

7. To ensure proper receipt by EPA, be sure to identify the docket ID number assigned to this action in the subject line on the first page of your response. You may also provide the name, date, and **Federal Register** citation.

What Information Collection Activity or ICR Does This Apply to?

Affected entities: Entities potentially affected by this action are the manufacturers of motor-vehicle gasoline, motor-vehicle diesel fuel, and additives for those fuels.

Title: Registration of Fuels and Fuel Additives—Requirements for Manufacturers.

ICR numbers: EPA ICR No. 0309.13, OMB Control No. 2060–0150.

ICR status: This ICR is currently scheduled to expire on July 31, 2010. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, are displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers in certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: In accordance with the regulations at 40 CFR Part 79, Subparts A, B, C, and D, Registration of Fuels and Fuel Additives, manufacturers (including importers) of motor-vehicle gasoline, motor-vehicle diesel fuel, and additives for those fuels, are required to have these products registered by the EPA prior to their introduction into commerce. Registration involves providing a chemical description of the fuel or additive, and certain technical, marketing, and health-effects information. The development of health-effects data, as required by 40 CFR Part 79, Subpart F, is covered by a separate information collection. Manufacturers are also required to submit periodic reports (annually for additives, quarterly and annually for fuels) on production volume and related information. The information is used to identify products whose evaporative or combustion emissions may pose an unreasonable risk to public health, thus meriting further investigation and potential regulation. The information is also used to ensure that gasoline additives comply with EPA requirements for protecting catalytic converters and other automotive emission controls. The data have been

used to construct a comprehensive data base on fuel and additive composition. The Mine Safety and Health Administration of the Department of Labor restricts the use of diesel additives in underground coal mines to those registered by EPA. Most of the information is confidential.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average two hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

The ICR provides a detailed explanation of the Agency's estimate, which is only briefly summarized here:

Estimated total number of potential respondents: 1500.

Frequency of response: On occasion, quarterly, annually.

Estimated total average number of responses for each respondent: 6.

Estimated total annual burden hours: 19,700.

Estimated total annual costs: \$2.2 million. This includes an estimated burden cost of \$2.17 million and an estimated cost of \$0.04 million for capital investment or maintenance and operational costs.

Are There Changes in the Estimates From the Last Approval?

There is an increase of 2,550 hours in the total estimated annual respondent burden compared with that identified in the ICR currently approved by OMB. This increase reflects EPA's updating of burden estimates. The increase is due to an increase in the number of registered fuels.

What Is the Next Step in the Process for This ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR

1320.12. At that time, EPA will issue another **Federal Register** notice pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the technical person listed under **FOR FURTHER INFORMATION CONTACT**.

Dated: January 27, 2010.

Margo Tsirigotis Oge,
Director, Office of Transportation and Air Quality.

ENVIRONMENTAL PROTECTION AGENCY

[EPA–HQ–OPP–2005–0123; FRL–8805–9]

Methyl Bromide; Amendments to Terminate Uses

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA's order for the amendments to terminate uses, voluntarily requested by the registrants and accepted by the Agency, of products containing the pesticide methyl bromide listed in Table 1, pursuant to section 6(f)(1) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended. This order follows a September 30, 2009 **Federal Register** Notice of Receipt of Requests from the registrants listed in Table 2 to amend to terminate post-harvest methyl bromide uses in or on alfalfa hay and cottonseed for these product registrations. These are the last products containing the pesticide methyl bromide registered for use on alfalfa hay and cotton seed in the United States. In the September 30, 2009 notice, EPA indicated that it would issue an order implementing the amendments to terminate uses, unless the Agency received substantive comments within the 30-day comment period that would merit its further review of these requests, or unless the registrants withdrew their requests within this period. The Agency did not receive any comments on the notice. Further, the registrants did not withdraw their requests. Accordingly, EPA hereby issues in this notice a cancellation order granting the requested amendments to terminate uses. Any distribution, sale, or use of the products subject to this cancellation order is permitted only in accordance with the terms of this order,

including any existing stocks provisions.

DATES: The cancellations are effective February 3, 2010.

