

north to land from a line connecting the following points 47°37.36' N, 122°42.29' W and 47°37.74' N, 122°40.64' W.

(2) All waters of Lake Washington south of the interstate 90 bridge and north of Andrew's Bay, WA to include all waters east of the shoreline within the following points: 47°34.15' N, 122°16.40' W; 47°34.31' N, 122°15.96' W; 47°35.18' N, 122°16.31' W; 47°35.00' N, 122°16.71' W.

(3) All waters of Lake Sammamish south to land from a line connecting the following points 47°33.810' N, 122°04.810' and 47°33.810' N, 122°03.674' W.

(b) *Notice of Enforcement or Suspension of Enforcement.* This special local regulation will be activated and thus subject to enforcement, under the following conditions: the Coast Guard must receive and approve a marine event permit for each hydroplane event in accordance with 33 CFR part 100. The Captain of the Port will provide notice of the enforcement of this special local regulation by all appropriate means to ensure the widest dissemination among the affected segments of the public, as practicable; such means of notification may include but are not limited to, Broadcast Notice to Mariners or Local Notice to Mariners.

(c) *Regulations.* (1) When this special local regulation is enforced, non-participant vessels are prohibited from entering the designated race areas unless authorized by the designated on-scene Patrol Commander.

Spectator craft may remain in designated spectator areas but must follow the directions of the designated on-scene Patrol Commander. The event sponsor may also function as the designated on-scene Patrol Commander. Spectator craft entering, exiting or moving within the spectator area must operate at speeds which will create a minimum wake.

(2) *Emergency Signaling.* A succession of sharp, short signals by whistle or horn from vessels patrolling the areas under the discretion of the designated on-scene Patrol Commander shall serve as a signal to stop. Vessels signaled shall stop and shall comply with the orders of the patrol vessel. Failure to do so may result in expulsion from the area, citation for failure to comply, or both.

Dated: November 24, 2010.

**G.T. Blore,**

*Rear Admiral, U.S. Coast Guard, Commander, Thirteenth Coast Guard District.*

## ENVIRONMENTAL PROTECTION AGENCY

### 40 CFR Part 60

[EPA-HQ-OAR-2010-0960; FRL-9254-9]

#### Call for Information: Information Related to the Development of Emission-Estimating Methodologies for Animal Feeding Operations

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Call for information.

**SUMMARY:** The Environmental Protection Agency is publishing this Call for Information to solicit quality-assured emissions and process data that are relevant to developing emissions-estimating methodologies for animal feeding operations. EPA may use the data to supplement the emissions and process data collected under the National Air Emission Monitoring Study for animal feeding operations.

**DATES:** Information must be received on or before March 7, 2011.

**ADDRESSES:** Submit your information, identified by Docket ID Number EPA-HQ-OAR-2010-0960, by one of the following methods:

*http://www.regulations.gov:* Follow the on-line instructions for submitting data.

*E-mail:* Send your information via electronic mail to *a-and-r-docket@epa.gov*, Attention Docket ID Number EPA-HQ-OAR-2010-0960.

*Facsimile:* Fax your comments to (202) 566-1741, Attention Docket ID Number EPA-HQ-OAR-2010-0960.

*Mail:* Send your information to: EPA Docket Center (EPA/DC), Environmental Protection Agency, Mailcode 6102T, 1200 Pennsylvania Ave., NW., Washington, DC 20460, Attention Docket ID Number EPA-HQ-OAR-2010-0960. Please include two copies. We request that a separate copy also be sent to the contact person identified below (*see FOR FURTHER INFORMATION CONTACT*).

*Hand Delivery:* Deliver your information to: EPA Docket Center (EPA/DC), EPA West Building, Room 3334, 1301 Constitution Ave., NW., Washington, DC 20460, Attention Docket ID Number EPA-HQ-OAR-2010-0960. Such deliveries are only accepted during the normal hours of operation (8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays) and special arrangements should be made for deliveries of boxed information.

