2. Missing and Discrepant Wage Reports Letter and Questionnaire—26 CFR 31.6051-2—0960-0432. Each year employers report the wage amounts they paid their employees to the Internal Revenue Service (IRS) for tax purposes, and separately to SSA for retirement and disability coverage purposes. These reported amounts should equal each other. However, each year some employer wage reports SSA receives are less than the wage amounts employers report to the IRS. SSA uses Forms SSA-L93-SM, SSA-L94-SM, SSA-95-SM, and SSA-97-SM to ensure employees receive full credit for their wages. Respondents are employers who reported lower wage amounts to SSA than they reported to the IRS.

Notice of Informational Filing

In accordance with Section 236.913 of Title 49 of the Code of Federal Regulations (CFR), notice is hereby given that the Federal Railroad Administration (FRA) has received an informational filing from the Northeast Illinois Regional Commuter Railroad Corporation (Metra) to permit phased revenue testing of the railroad's processor-based train control system. The informational filing is described below, including the requisite docket number where the informational filing and any related information may be found. The document is also available for public inspection.

Northeast Illinois Regional Commuter Railroad Corporation

[Docket Number FRA-2008-0057]

Metra has submitted an informational filing to FRA to permit phased revenue testing of the railroad's processor-based train control system identified as Electronic Train Management System (ETMS). The informational filing addresses the requirements under 49 CFR 236.913(j)(1).

Specifically, the informational filing contains a description of the ETMS product, an operational concepts document, and a test plan. A temporary waiver petition to support phased revenue testing of ETMS was submitted separately. The ETMS is a locomotive-centric, non-vital system designed to be overlaid on existing methods of operation and to provide an improved level of railroad safety through enforcement of a train's authority limits and both permanent and temporary speed restrictions.

Metra desires to commence phased revenue testing as soon as practicable,

contingent upon FRA's acceptance and approval of their informational filing. Metra intends to test ETMS on its Joliet Sub-District between Chicago Terminal and Joliet, Illinois, and its Beverly Sub-District between Gresham Junction and Western Avenue Junction.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. All communications concerning these proceedings should identify the appropriate docket number (Docket Number FRA-2008-0057) and may be submitted by one of the following methods:
