency offices is used to graduate direct borrowers to private credit with or without the use of Agency loan guarantees. The data collected will include financial information such as income, farm operating expenses, asset values, and liabilities.

Description of Respondents: Farms; Business or Other for-Profit.

Number of Respondents: 131.

Frequency of Responses: Reporting: Annually.

Total Burden Hours: 339.

DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

January 20, 2010.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13. Comments regarding (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information

technology should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), *OIRA_Submission@OMB.EOP.GOV* or fax (202) 395–5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250–7602. Comments regarding these information collections are best assured of having their full effect if received within 30 days of this notification. Copies of the submission(s) may be obtained by calling (202) 720–8958.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Animal and Plant Health Inspection Service

Title: Federal Plant Pest, Noxious Weed, and Garbage Regulations.

OMB Control Number: 0579–0054.

Summary of Collection: In accordance with Section 412 of the Plant Protection Act (Title IV, Pub. L. 106–224, 114 Stat. 438, 7 U.S.C. 7712), the Secretary of Agriculture is authorized to prohibit or restrict the importation, entry, exportation, or movement of interstate commerce of any plant, plant product, biological control organism, noxious weed, article, or means of conveyance, if the Secretary determines that the prohibition or restriction is necessary to prevent the introduction or dissemination of a plant pest or noxious weed within the United States. Animal and Plant Health Inspection Service's (APHIS) regulations implementing the Plant Protection Act are contained (in part) in part 330 of Title 7, Code of Federal Regulations and part 360 of Title 7, Code of Federal Regulations.

Need and Use of the Information: APHIS will collect information to evaluate the risk associated with the interstate movement of plant pest, noxious weeds, and soil. APHIS will also collect information to monitor operations at facility to ensure permit conditions are being met. The information is used to determine whether a permit can be issued, and also to develop risk-mitigating conditions for the proposed movement. If the information were not collected, APHIS ability to protect the United States from a plant pest or noxious weed

incursion would be significantly compromised.

Description of Respondents: Business or other for-profit; Individuals or households; State, Local or Tribal Government.

Number of Respondents: 25,755.

Frequency of Responses: Recordkeeping; Reporting: On occasion.

Total Burden Hours: 15,717.

Animal Plant and Health Inspection Service

Title: Importation of Live Swine Pork and Pork Products and Swine Semen from the European Union,

OMB Control Number: 0579-0218,

Summary of Collection: The Animal Health Protection Act (AHPA) of 2002 is the primary Federal law governing the protection of health of animals under APHIS' regulatory authority. The Law gives the Secretary of Agriculture broad authority to detect, control, or eradicate pests or diseases of livestock or poultry. The Animal Plant and Health Inspection Service (APHIS) conducts disease prevention activities in accordance with regulations in Title 9, Chapter 1, Subchapter D, Parts 91 through 99, of the Code of Federal Regulations. These regulations govern the importation of animals, birds, and poultry products, and animal germplasm. Under these regulations, certain regions of the European Union are allowed to export into the United States live breeding swine, pork, and pork products and swine semen.

Need and Use of the Information: APHIS will collect information concerning the origin and history of the items destined for importation into the United States. APHIS will also collect information to ensure that swine, pork and pork products, and swine semen pose a negligible risk of introducing exotic swine diseases into the United States. If the information is not collected it would cripple APHIS ability to ensure that swine, pork and pork products, and swine semen pose a minimal risk of introducing classical swine fever and other exotic animal disease into the United States.

Description of Respondents: Business or other for profit; Federal Government.

Number of Respondents: 25.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 8,242.

Food and Nutrition Service

Title: Food and Nutrition Service Evaluation of the Fresh Fruit and Vegetable Program (FFVP).

OMB Control Number: 0584-NEW.

Summary of Collection: The Food, Conservation and Energy Act of 2008 (the Farm Bill) (Pub. L. 110-246) expanded the Fresh Fruit and Vegetable Program (FFVP) nationwide and directed the Food and Nutrition Service (FNS) to conduct an evaluation resulting in a report to Congress in September

2011. The FFVP administered by FNS has the broad goal of fighting childhood obesity and improving overall diet quality by teaching children healthier eating habits. Increased consumption of fruits and vegetables has been found to reduce long-term obesity risk. Specific objectives of the FFVP are: To create healthier school environments by providing healthier food choices; to expand the variety of fruits and vegetables children experience; to increase children's fruit and vegetable consumption; and to make a difference in children's diets to impact their present and future health.

Need and Use of the Information: The evaluation of the FFVP has two main objectives: (1) To examine how the FFVP is currently being implemented, and (2) to estimate program impacts on participating students. To address these objectives, FNS has 36 research questions that will be grouped into six broad research categories for the evaluation. The information gathered in the data collection activities will be used by FNS to determine if students at FFVP schools have higher fresh fruits and vegetable consumption than students at non-participating schools, and whether FFVP induced other dietary changes such as decreased consumption of less nutritious foods among students.

Description of Respondents: State, Local, or Tribal Government; Individuals or households.

Number of Respondents: 18,854.

Frequency of Responses: Recordkeeping; Report: Annually.

Total Burden Hours: 8,478.
