

OMB number, and OS document identifier, to Sherette.funncoleman@hhs.gov, or call the Reports Clearance Office on (202) 690-6162. Written comments and recommendations for the proposed information collections must be directed to the OS Paperwork Clearance Officer at the above email address within 60-days.

Proposed Project: Health Information Technology Research Center (HITRC) User Experience Survey Evaluation and Research—0990—New—Office of the National Coordinator for Health Information Technology—ONC.

Abstract: The HITECH Act of 2009 is designed to jumpstart electronic health

record (EHR) adoption and health information exchange (HIE) by establishing the Health Information Technology Extension Program, consisting of a National Health Information Technology Research Center (HITRC) and Regional Extension Centers (RECs). The goals of the HITRC are to provide assistance and support to the 62 RECs, to enable them to fulfill their mission. The goals of the RECs are to promote the national adoption and meaningful use of EHRs by health care providers.

ONC will conduct an evaluation of the usefulness and usability of the HITRC contractor-provided materials and services in supporting the RECs.

This evaluation will provide critical formative feedback to the HITRC, from the REC perspective, about the quality, usefulness, and ease of use of the HITRC products, resources, and services and their ability to adequately support REC needs.

ONC is requesting approval to administer the HITRC User Experience Survey to two types of REC respondents who are customers of the HITRC program: REC frontline service staff (administered quarterly) and managers (administered annually) who draw support from the HITRC. These respondents will be asked to complete an online survey.

ESTIMATED ANNUALIZED BURDEN TABLE

Forms	Type of respondent	Number of respondents	Number of responses per respondent	Average burden (in hours) per response	Total burden hours
HITRC User Experience Survey	REC Staff	1,200	1	15/60	300
HITRC User Experience Survey	REC managers	186	1	15/60	47
Total					347

BILLING CODE 4150-45-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

[Document Identifier: OS-0990-New]; 60-Day Notice]

Agency Information Collection Request. 60-Day Public Comment Request

AGENCY: Office of the Secretary, HHS.

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Office of the Secretary (OS), Department of Health and Human Services, is publishing the following summary of a proposed information collection request for public comment. Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the

information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

To obtain copies of the supporting statement and any related forms for the proposed paperwork collections referenced above, e-mail your request, including your address, phone number, OMB number, and OS document identifier, to Sherette.funncoleman@hhs.gov, or call the Reports Clearance Office on (202) 690-6162. Written comments and recommendations for the proposed information collections must be directed to the OS Paperwork Clearance Officer at the above e-mail address within 60-days.

Proposed Project: Cross-Site Evaluation of the Minority Serving Institutions' HIV/AIDS Demonstration Initiative and Capacity-building Project (New)—OMB No. 0990-NEW—Office of HIV/AIDS Policy.

Abstract: Although minority populations comprise only 30% of the U.S. population, they account for nearly 65% of the new AIDS cases. As one strategy to address this disparity, the U.S. Department of Health and Human Services Office of HIV/AIDS Policy (OHAP) implemented the Minority

Serving Institutions' (MSI) HIV/AIDS Demonstration Initiative and Capacity-building Project in 7 colleges and universities serving diverse groups of Hispanic, African American, and Native American minority students. This cross-site evaluation of the project will assess changes among students in the 7 colleges over a two-year project period regarding: (1) Awareness and knowledge of risk factors and prevention methods for HIV/AIDS transmission; (2) the occurrence of high-risk behaviors; and (3) access to HIV/AIDS prevention, counseling, testing and referral services. Implementation challenges and lessons learned also will be identified. The data collected in this evaluation will provide information about how to most effectively implement HIV/AIDS interventions at MSIs; and can be used to assist the OHAP and other federal agencies in setting future priorities for HIV/AIDS prevention activities at MSIs, and potentially other educational institutions. The data will be collected through various methods and frequencies, including annual pre and post tests and surveys, and focus groups to MSI students; annual key informant interviews to MSI staff and community partners; and semi-annual outcome data reports and monthly progress reports completed by MSI staff.

ESTIMATED ANNUALIZED BURDEN TABLE

Forms	Type of respondent	Number of respondents	Number of responses per respondent	Average burden (in hours) per response	Total burden hours
Annual Staff Key Informant Interview	MSI staff	14	1	4	56
Monthly Progress Reports	MSI HIV staff	14	12	1	168
Semi-Annual Reporting of Site Evaluation Findings.	MSI HIV staff	14	2	5	140
Annual Site Visit Partner Key Informant Interview.	MSI community partners	14	1	2	28
Pre- and Post- Tests	Students	420	2	15/60	210
Pre- and Post surveys	Students	1,000	2	1	2,000
Focus Groups	Students	50	1	1	50
Total		1,526			2,652

BILLING CODE P**DEPARTMENT OF HEALTH AND HUMAN SERVICES****Administration for Children and Families****Submission for OMB Review; Comment Request**

Title: National Survey of Early Care and Education.

OMB No.: New Collection.

Description: The Administration for Children and Families (ACF), U.S. Department of Health and Human Services (HHS), is proposing a data collection activity as part of the National Survey of Early Care and Education (NSECE) which will be conducted December, 2011 through

June, 2010. The objective of the NSECE is to document the nation's current need for and availability of early care and education and including school-age care (ECE/SA), and to deepen our understanding of the extent to which families' needs and preferences coordinate well with providers' offerings and constraints. The proposed collection will consist of four survey components: (1) A survey of households with children under the age of 13 for participation in a questionnaire on the need for and use of early care and education (Household Interview), (2) a survey of households with individuals providing care for children under the age of 13 in a residential setting (Home-based Provider Interview), (3) a survey of providers of care to children under 13 in a non-residential setting (Center-based Provider Interview), and (4) a survey conducted with individuals employed in center-based child care programs (Workforce Provider Interview).

These data collection efforts will provide urgently needed information about the provision of ECE/SA across the country and spanning many sectors of care providers such as community-based child care, Head Start, school-based Pre-K, family child care, family, friend and neighbor care, and after-school programs. The study will also dramatically extend the available resources for understanding how families use, seek, and cope with the ECE/SA choices that are available to them. Perhaps most significantly, the NSECE will allow the policy and research communities to merge data from families and providers at the local level—where the two actually meet.

Respondents: General population households, home-based and center-based child care providers (including public schools) serving children under 13, and selected staff members from center-based child care providers (including public schools) serving children under 13.

Instrument	Annual number of respondents	Number of responses per respondent	Average burden hours per response	Estimated annual burden hours
Household screener	83,767	1	.1	8,377
Household Interview	17,512	1	.75	13,134
Home-based Provider Interview	11,260	1	.3	3,378
Center-Based Provider Interview	12,520	1	.67	8,389
Workforce Provider Interview	9,390	1	.33	3,099

Estimated Total Annual Burden Hours: 36,377.

Additional Information

Copies of the proposed collection may be obtained by writing to the Administration for Children and Families, Office of Planning, Research and Evaluation, 370 L'Enfant Promenade, SW., Washington, DC 20447, *Attn:* OPRE Reports Clearance Officer. All requests should be

identified by the title of the information collection. *E-mail address:* OPREinfocollection@acf.hhs.gov.

OMB Comment

OMB is required to make a decision concerning the collection of information between 30 and 60 days after publication of this document in the **Federal Register**. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of

publication. Written comments and recommendations for the proposed information collection should be sent directly to the following: Office of Management and Budget, Paperwork Reduction Project, *Fax:* 202-395-6974, *Attn:* Desk Officer for the Administration for Children and Families.
