

inasmuch as firms currently are required to have written policies and procedures with respect to the spinning prohibitions in paragraph (b)(2) pursuant to NASD Rule 3010.

In addition, upon further discussions with member firms regarding the steps necessary to prepare for compliance with the spinning provisions,⁸ FINRA proposes to delay the implementation date of paragraph (b), as amended, until September 26, 2011.

Paragraph (d)(4) of the Rule (Market Orders) prohibits members from accepting any market order for the purchase of shares of a new issue in the secondary market prior to the commencement of trading of such shares in the secondary market. Members have requested additional time to develop a process for reliably identifying new issues and to modify their order handling systems to prevent the acceptance of market orders in new issue shares in contravention of the Rule. Accordingly, FINRA proposes to delay the implementation date of paragraph (d)(4) until September 26, 2011.

FINRA represented that these proposed rule changes would be effective on the date of Commission approval.

III. Discussion and Findings

After careful review, the Commission finds that the proposed rule change to amend FINRA Rule 5131 is consistent with the requirements of the Act, and the rules and regulations thereunder that are applicable to a national securities association.⁹ In particular, the Commission finds that the proposed rule change is consistent with the provisions of Section 15A(b)(6) of the Act,¹⁰ which requires, among other things, that FINRA rules be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest. The proposed rule change reflects the concern that the Rule, as written, would prohibit certain necessary functions traditionally

performed by syndicate personnel. To respond to this concern, the Rule simplifies FINRA members' obligations with respect to Rule 5131, thereby aiding member compliance efforts and helping to maintain investor confidence in the capital markets. Further, delay of the implementation date of paragraphs (b) and (d)(4) until September 26, 2011 will enable FINRA members to develop a process for reliably identifying new issues and to modify their order handling systems to prevent the acceptance of market orders in new issue shares in contravention of the Rule.

In addition, the Commission finds good cause, pursuant to Section 19(b)(2) of the Exchange Act,¹¹ for approving the proposed rule change on an accelerated basis. Without accelerated approval the Rule would take effect on May 27, 2011, even though the Commission is approving delaying the effective date of the Rule until September 26, 2011. Moreover, accelerated approval is appropriate because the proposed rule changes are minor and do not raise material or novel issues. Accordingly, the Commission finds that good cause exists for approving the rule change on an accelerated basis.

IV. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹² that the proposed rule change (File No. SR-FINRA-2011-017) be, and hereby is, approved on an accelerated basis.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹³

The Commission is hereby extending the 45-day time period for Commission action on the proposed rule change. The Commission finds that it is appropriate to designate a longer period within which to take action on the proposed rule change. In particular, the extension

⁸ For example, members have requested additional time to: (1) Create additional forms, account documents and other measures of obtaining information from clients necessary to assess eligibility for new issue allocations under the new Rule; (2) build systems and surveillance infrastructure to ensure appropriate blocks of allocations; and (3) develop appropriate compliance policies and procedures and training materials on the new policies and procedures.