*Instructions:* Direct your data and information to Docket ID Number EPA-

HQ-OAR-2010-0960. EPA's policy is that all information received will be included in the public docket and may be made available on-line at *http://www.regulations.gov*, including any personal information provided, unless the submission includes information claimed to be CBI or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI, or otherwise protected, through *http://www.regulations.gov* or e-mail. The *http://www.regulations.gov* Web site is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your information. If you send an e-mail directly to EPA without going through *http://www.regulations.gov*, your e-mail address will be automatically captured and included as part of the information that is placed in the public docket and made available on the Internet. If you submit the electronic data and information, EPA recommends that you include your name and other contact information in the body of your information and with any disk or CD-ROM you submit. If EPA cannot read your information due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your information. Electronic files should avoid the use of special characters or any form of encryption, and should be free of any defects or viruses.

*Docket:* EPA has established a docket for this action under Docket ID Number EPA-HQ-OAR-2010-0960. All documents in the docket are listed in the *http://www.regulations.gov* index. Although listed in the index, some information is not publicly available, e.g., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, will be publicly available only in hard copy form. Publicly available docket materials are available either electronically in *http://www.regulations.gov* or in hard copy at EPA's Docket Center (EPA/DC), EPA West Building, Room 3334, 1301 Constitution Ave., NW., Washington, DC. The Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for EPA's Docket Center is (202) 566-1742.

**FOR FURTHER INFORMATION CONTACT:** Mr. Larry Elmore, Natural Resources and Commerce Group, Sector Policies and Programs Division, (E143-03),

Environmental Protection Agency,  
Research Triangle Park, NC 27711;  
telephone number: (919) 541-5433;  
Facsimile number: (919) 541-3470;

CERCLA Comprehensive Environmental  
Response, Compensation and Liability Act  
EEM Emissions-Estimating Methodology  
EPCRA Emergency Planning and  
Community Right-To-Know Act  
H<sub>2</sub>S Hydrogen Sulfide  
lb/hr Pounds per Hour  
NAEMS National Air Emission Monitoring  
Study  
NH<sub>3</sub> Ammonia  
PM Particulate Matter  
PM<sub>10</sub> PM less than 10 micrometers in  
diameter  
PM<sub>2.5</sub> PM less than 2.5 micrometers in  
diameter  
ppmv Parts per Million by Volume  
TSP Total Suspended Particulate  
VOC Volatile Organic Compounds

*Organization of This Document.* The following outline is provided to aid in locating information in this preamble.

#### Table of Contents

- I. General Information
  - A. What is the purpose of this action?
  - B. What specific information is EPA seeking?
  - C. Submitting Confidential Business Information

#### I. General Information

##### A. What is the purpose of this action?

In 2005, EPA offered AFOs an opportunity to participate in a voluntary consent agreement (70 FR 4958) referred to as the Air Compliance Agreement. Under the Air Compliance Agreement, participating AFOs provided, among other things, the funding for the NAEMS, a two-year, nationwide industry-run emissions monitoring study of the broiler, egg-layer, swine, and dairy industries. The NAEMS began in the summer of 2007 and consisted of 25 monitoring sites located in 10 states. The study collected process and emissions data for PM<sub>10</sub>, PM<sub>2.5</sub>, TSP, H<sub>2</sub>S, NH<sub>3</sub>, and VOC from a representative sample of animal housing structures and manure storage and treatment units across the country. EPA plans to use these data to develop EEMs for AFOs, which will help AFOs determine and comply with their regulatory responsibilities under the CAA, CERCLA, and EPCRA. Additional information regarding the NAEMS can

be found at: <http://www.epa.gov/agriculture/airmonitoringstudy.html>.

EPA committed in the January 2005 **Federal Register** notice that it will use data generated from the NAEMS and all other available, relevant data to develop EEMs. Through this Call for Information, EPA is requesting that interested parties submit data that are relevant to EPA's effort to develop EEMs.

##### B. What specific information is EPA seeking?

EPA is requesting emissions and process data for broiler, egg-layer, swine, dairy, beef, and turkey AFOs. While EPA is interested in all air pollutants emissions data from AFOs, we are specifically seeking PM<sub>10</sub>, PM<sub>2.5</sub>, TSP, H<sub>2</sub>S, NH<sub>3</sub>, and VOC emissions data and related process information for animal confinement and manure storage and treatment processes.

