## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Centers for Medicare & Medicaid Services

[Document Identifier: CMS-10102, CMS-2088-92, CMS-10054, and CMS-10343]

#### Agency Information Collection Activities: Submission for OMB Review; Comment Request

**AGENCY:** Centers for Medicare & Medicaid Services, HHS.

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Centers for Medicare & Medicaid Services (CMS), Department of Health

and Human Services, is publishing the following summary of proposed collections for public comment. Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the Agency's function; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

**1. Type of Information Collection Request:** Extension of a currently approved collection;  
**Title of Information Collection:** National Implementation of Hospital Consumer Assessment of Healthcare Providers and Systems (HCAHPS); **Use:** The HCAHPS (Hospital Consumer Assessment of Healthcare Providers and Systems) survey is the first national, standardized, publicly reported survey of patients' perspectives of hospital care. Also known as the CAHPS<sup>®</sup> Hospital Survey, it is a survey instrument and data collection methodology for measuring patients' perceptions of their hospital experience. While many hospitals have collected information on patient satisfaction for their own internal use, until HCAHPS there was no national standard for collecting and publicly reporting information about patient experience of care that allowed valid comparisons to be made across hospitals locally, regionally and nationally.

Publicly reported HCAHPS results are based on four consecutive quarters of patient surveys. CMS publishes participating hospitals' HCAHPS results on the Hospital Compare Web site four times a year, with the oldest quarter of patient surveys rolling off as the most recent quarter rolls on. Three broad goals have shaped HCAHPS. First, the survey is designed to produce comparable data on the patient's perspective on care that allows objective and meaningful comparisons between hospitals on domains that are important to consumers. Second, public reporting of the survey results is designed to create incentives for hospitals to improve their quality of care. Third, public reporting serves to enhance public accountability in health care by increasing the transparency of the quality of hospital care provided in return for the public investment. With these goals in mind, the HCAHPS

project has taken substantial steps to assure that the survey is credible, useful, and practical. This methodology and the information it generates are made available to the public. **Form Number:** CMS-10102 (OMB#: 0938-0981); **Frequency:** Occasionally; **Affected Public:** Private Sector: Business or other for-profits and Not-for-profit institutions; and Individuals or households; **Number of Respondents:** 2,483,775; **Total Annual Responses:** 2,480,000; **Total Annual Hours:** 289,342. (For policy questions regarding this collection, contact William Lehman at 410-786-1037. For all other issues call 410-786-1326.)

**2. Type of Information Collection Request:** Extension of a currently approved collection; **Title of Information Collection:** Outpatient Rehabilitation Provider Cost Report utilized by Community Mental Health Centers; **Use:** In accordance with sections 1815, 1833 and 1861 of the Social Security Act, providers of service in the Medicare program are required to submit annual information to achieve reimbursement for health care services rendered to Medicare beneficiaries. In addition, 42 CFR 413.20(b) requires that cost reports will be required from providers on an annual basis. Such cost reports are required to be filed with the provider's Fiscal Intermediary (FI)/ Medicare Administrative Contractor (MAC).

The FI/MAC uses the cost report not only to make settlement with the provider for the fiscal period covered by the cost report, but also in deciding whether to audit the records of the provider. **Form Number:** CMS-2088-92 (OMB#: 0938-0037); **Frequency:** Yearly; **Affected Public:** Private Sector: Business or other for-profits and Not-for-profit institutions; **Number of Respondents:** 596; **Total Annual Responses:** 596; **Total Annual Hours:** 59,600. (For policy questions regarding this collection, contact Jill Keplinger at 410-786-4550. For all other issues call 410-786-1326.)

**3. Type of Information Collection Request:** Extension without change of a currently approved collection; **Title of Information Collection:** Recognition of Payment for New Technology Ambulatory Payment Classification (APC) Groups under the Outpatient Prospective Payment System and Supporting Regulations in 42 CFR, Part 419; **Use:** In the April 7, 2000 final rule first implementing the hospital outpatient prospective payment system (OPPS), we created a set of New Technology ambulatory payment classifications (APCs) to pay for certain new technology services under the OPPS. These APCs are intended to pay
