

International Branch, ANM-116, Transport Airplane Directorate, FAA, 1601 Lind Avenue, SW., Renton, Washington 98057-3356; telephone (425) 227-1112; fax (425) 227-1149. Information may be e-mailed to: [9-ANM-116-AMOC-REQUESTS@faa.gov](mailto:9-ANM-116-AMOC-REQUESTS@faa.gov). Before using any approved AMOC, notify your appropriate principal inspector, or lacking a principal inspector, the manager of the local flight standards district office/certificate holding district office. The AMOC approval letter must specifically reference this AD.

(2) **Airworthy Product:** For any requirement in this AD to obtain corrective actions from a manufacturer or other source, use these actions if they are FAA-approved. Corrective actions are considered FAA-approved if they are approved by the State of Design Authority (or their delegated agent). You are required to assure the product is airworthy before it is returned to service.

(3) **Reporting Requirements:** A federal agency may not conduct or sponsor, and a person is not required to respond to, nor shall a person be subject to a penalty for failure to comply with a collection of information subject to the requirements of the Paperwork Reduction Act unless that collection of information displays a current valid OMB Control Number. The OMB Control Number for this information collection is 2120-0056. Public reporting for this collection of information is estimated to be approximately 5 minutes per response, including the time for reviewing instructions, completing and reviewing the collection of information. All responses to this collection of information are mandatory. Comments concerning the accuracy of this burden and suggestions for reducing the burden should be directed to the FAA at: 800 Independence Ave., SW., Washington, DC 20591, Attn: Information Collection Clearance Officer, AES-200.

#### Related Information

(m) Refer to MCAI EASA Airworthiness Directive 2010-0184, dated September 6, 2010; and Saab Service Bulletin 2000-53-048, Revision 01, dated September 3, 2009; for related information.

Issued in Renton, Washington, on May 20, 2011.

## DEPARTMENT OF TRANSPORTATION

### Federal Aviation Administration

#### 14 CFR Part 71

[Docket No. FAA-2010-1330; Airspace Docket No. 10-ASO-41]

#### Proposed Amendment of Class E Airspace; Rutherfordton, NC

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Notice of proposed rulemaking (NPRM).

**SUMMARY:** This action proposes to amend Class E Airspace at Rutherfordton, NC, to accommodate the additional airspace needed for the Standard Instrument Approach Procedures (SIAPs) developed for Rutherford County Airport. This action would enhance the safety and airspace management of Instrument Flight Rules (IFR) operations at the airport.

**DATES:** Comments must be received on or before July 18, 2011. The Director of the Federal Register approves this incorporation by reference action under title 1, Code of Federal Regulations, part 51, subject to the annual revision of FAA, Order 7400.9 and publication of conforming amendments.

**ADDRESSES:** Send comments on this rule to: U.S. Department of Transportation, Docket Operations, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue, SE., Washington, DC 20590-0001; Telephone: 1-800-647-5527; Fax: 202-493-2251. You must identify the Docket Number FAA-2010-1330; Airspace Docket No. 10-ASO-41, at the beginning of your comments. You may also submit and review received comments through the Internet at <http://www.regulations.gov>.

**FOR FURTHER INFORMATION CONTACT:** John Fornito, Operations Support Group, Eastern Service Center, Federal Aviation Administration, P.O. Box 20636, Atlanta, Georgia 30320; telephone (404) 305-6364.

#### SUPPLEMENTARY INFORMATION:

##### Comments Invited

Interested persons are invited to comment on this rule by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal.

Communications should identify both docket numbers (FAA Docket No. FAA-2010-1330; Airspace Docket No. 10-ASO-41) and be submitted in triplicate to the Docket Management System (see **ADDRESSES** section for address and phone number). You may also submit comments through the Internet at <http://www.regulations.gov>.

Annotators wishing the FAA to acknowledge receipt of their comments on this action must submit with those

comments a self-addressed stamped postcard on which the following statement is made: "Comments to Docket No. FAA-2010-1330; Airspace Docket No. 10-ASO-41." The postcard will be date/time stamped and returned to the commenter.

All communications received before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this notice may be changed in light of the comments received. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

#### Availability of NPRMs

An electronic copy of this document may be downloaded from and comments submitted through <http://www.regulations.gov>. Recently published rulemaking documents can also be accessed through the FAA's web page at [http://www.faa.gov/airports/airtraffic/air\\_traffic/publications/airspace\\_amendments/](http://www.faa.gov/airports/airtraffic/air_traffic/publications/airspace_amendments/).

You may review the public docket containing the proposal, any comments received and any final disposition in person in the Dockets Office (see the **ADDRESSES** section for address and phone number) between 9 a.m. and 5 p.m., Monday through Friday, except Federal Holidays. An informal docket may also be examined during normal business hours at the office of the Eastern Service Center, Federal Aviation Administration, room 210, 1701 Columbia Avenue, College Park, Georgia 30337.

