

are requested to limit their comments to 5 minutes. Please note that the public comment period may end before the time indicated, following the last call for comments. Contact the individual listed below to register as a speaker.

FOR FURTHER INFORMATION CONTACT: Mr. David Dean, GLPAC Assistant Designated Federal Officer (ADFO), Commandant (CG-5522), U.S. Coast Guard Headquarters, 2100 Second Street, SW., Stop 7580, Washington, DC 20593-7580; telephone 202-372-1533, fax 202-372-1909, or e-mail at David.J.Dean@uscg.mil.

SUPPLEMENTARY INFORMATION: Notice of this meeting is given under the Federal Advisory Committee Act, 5 U.S.C. App. (Pub. L. 92-463). It was established under the authority of 46 U.S.C. 9307, and advises the Secretary of Homeland Security and the Coast Guard on Great Lakes pilot registration, operating requirements, training policies, and pilotage rates and other matters relating to Great Lakes pilotage.

GLPAC expects to meet twice per year but may also meet at other times at the call of the Secretary. Further information about GLPAC is available by searching on "Great Lakes Pilotage Advisory Committee" at <http://www.fido.gov/facadatabase/>.

Agenda

The GLPAC will meet to review, discuss and formulate recommendations on the following issues:

Old Business:

Discussion of bridge hour analysis that reflects the actual pilotage time on task including bridge hours, standby time, travel time and delay/detention time using historical traffic records.

New Business:

Review of bridge hour calculations, a measure of pilotage hours and a key factor in determining pilotage rates;

Review of the methodology used to determine annual pilotage rates;

Implementation of a 2010 GLPAC recommendation to modify the methodology for reviewing pilotage rates every fifth year so that it can be applied on a partial basis to recognize major expenses incurred between fifth year reviews;

Discussion of the future role of the Great Lakes Pilotage Electronic Management System, as well as the current uses of the software for dispatching and billing.

Dated: April 26, 2011.

Dana A. Goward,

Director Marine Transportation Systems Management, U.S. Coast Guard.

Prince William Sound Regional Citizens' Advisory Council (PWSRCAC) Charter Renewal

AGENCY: Coast Guard, DHS.

ACTION: Notice of recertification.

SUMMARY: The purpose of this notice is to inform the public that the Coast Guard has recertified the Prince William Sound Regional Citizens' Advisory Council (PWSRCAC) as an alternative voluntary advisory group for Prince William Sound, Alaska. This certification allows the PWSRCAC to monitor the activities of terminal facilities and crude oil tankers under the Prince William Sound Program established by statute.

DATES: This recertification is effective for the period from March 1st, 2011 through February 29, 2012.

FOR FURTHER INFORMATION CONTACT: LCDR Michael Franklin, Seventeenth Coast Guard District (dpi); Telephone (907)463-2821, e-mail Michael.R.Franklin@uscg.mil.

SUPPLEMENTARY INFORMATION:

Background and Purpose

As part of the Oil Pollution Act of 1990, Congress passed the Oil Terminal and Oil Tanker Environmental Oversight and Monitoring Act of 1990 (the Act), 33 U.S.C. 2732, to foster a long-term partnership among industry, government, and local communities in overseeing compliance with environmental concerns in the operation of crude oil terminals and oil tankers.

On October 18, 1991, the President delegated his authority under 33 U.S.C. 2732(o) to the Secretary of Transportation in Executive Order 12777, section 8(g) (*see* 56 FR 54757; October 22, 1991) for purposes of certifying advisory councils, or groups, subject to the Act. On March 3, 1992, the Secretary redelegated that authority to the Commandant of the USCG (*see* 57 FR 8582; March 11, 1992). The Commandant redelegated that authority to the Chief, Office of Marine Safety, Security and Environmental Protection (G-M) on March 19, 1992 (letter #5402).

On July 7, 1993, the USCG published a policy statement, 58 FR 36504, to clarify the factors that shall be considered in making the determination as to whether advisory councils, or groups, should be certified in accordance with the Act.

The Assistant Commandant for Marine Safety and Environmental Protection (G-M), redelegated recertification authority for advisory councils, or groups, to the Commander, Seventeenth Coast Guard District on February 26, 1999 (letter #16450).

On September 16, 2002, the USCG published a policy statement, 67 FR 58440, that changed the recertification procedures such that applicants are required to provide the USCG with comprehensive information every three years (triennially). For each of the two years between the triennial application procedure, applicants submit a letter requesting recertification that includes a description of any substantive changes to the information provided at the previous triennial recertification. Further, public comment is not solicited prior to recertification during streamlined years, only during the triennial comprehensive review.

The Alyeska Pipeline Service Company pays the PWSRCAC \$2.9 million annually in the form of a long-term contract. In return for this funding, the PWSRCAC must annually show that it "fosters the goals and purposes" of OPA 90 and is "broadly representative of the communities and interests in the vicinity of the terminal facilities and Prince William Sound." The PWSRCAC is an independent, nonprofit organization founded in 1989. Though it receives Federal oversight like many independent, non-profit organizations, it is not a Federal agency. The PWSRCAC is a local organization that predates the passage of OPA 90. The existence of the PWSRCAC was specifically recognized in OPA 90 where it is defined as an "alternate voluntary advisory group."

Alyeska funds the PWSRCAC, and the Coast Guard makes sure the PWSRCAC operates in a fashion that is broadly consistent with OPA 90.