Consistent with the Air Compliance Agreement, EPA is focusing in the near term on developing EEMs for AFOs. However, we acknowledge the recommendation made by the National Academy of Sciences in its December 2002 final report ("Air Emissions from Animal Feeding Operations: Current Knowledge, Future Needs") that EPA develop a process-based modeling approach that incorporates "mass balance" constraints to determine emissions from AFOs. Unfortunately, manure land application sites, which are a necessary component for developing a process-based approach, were not part of the NAEMS. Although our current focus is on developing the EEMs, we envision developing a process-based modeling approach at a later date. Thus, EPA is also requesting process and emissions data for land application of manure.

We will review all of the information available to us. To ensure compatibility with the NAEMS data, the emissions and related process data provided to EPA should be accompanied, to the extent possible, by documentation that contains detailed descriptions of the following parameters, as applicable.

##### General information:

- Description of AFO process measured (e.g., animal confinement structure; manure storage and treatment unit; land application site).
- Location of AFO process measured (e.g., physical address, latitude/longitude coordinates of facility).
- Beginning and ending dates of the monitoring period.

##### Monitoring data:

- Quality assurance and quality control plan.
- Site monitoring plan.
- Test methods, instrumentation, and standard operating procedures used to collect emissions and process data measurements.
- Results of audits conducted on instruments and procedures.
- Field notes and associated documentation collected during the study.
- Emissions data (unanalyzed or analyzed) and associated process data.
- Meteorological data, including average ambient temperature, relative humidity, pressure, wind speed, wind direction, and insolation (solar radiation), for each day that the study was conducted.
- Production data (e.g., number of eggs produced per day or quantity of milk produced per day).
- Calculations and assumptions used to convert concentration data (e.g., ppmv) into mass emissions (e.g., lb/hr).

##### Animal confinement structures:

- Dimensions of structures monitored.
- Designed and permitted animal capacity.
- Type, age, number, and weight of animals contained in the confinement structure over the duration of the monitoring period.
- Manure management system (e.g., pull-plug pit, scrape).
- Manure removal activities over the duration of the monitoring period.
- Ventilation method (i.e., natural or mechanical).
- Calculations and assumptions used to estimate the ventilation rate of the monitored confinement structure.
- Calibration procedures for instruments (e.g., flow meters, fan relays) used to collect data for calculating ventilation rate of the monitored confinement structure.
- Nitrogen content of process inputs and outputs (e.g., feed, water, bedding, eggs, milk).
- Nitrogen content of manure excreted.
- Description of any control device or work practice used in the monitored structure to reduce emissions.

##### Manure storage and treatment processes:

- Type, age, number, and weight of animals contributing manure to the storage and treatment process over the monitoring period.
- Dimensions of storage/treatment unit monitored (e.g., storage pile, tank, lagoon).

- Depth of settled solids in storage/treatment unit.
- Temperature, pH, and reduction/oxidation potential of manure contained in the storage/treatment unit.

- Moisture, total solids, volatile solids, total Kjeldahl nitrogen, and ammoniacal nitrogen content and pH of manure entering storage and treatment process over the monitoring period.

*Manure land application sites:*

- Type, age, number, and weight of animals contributing manure to the land application site.

- Method used to apply manure (e.g., direct injection, broadcast spreading and frequency of application).

- Area (e.g., acres, square feet) used for manure application over the monitoring period.

- Quantity and moisture content of manure applied.

With regard to the format of the information, we request that emissions, process, and production data be submitted to EPA in Microsoft® Excel® spreadsheet or Access® database format. In cases where the emissions, process, and production data correspond to time increments shorter than one hour, please provide sufficient information and supporting documentation with the data to allow EPA to develop emission estimates on a per-hour and per-day basis. For all formats, please clearly label the units of measure of emissions, process, and production data submitted.

