SUPPLEMENTARY INFORMATION

A. Background

The NCUA published a final rule in
the **Federal Register** of October 20,
2010, at 75 FR 64786, containing
extensive revisions to its corporate
credit union rule, 12 CFR part 704. The

final revisions require three technical corrections. The following corrections reflect the intent of the original revisions as described in the preamble to the October 20, 2010 rulemaking.

B. Corrections

Section 704.2 Definition of “collateralized debt obligation”

The final revisions to part 704 prohibited corporate credit unions (corporates) from purchasing certain overly complex or leveraged investments, including collateralized debt obligations (CDOs). 75 FR 64786, 64793 (October 20, 2010). These prohibitions were intended to protect the corporates from the potential for excessive investment losses. 74 FR 65210, 65237 (December 9, 2009) (preamble to proposed part 704 revisions). The proposed (and final) definition of CDO, however, was overly broad, in that it inadvertently included particular investments that did not—when subject to the other credit risk and asset liability management limitations of part 704—present the risk of excessive losses.

This interim final rule amends the CDO definition to ensure the following are not prohibited: Commercial mortgage backed securities; securities collateralized by Agency mortgage-backed securities (Agency MBS); and securities that are fully guaranteed as to principal and interest by the United States Government and its agencies and government sponsored enterprises.

The final rulemaking published October 20, 2010, revises § 704.2 twice. The first § 704.2 revision is effective January 18, 2011, and the second revision is effective October 20, 2011. This technical correction to the definition of “collateralized debt obligation” must be included in both revisions. Accordingly, the rule text below has two separate instructions for the CDO definition.

Paragraph 704.6(b) Exemptions to § 704.6

Section 704.6 generally requires corporate investments meet certain single obligor concentration limits, sector concentration limits, and credit rating requirements. Paragraph 704.6(b) exempts certain investments, including investments generally issued by or guaranteed by the U.S. Government or its agencies or sponsored enterprises, from the requirements of § 704.6. As stated in the preamble to the recent corporate rule revisions, however, the Board did not intend for this exemption to apply to agency MBS in the context of sector limits. 75 FR 64786, 64806

(Oct. 20, 2010) (discussing paragraph 704.6(d)(1)(i)). As drafted, however, not only the sector limits apply to agency MBS, but the other requirements, including single obligor limits and credit rating requirements, inadvertently apply to agency MBS. This correction clarifies the list of exemptions in § 704.6(b) to make clear that Agency MBS are subject to the sector concentration limits in 704.6(d) but not the other requirements of § 704.6.

Appendix A, Model Form H

The rule as published included an incorrect date instruction on Model Form H in Appendix A. *Id.* at 64851. Model Form H included introductory text indicating that the form was for use before October 20, 2011. In fact, because Model Form H deals with perpetual contributed capital, the form should be used only on and after October 20, 2011. The correction replaces the phrase “before” with the phrase “on or after.”

C. Interim Final Rule

NCUA is issuing this rulemaking as an interim final rule effective as of January 18, 2011, which is the date the relevant provisions of the previous corporate rulemaking will take effect. The Administrative Procedure Act (APA), 5 U.S.C. 553, generally requires that before a rulemaking can be finalized it must first be published as a notice of proposed rulemaking with the opportunity for public comment, unless the agency for good cause finds that notice and public comment are impracticable, unnecessary, or contrary to the public interest. In this regard, NCUA believes good cause exists for issuing these clarifying amendments as an interim final rule, in order to coordinate with the effective date of the recent final revisions as well as eliminate as soon as possible any confusion resulting from preamble language that is inconsistent with, or makes ambiguous, the associated regulatory text. To that extent, NCUA believes issuing this rulemaking as an interim final rule is in the public interest. NCUA does not anticipate comments on these changes and so is allowing only a 30-day comment period.

D. Regulatory Procedures

Regulatory Flexibility Act

The Regulatory Flexibility Act requires NCUA to prepare an analysis to describe any significant economic impact any proposed regulation may have on a substantial number of small entities (those under \$10 million in assets). The interim final rule applies only to corporate credit unions, all of

which have assets well in excess of \$10 million. Accordingly, the interim final rule will not have a significant economic impact on a substantial number of small credit unions and, therefore, a regulatory flexibility analysis is not required.

Small Business Regulatory Enforcement Fairness Act

The Small Business Regulatory Enforcement Fairness Act (SBREFA) of 1996, Public Law 104–121, provides generally for congressional review of agency rules. A reporting requirement is triggered in instances where NCUA issues a final rule as defined by Section 551 of the Administrative Procedures Act, 5 U.S.C. 551. While NCUA views these clarifying amendments as minor, the formal determination by the Office of Information and Regulatory Affairs is pending.

Paperwork Reduction Act

The Paperwork Reduction Act of 1995 (PRA) applies to rulemakings in which an agency by rule creates a new paperwork burden on regulated entities or modifies an existing burden. 44 U.S.C. 3507(d); 5 CFR part 1320. For purposes of the PRA, a paperwork burden may take the form of either a reporting or a recordkeeping requirement, both referred to as information collections. These technical corrections do not impose any new paperwork burden.

Executive Order 13132

Executive Order 13132 encourages independent regulatory agencies to consider the impact of their actions on State and local interests. In adherence to fundamental federalism principles, NCUA, an independent regulatory agency as defined in 44 U.S.C. 3502(5), voluntarily complies with the executive order.

The interim final rule would not have substantial direct effects on the states, on the connection between the national government and the states, or on the distribution of power and responsibilities among the various levels of government. NCUA has determined that this rule does not constitute a policy that has federalism implications for purposes of the executive order.

The Treasury and General Government Appropriations Act, 1999—Assessment of Federal Regulations and Policies on Families

The NCUA has determined that this interim final rule will not affect family well-being within the meaning of section 654 of the Treasury and General

Government Appropriations Act, 1999, Public Law 105–277, 112 Stat. 2681 (1998).

Airworthiness Directives; Dassault-Aviation Model FALCON 7X Airplanes

AGENCY: Federal Aviation Administration, Department of Transportation.

ACTION: Final rule.

SUMMARY: We are adopting a new airworthiness directive (AD) for the products listed above. This AD results from mandatory continuing airworthiness information (MCAI) originated by an aviation authority of another country to identify and correct an unsafe condition on an aviation product. The MCAI describes the unsafe condition as:

A design review has shown that the Lightning Sensor System (LSS) antenna which is optionally installed on certain Falcon 7X aeroplanes might, in the event of belly or gear-up landing, puncture the rear fuel tank, which could result in fuel leakage and post-landing fire.

We are issuing this AD to require actions to correct the unsafe condition on these products.

DATES: This AD becomes effective December 29, 2010.

The Director of the Federal Register approved the incorporation by reference of a certain publication listed in this AD as of December 29, 2010.

ADDRESSES: You may examine the AD docket on the Internet at <http://www.regulations.gov> or in person at the U.S. Department of Transportation, Docket Operations, M–30, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue, SE., Washington, DC.