Persons interested in being placed on a mailing list for future NPRMs should contact the FAA's Office of Rulemaking, (202) 267-9677, to request a copy of Advisory circular No. 11-2A, Notice of Proposed Rulemaking distribution System, which describes the application procedure.

#### The Proposal

The FAA is considering an amendment to Title 14, Code of Federal Regulations (14 CFR) part 71 to amend Class E airspace at Rutherfordton, NC to provide controlled airspace required to support new standard instrument approach procedures for Rutherford County Airport. The existing Class E airspace extending upward from 700 feet above the surface would be modified for the safety and management of IFR operations.

Class E airspace designations are published in Paragraph 6005 of FAA order 7400.9U, dated August 18, 2010, and effective September 15, 2010, which is incorporated by reference in 14 CFR

71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This proposed rulemaking is promulgated under the authority described in subtitle VII, part A, subpart I, section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This proposed regulation is within the scope of that authority as it would amend Class E airspace at Rutherford County Airport, Rutherfordton, NC.

#### **Lists of Subjects in 14 CFR Part 71**

Airspace, Incorporation by reference, Navigation (Air).

#### **The Proposed Amendment**

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

#### **PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS**

1. The authority citation for part 71 continues to read as follows:

**Authority:** 49 U.S.C. 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

##### **§ 71.1 [Amended]**

2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9U,

Airspace Designations and Reporting Points, dated August 18, 2010, effective September 15, 2010, is amended as follows:

*Paragraph 6005 Class E airspace areas extending upward from 700 feet or more above the surface of the earth.*

\* \* \* \* \*

##### **ASO NC E5 Rutherfordton, NC [Amended]**

Rutherford County Airport, NC  
(Lat. 35°25'44" N., Long. 81°56'06" W.)

That airspace extending upward from 700 feet above the surface within an 11.6-mile radius of the Rutherford County Airport.

Issued in College Park, Georgia, on May 13, 2011.

**Barry A. Knight,**

*Acting Manager, Operations Support Group,  
Eastern Service Center, Air Traffic  
Organization.*

#### **14 CFR Parts 217, 241, 298**

**(Docket Nos OST–98–4043)**

**RIN 2105–AC71**

#### **Aviation Data Modernization**

**AGENCY:** Office of the Secretary, Department of Transportation.

**ACTION:** Notice of withdrawal of proposed rulemaking.

**SUMMARY:** The Department of Transportation (the Department) is withdrawing a Notice of Proposed Rulemaking (NPRM) issued on February 17, 2005 (70 FR 8140 *et seq.*) that proposed revisions to the rules governing the nature, scope, source of and means for collecting and processing aviation traffic data.

We are withdrawing this NPRM because, after review of all comments, we have determined that the approach we proposed to solve the identified problems does not adequately address a number of aspects, including measures that could both enhance the utility, integrity and accuracy of the data and reduce the cost of reporting. This action is being taken to allow for later revision and refinement of a proposed methodology for aviation data modernization.

**DATES:** June 1, 2011.

#### **SUPPLEMENTARY INFORMATION:**

##### **Background**

On July 15, 1998, the Department published an Advance Notice of Proposed Rulemaking (ANPRM) (63 FR 28128) requesting comment on a variety of issues related to aviation economic data collection. The ANPRM noted that the Origin-Destination Survey of Airline Passenger Traffic (O&D Survey) and Form 41, Schedule T–100—U.S. Air Carrier Traffic and Capacity Data by Nonstop Segment and On-flight Market and Form 41, and Schedule T–100(f)—Foreign Air Carrier Traffic and Capacity Data by Nonstop Segment and On-flight Market (the last two are known collectively as the T–100/T–100(f)) O&D Survey and the T–100/T–100(f)) may not provide sufficiently reliable data in some circumstances to ensure that the Department can meet its obligation to disseminate information that enables the transportation system to adapt to the present and future needs of the American public. At that time, we stated our concern that the aviation data systems should be reviewed and modernized in order to meet our statutory responsibilities.

Also, because of difficulties private industry would have in assembling these data, the need for scheduled air traffic information cannot be satisfied other than through governmental means. However, while there are no other sources of comprehensive traffic data available in the aviation industry, a significant market exists in supplying services to supplement the Department's information offerings using the service provider's own statistical insight and experience. The public, academics, manufacturers, airports, air carriers, local, state and various branches of the Federal government all remain dependent on the reliability of this commercially enhanced data.

Approximately 50 comments were filed in response to the ANPRM by airlines, airports, trade associations, unions, and private citizens who use this data. Commenters confirmed that these data are not only critical to the work of both private and public aviation stakeholders (including the reporting airlines themselves), but that there are universal concerns about the capability and accuracy of the existing data collection to satisfy the changing needs of the industry and its stakeholders. The respondents overwhelmingly agreed