FOR FURTHER INFORMATION CONTACT: Susan Bartow, Pesticide Re-evaluation Division (7508P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (703) 603-0065; fax number: (703) 308-8090; e-mail address: bartow.suan@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

This action is directed to the public in general, and may be of interest to a wide range of stakeholders including environmental, human health, and agricultural advocates; the chemical industry; pesticide users; and members of the public interested in the sale, distribution, or use of pesticides. Since others also may be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. How Can I Get Copies of this Document and Other Related Information?

EPA has established a docket for this action under docket identification (ID) number EPA-HQ-OPP-2005-0123. Publicly available docket materials are available either in the electronic docket at <http://www.regulations.gov>, or, if only available in hard copy, at the Office of Pesticide Programs (OPP) Regulatory Public Docket in Rm. S-4400, One Potomac Yard (South Bldg.), 2777 S. Crystal Dr., Arlington, VA. The hours of operation of this Docket Facility are from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The Docket Facility telephone number is (703) 305-5805.

II. What Action is the Agency Taking?

This notice announces the amendments to terminate uses, as requested by registrants, of products registered under section 3 of FIFRA. These registrations are listed in ascending order by registration number in Table 1 of this unit.

TABLE 1.—METHYL BROMIDE PRODUCT REGISTRATION AMENDMENTS TO TERMINATE USES

EPA Registration Number	Product Name
5785-11	Meth-O-Gas 100
5785-41	Meth-O-Gas Q
8536-15	Methyl Bromide 100
8536-29	Methyl Bromide Quarantine Fumigant
8622-16	Metabrom 100
8622-55	Metabrom Q

Table 2 of this unit includes the names and addresses of record for all registrants of the products in Table 1 of this unit, in ascending order by EPA company number.

TABLE 2.—REGISTRANTS OF AMENDED PRODUCTS

EPA Company Number	Company Name and Address
5785	Great Lakes Chemical Corporation P.O. Box 2200 West Lafayette, IN 47996-2200
8536	Soil Chemicals Corporation (doing business as Cardinal Professional Products) P.O. Box 782 Hollister, CA 95024-9487
8622	ICL-IP America, Inc. 95 MacCorkle Avenue, S.W. South Charleston, WV 25303-1411

III. Summary of Public Comments Received and Agency Response to Comments

During the public comment period provided, EPA received no comments in response to the September 30, 2009 **Federal Register** notice announcing the Agency's receipt of the requests for amendments to terminate uses of products listed in Table 1.

IV. Cancellation Order

Pursuant to FIFRA section 6(f), EPA hereby approves the requested amendments to terminate uses of methyl bromide registrations identified in Table 1 of Unit II. Accordingly, the Agency orders that the product registrations identified in Table 1 of Unit II. are

hereby amended to terminate the affected uses. Any distribution, sale, or use of existing stocks of the products identified in Table 1 of Unit II. in a manner inconsistent with any of the Provisions for Disposition of Existing Stocks set forth in Unit VI. will be considered a violation of FIFRA.

V. What is the Agency's Authority for Taking this Action?

Section 6(f)(1) of FIFRA provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**. Thereafter, following the public comment period, the Administrator may approve such a request.

VI. Provisions for Disposition of Existing Stocks

The registrants requested the following provisions for sale, distribution, and use of existing stocks and the Agency approves the requested provisions for sale, distribution, and use of existing stocks:

1. All sale or distribution by the registrant of existing stocks labeled for post-harvest alfalfa hay and post-harvest cottonseed uses is prohibited after October 31, 2009, unless that sale or distribution is solely for the purpose of facilitating disposal or export of the product.

2. Existing stocks labeled for post-harvest alfalfa hay and post-harvest cottonseed uses may be sold and distributed by persons other than the registrant until October 31, 2010.

3. Existing stocks labeled for post-harvest alfalfa hay and post-harvest cottonseed uses may be used until all such stocks are exhausted, provided that such use complies with the EPA-approved label of the product.

List of Subjects

Environmental protection, Pesticides and pests.

Dated: January 19, 2010.

Richard P. Keigwin, Jr.,

Director, Pesticide Re-evaluation Division,
Office of Pesticide Programs.
