

(GAN). We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. Administrative and National Policy Requirements: We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section in this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section in this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Reporting: (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to <http://www.ed.gov/fund/grant/apply/appforms/appforms.html>.

4. Performance Measures: The Secretary has established three performance measures to track the performance of this program. We will gather the data for these measures from each grantee. Therefore, when responding to the selection criteria grantees should address the following measures in the appropriate section.

Measure One: The percentage of all Transition to Teaching participants who become teachers of record in high-need schools in high-need LEAs. For this measure we will collect data on the number of participants and the number of teachers of record in high-need schools in high-need LEAs.

Measure Two: The percentage of Transition to Teaching participants who, within three years, receive the same State certification or licensure as teachers not participating in the alternative route program. For this measure, we will collect data on the

number of participants who meet this measure.

Measure Three: The percentage of Transition to Teaching teachers of record who teach in high-need schools in high-need LEAs for three years. For this measure, we will collect data on the number of participants who become teachers of record who have been teaching in high-need schools in high-need LEAs for at least three years.

5. Continuation Awards: In making a continuation award, the Secretary may consider, under 34 CFR 75.253, the extent to which a grantee has made "substantial progress toward meeting the objectives in its approved application." This consideration includes the review of a grantee's progress in meeting the targets and projected outcomes in its approved application, and whether the grantee has expended funds in a manner that is consistent with its approved application and budget. In making a continuation grant, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).
