

additional priorities subject to meeting applicable rulemaking requirements.

Note: This notice does not solicit applications. In any year in which we choose to use this priority, we will announce the priority in the **Federal Register** notice governing the applicable grant competition.

Executive Order 12866: This notice of proposed priority has been reviewed in accordance with Executive Order 12866. Under the terms of the order, we have assessed the potential costs and benefits of this regulatory action.

The potential costs associated with this notice of proposed priority are those we have determined as necessary for administering the OSDFS Discretionary Grant Programs effectively and efficiently. The benefit of this proposed priority is to increase federally recognized tribal communities' access to a set of programs that address the unique social, emotional, and academic needs of AI/AN youth.

In assessing the potential costs and benefits—both quantitative and qualitative—of this notice of proposed priority, we have determined that the benefits of the proposed priority justify the costs.

We have also determined that this regulatory action does not unduly interfere with State, local, and tribal governments in the exercise of their governmental functions.

Intergovernmental Review: This program is subject to Executive Order 12372 and the regulations in 34 CFR part 79. One of the objectives of the Executive Order is to foster an intergovernmental partnership and a strengthened federalism. The Executive Order relies on processes developed by State and local governments for coordination and review of proposed Federal financial assistance.

This document provides early notification of our specific plans and actions for this program.

Executive Order 13175: Executive Order 13175 ("Consultation and Coordination with Indian Tribal Governments") provides that each Federal agency must have an accountable process to ensure regular and meaningful consultation and collaboration with Indian tribal governments or their representative organizations in the development of regulatory policies that have tribal implications. As part of this process, before publishing this notice of proposed priority, we have conducted official tribal consultations with tribal leaders who represent federally recognized tribes across the country. We are specifically inviting input from Indian tribal officials concerning this

proposed priority as part of the process of consultation required by the Executive order.