### *C. Submitting Confidential Business Information*

Do not submit information you consider to be CBI electronically through <http://www.regulations.gov> or e-mail. Send or deliver information identified as CBI to only the following address: Mr. Larry Elmore, c/o Office of Air Quality Planning and Standards (OAQPS) Document Control Officer (Room C404-02), U.S. EPA, Research Triangle Park, NC 27711, Attention Docket ID Number EPA-HQ-OAR-2010-0960. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the information claimed as CBI, a copy of the information that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information marked as CBI will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

If you have any questions about CBI or the procedures for claiming CBI, please consult the person identified in the **FOR FURTHER INFORMATION CONTACT** section.

Dated: December 14, 2010.

## **ENVIRONMENTAL PROTECTION AGENCY**

### **40 CFR Part 98**

**[EPA-HQ-OAR-2010-0929 and EPA-HQ-OAR-2010-0964; FRL-9252-4]**

### **Extension of Comment Period on Change to the Reporting Date for Certain Data Elements Required Under the Mandatory Reporting of Greenhouse Gases Rule; and Public Hearing and Extension of Comment Period on Call for Information on Inputs to Emission Equations Under the Mandatory Reporting of Greenhouse Gases Rule**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Public hearing notice and extension of public comment periods.

**SUMMARY:** On December 27, 2010, EPA concurrently published a proposed Change to the Reporting Date for Certain Data Elements Required Under the Mandatory Reporting of Greenhouse Gases Rule and a Call for Information on Inputs to Emission Equations Under the Mandatory Reporting of Greenhouse Gases Rule. In this action, EPA is providing notice of a public hearing on the Call for Information, to be held on February 3, 2011, and extending the comment period for both actions until March 7, 2011.

**DATES:** *Comments.* This action extends the comment period for the proposed Change to the Reporting Date for Certain Data Elements Required Under the Mandatory Reporting of Greenhouse Gases Rule (75 FR 81350). Comments must be received on or before March 7, 2011. This action also extends the comment period for the Call for Information on Inputs to Emission Equations Under the Mandatory Reporting of Greenhouse Gases Rule (75 FR 81366). Comments must be received on or before March 7, 2011.

*Public Hearing.* EPA will hold a hearing on the Call for Information on Inputs to Emission Equations Under the Mandatory Reporting of Greenhouse

Gases Rule (75 FR 81366). The hearing will be conducted on February 3, 2011, in the Washington, DC area. EPA will provide further information about both hearings on its Web page: <http://www.epa.gov/climatechange/emissions/ghgrulemaking.html>.

### **ADDRESSES:**

### **Proposed Change to the Reporting Date for Certain Data Elements Required Under the Mandatory Reporting of Greenhouse Gases Rule**

Submit your comments, identified by Docket ID No. EPA-HQ-OAR-2010-0929, by one of the following methods:

*Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the online instructions for submitting comments.

*E-mail:* [GHGReportingCBI@epa.gov](mailto:GHGReportingCBI@epa.gov). Include Docket ID No. EPA-HQ-OAR-2010-0929 (and/or RIN number) in the subject line of the message.

*Fax:* (202) 566-1741.

*Mail:* Environmental Protection Agency, EPA Docket Center (EPA/DC), Mailcode 2822T, Attention Docket ID No. EPA-HQ-OAR-2010-0929, 1200 Pennsylvania Avenue, NW., Washington, DC 20460.

*Hand/Courier Delivery:* EPA Docket Center, Public Reading Room, EPA West Building, Room 3334, 1301 Constitution Avenue, NW., Washington, DC 20004. Such deliveries are only accepted during the Docket's normal hours of operation, and special arrangements should be made for deliveries of boxed information.

*Instructions:* Direct your comments to Docket ID No. EPA-HQ-OAR-2010-0929. EPA's policy is that all comments received will be included in the public docket without change and may be made available online at <http://www.regulations.gov>, including any personal information provided, unless the comment includes information claimed to be confidential business information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through <http://www.regulations.gov> or e-mail. The <http://www.regulations.gov> Web site is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through <http://www.regulations.gov> your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA
