SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–64593; File No. SR–NYSEArca-2011–34]

Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Amending the NYSE Arca Equities Schedule of Fees and Charges for Exchange Services to Introduce Two New Pricing Tiers, Investor Tier 1 and Investor Tier 2

June 3, 2011.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")[1] and Rule 19b-4 thereunder,[2] notice is hereby given that, on June 1, 2011, NYSE Arca, Inc. ("NYSE Arca" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes amend the NYSE Arca Equities Schedule of Fees and Charges for Exchange Services (the "Schedule") to introduce two new pricing tiers, Investor Tier 1 and Investor Tier 2. The text of the proposed rule change is available at the Exchange's principal office, at *http://www.nyse.com,* at the Commission's Public Reference Room, and at the Commission's Web site at *http://www.sec.gov.*

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Effective June 1, 2011, NYSE Arca proposes to introduce two new pricing tier levels, Investor Tier 1 and Investor Tier 2. Investor Tier 1 will allow customers to earn a credit of $0.0032 per share for executed orders that provide liquidity to the Book for Tape A, Tape B and Tape C securities. Investor Tier 2 will allow customers to earn a credit of $0.0030 per share for executed orders that provide liquidity to the Book for Tape A, Tape B and Tape C securities. All other fees and credits will be at the existing tiered and basic rates based on the firms qualifying levels.

In order to qualify for the new Investor Tiers, customers must meet all of the following criteria on a monthly basis:

- Maintain a ratio of cancelled orders to total orders of less than 30%. In calculating this ratio, the Exchange will exclude Immediate-or-Cancel orders, which are liquidity removing in nature.

---

[1] 15 U.S.C. 78s(b)(1).

[2] 17 CFR 240.19b-4.

- Maintain a ratio of executed liquidity adding volume to total volume of greater than 80%.
- For Investor Tier 1, firms must add at least 35 million shares of liquidity per day on NYSE Arca to qualify. For Investor Tier 2, firms must add at least 10 million shares of liquidity per day but less than 35 million shares of liquidity per day on NYSE Arca to qualify. Trade activity on days when the market closes early is excluded from both Investor Tiers.

The goal of the Investor Tiers is to incentivize customers to maintain low cancellation rates and provide liquidity that supports the quality of price discovery and promotes market transparency. The tiers reward providers whose orders stay on the Book and do not rapidly cancel a large portion of their orders placed, which makes the price discovery process more efficient and results in higher fill rates, greater depth and lower volatility. It serves to encourage customers to post orders that are more likely to be executed.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Securities Exchange Act of 1934 (the "Act"),[3] in general, and Section 6(b)(4) of the Act,[4] in particular, in that it is designed to provide for the equitable allocation of reasonable dues, fees, and other charges among its members and other persons using its facilities. The Exchange believes that the proposal does not constitute an inequitable allocation of fees, as all similarly situated member organizations and other market participants will be charged the same amount and access to the Exchange's market is offered on fair and non-discriminatory terms.

NYSE Arca believes that the Investor Tiers are equitable and non-discriminatory because both are open to all customers on an equal basis and provide credits that are reasonably related to the value to an exchange's market quality associated with higher volumes. While the Investor Tiers distinguish among orders, such distinctions "are not designed to permit unfair discrimination" but rather intended to promote submission of liquidity providing orders to NYSE Arca, which would benefit all NYSE Arca members and all investors. Similarly, NASDAQ established an Investor Support Program ("ISP") targeting retail and institutional investor orders where firms receive a higher rebate if they meet all of the following criteria: (1) Add at least 10 million shares of liquidity per day via ISP-designated ports; (2) Maintain a ratio of orders-to-orders executed of less than 10 to 1 (counting only liquidity-providing orders and excluding certain order types) on ISP-designated ports; (3) Exceed the firm's August 2010 "baseline" volume of liquidity added across all the firm's ports or, if a firm does not have an August baseline, then the firm will be deemed to have added an average of 35 million shares per day as the baseline starting point to qualify for the higher rebate program.[5] In addition, by offering two Investor Tiers the Exchange believes more customers may provide the targeted order flow and more customers will be eligible to receive the credits for such orders.

Finally, the Exchange notes that it operates in a highly competitive market in which market participants can readily favor competing venues if they deem fee levels at a particular venue to be excessive. In such an environment, the Exchange must continually adjust its fees to remain competitive with other exchanges and with alternative trading systems that have been exempted from compliance with the statutory standards applicable to exchanges. The Exchange believes that the proposed rule change reflects this competitive environment because it will broaden the conditions under which customers may qualify for higher liquidity provider credits.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A)[6] of the Act and subparagraph (f)(2) of Rule 19b–4[7] thereunder, because it establishes a due, fee, or other charge imposed by the NYSE Arca.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–64592; File No. SR–CBOE–2011–051]

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change to Amend CBOE Stock Exchange Transaction Fees to Change the Maker/Taker Fee to a Flat Fee

June 3, 2011.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")[1] and Rule 19b–4 thereunder,[2] notice is hereby given that on May 26, 2011, the Chicago Board Options Exchange, Incorporated ("Exchange" or "CBOE") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend CBOE Stock Exchange ("CBSX") transaction fees. The text of the proposed rule change is available on the Exchange's Web site (*http://www.cboe.org/legal*), at the Exchange's Office of the Secretary, and at the Commission.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. *Purpose*

Currently, CBSX offers a somewhat complex set of transaction fees. CBSX follows a Maker-Taker model which involves rewarding those who provide liquidity by giving them rebates while charging a fee to those who remove liquidity. The Fees Schedule is further complicated by the existence of separate tiers of Taker rebates and Maker fees, depending on the specific security. Transactions in securities priced $1 or greater in one select group of stocks are subject to Maker fees of $0.0018 per share and Taker rebates of $0.0014 per share. Transactions in securities priced $1 or greater in a second select group of stocks are subject to Maker fees of $0.0009 per share and Taker rebates of $0.0006 per share. Transactions in securities priced $1 or greater for all other securities are subject to a $0.0001 per share fee. These different tiers were designed to attract trades in some specific classes based on the liquidity profiles of transactions in those classes. By charging differing Maker fees and offering Taker rebates in some classes, the Exchange intended to encourage trading in such classes pursuant to the different liquidity profiles.

CBSX now desires to simplify the transaction fee structure. As such, CBSX proposes to eliminate Maker fees and Taker rebates, and also the different tiers for select groups of stocks. Instead, the Exchange intends to implement a flat model for transaction fees that will apply to all securities. The Exchange proposes to charge a $0.0002 per share fee for both Makers and Takers for transactions in securities priced $1 or greater, and a fee of 0.02% of the dollar value of the transaction for transactions in securities priced less than $1. This simplified fee structure will allow investors to much more easily determine and measure the costs of trading on CBSX. The Exchange hopes to attract liquidity and believes that investors will be enticed by a fee structure that is simple and intuitive.

This filing is to become effective on June 1, 2011.

2. *Statutory Basis*

The proposed rule change is consistent with Section 6(b) of the Act,[3] in general, and furthers the objectives of Section 6(b)(4)[4] of the Act in particular, in that it is designed to provide for the equitable allocation of reasonable dues, fees, and other charges among CBOE Trading Permit Holders and other persons using Exchange facilities. Simplifying transaction fees is consistent with Section 6(b)(5)[5] of the Act in that it removes a currently-unnecessary impediment to a free and open market and protects investors by making it easier for them determine and track the costs of trading on CBSX.

B. Self-Regulatory Organization's Statement on Burden on Competition

CBOE does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The proposed rule change is designated by the Exchange as establishing or changing a due, fee, or other charge, thereby qualifying for effectiveness on filing pursuant to Section 19(b)(3)(A) of the Act[6] and subparagraph (f)(2) of Rule 19b–4[7] thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