Discussion of Comments

On January 7th, 2011 the USCG published a Notice of Availability; request for comments for recertification of Prince William Sound Regional Citizens' Advisory Council in the **Federal Register** (76 FR 1187). We received 65 letters commenting on the proposed action. No public meeting was requested, and none was held. Of the 65 letters received, all 65 had positive comments. These letters consistently cited PWSRCAC's broad representation of the respective community's interests, appropriate actions to keep the public informed, improvements to both spill response preparation and spill prevention, and oil spill industry

monitoring efforts that combat complacency—as intended by the Act.

Recertification

By letter dated March 24, 2011, the Commander, Seventeenth Coast Guard District, certified that the PWSRCAC qualifies as an alternative voluntary advisory group under 33 U.S.C. 2732(o). This recertification terminates on February 29, 2012.

Dated: April 17, 2011.

Christopher C. Colvin,

*Rear Admiral, U.S. Coast Guard Commander,
Seventeenth Coast Guard District.*

HUD Multifamily Rental Project Closing Documents: Notice Announcing Final Approved Documents and Assignment of OMB Control Number

AGENCY: Office of the Assistant Secretary for Housing—Federal Housing Commissioner, HUD.

ACTION: Notice.

SUMMARY: This notice announces that the multifamily rental project closing documents have completed the notice and comment processes and review by the Office of Management and Budget (OMB) as required by the Paperwork Reduction Act, and that OMB has assigned a control number to the documents. The final versions of the documents can be found on HUD's Web site at <http://www.hud.gov/offices/hsg/mfh/mfhclosingdocuments.cfm>. Additionally, this notice highlights some of the changes made by HUD to the documents based upon its review of the comments submitted in response to a December 22, 2010 notice.

FOR FURTHER INFORMATION CONTACT: John J. Daly, Associate General Counsel for Insured Housing, Office of the General Counsel, Department of Housing and Urban Development, 451 7th Street, SW., Room 9226, Washington, DC 20410–0500; telephone number 202–708–1274 (this is not a toll-free number). Persons with speech or hearing impairments may access this number through TTY by calling the toll-free Federal Information Relay Service at 800–877–8339.

SUPPLEMENTARY INFORMATION:

I. Background

On January 21, 2010 (75 FR 3544) and consistent with the Paperwork

Reduction Act of 1995, HUD published for public comment, for a period of 60 days, a notice advising that HUD was updating and revising a set of closing documents used in Federal Housing Administration (FHA) multifamily rental projects. The 60-day notice, started anew the process for updating the multifamily rental project closing documents, and obtaining approval of these documents under the Paperwork Reduction Act, a process that had originally commenced on August 2, 2004. On December 22, 2010 (75 FR 80517), HUD published a 30-day notice to complete the public comment process required by the Paperwork Reduction Act of 1995. As discussed in the previously published notices, HUD provided detailed comments on the changes made to the documents between 2004 and their publication in January 2010. HUD provided a detailed summary of the comments and HUD's responses to these comments in the January 21, 2010, notice accompanying the documents which were open for 60 days of comment in accordance with PRA requirements. At the time of the first issuance of proposed updated closing documents in 2004, HUD was not accepting comments electronically through a publicly available website, and consequently, the public did not have a readily and easily available mechanism to review public comments submitted in response to the August 2, 2004, notice. Therefore, the changes to the 2004 documents were discussed in detail to compensate for the lack of a publicly available website where all public comments could be viewed.

For the January 21, 2010, notice, however, all the public comments submitted on the proposed updated closing documents were available for review on <http://www.regulations.gov>, which included proposed mark-ups of several of the closing documents. Nevertheless, HUD provided a discussion of the more significant changes made to the documents in the notice that HUD published on December 22, 2010, as its final notice for comment under the Paperwork Reduction Act. In addition to providing a summary of the changes made, HUD posted both clean versions of the closing documents and documents in redline/strikeout format on its website, so that industry participants and interested members of the public could see all changes made in response to the January 21, 2010, notice.

This notice published today announces that HUD has completed the notice and comment processes required by the Paperwork Reduction Act, and that OMB has completed its review and

has assigned an OMB control number, 2502–0598, to the documents. HUD did make additional changes to the documents in response to comments submitted on the December 22, 2010, notice. Therefore, in addition to announcing the completion of the process required by the Paperwork Reduction Act and the assignment of the OMB control number, HUD highlights some of the additional changes made to the multifamily closing documents (documents) in response to public comment as provided below.

Comments on the Documents Posted in December 2010 in Conjunction With 30-Day Notice

In response to the December 22, 2010, notice, HUD received comments from ten commenters. Commenters included individual lenders, associations representing lenders, a nonprofit community development organization, a nonprofit representing housing providers and administrators of federally assisted rental housing, a city attorney representing a city serving as a low income housing tax credit allocating agency, and private practice attorneys. Several commenters provided detailed comments about several issues in the documents. All comments were carefully considered by HUD prior to presentation to OMB for final approval and assignment of a control number under the Paperwork Reduction Act.

In this notice, HUD is highlighting certain changes which are representative of the types of changes made in response to these comments. The final text of the documents and the redlined changes from the documents posted in December 2010 in conjunction with publication of the December 22, 2010, notice are available at <http://www.hud.gov/offices/hsg/mfh/mfhclosingdocuments.cfm>.

II. Status of Changes to Documents

In response to comments that were received on the December 2010 notice, HUD made a number of revisions to the documents. Consequently, HUD has now modified all closing documents published on this date in response to public comments that were submitted during the 2010 and 2011 review process. The changes to these documents include both technical editorial changes and some more substantive changes. In this notice, HUD is not providing a detailed summary of the changes made in response to the final set of public comments. Rather, the following section of this notice addresses some of the more significant issues raised by the commenters in response to the December 22, 2010,
