

former could have resulted in repeal and termination of the WCZMP, and the latter would not have allowed for the best review of environmental concerns informed by public comment. Termination of the WCZMP would potentially lead to negative physical and socio-economic impacts to coastal resources associated with (1) Lack of application of Federal consistency requirements available only through participation in the national coastal zone management program; and (2) loss of federal funding for implementation of the WCZMP. The ROD did not identify any mitigation or monitoring measures since the final EIS found that many of the variables used to determine the effects were unforeseeable and based on decisions peripherally related to the Guidelines themselves.

FOR FURTHER INFORMATION CONTACT: Frank Lockhart at 206-526-6142.

SUPPLEMENTARY INFORMATION: Title VI of the Magnuson-Stevens Fishery Conservation and Management Reauthorization Act of 2006 (MSRA) entitled "The Pacific Whiting Act of 2006," (Whiting Act) implements the 2003 "Agreement between the Government of the United States of America and the Government of Canada on Pacific Hake/Whiting." Among other provisions, the Whiting Act provides for the establishment of an AP to advise the JMC on bilateral whiting management issues. An initial solicitation was published in the **Federal Register** on October 24, 2007 (72 FR 60317) and

resulted in insufficient nominations to meet the requirements of the Act. Nominations are being sought to fill at least 6, but not more than 12 positions on the Pacific Whiting AP for terms of 4 years. The Whiting Act requires that appointments to the AP be selected from among individuals who are "(A) knowledgeable or experienced in the harvesting, processing, marketing, management, conservation, or research of the offshore whiting resource; and (B) not employees of the United States." Nominations are sought for any persons meeting these requirements.

Nominations are also being sought for a representative from the commercial sector of the offshore whiting fishery to serve on the JMC for a term not to exceed 4 years. The Whiting Act requires that appointments to the JMC be "representatives from among individuals who are knowledgeable or experienced concerning the offshore whiting resource." Nominations are sought for any persons meeting these requirements. Separate from the JMC representative for which nominations are sought through this notice, the JMC will also include one official from NOAA, one member from the Pacific Fishery Management Council, and one member appointed from a list submitted by the treaty Indian tribes with treaty fishing rights to the offshore whiting resource. Nomination packages for appointment to the AP or the JMC should include:

1. The name of the applicant or nominee and a description of his/her interest in Pacific whiting; and,
2. A statement of background and/or description of how the above qualifications are met.

The term of office for the Pacific Whiting AP members is not to exceed 4 years (48 months). The term of office for the Pacific Whiting JMC members is not to exceed 4 years (48 months), except that initial appointments may be 2 years. Members appointed to the AP and JMC will be reimbursed for necessary travel expenses in accordance with Federal Travel Regulations and sections 5701, 5702, 5704 through 5708, and 5731 of Title 5. In the initial year of implementation, NMFS anticipates that up to 3 meetings of the AP and JMC will be required. In subsequent years, 1-2 meetings of the AP and JMC will be held annually. Meetings of the AP and JMC will be held in the United States or Canada. JMC and AP members will need a valid U.S. passport. The Pacific Whiting Act of 2006 also states that while performing their appointed duties as JMC or AP members, members "other than officers or employees of the United States Government, shall not be

considered to be Federal employees while performing such service, except for purposes of injury compensation or tort claims liability as provided in chapter 81 of Title 5 and chapter 171 of Title 28."
