#### Paperwork Reduction Act: Updated List of Approved Information Collections and Removal of a Redundant Reporting Requirement

**AGENCY:** Bureau of Industry and Security, Commerce.

**ACTION:** Final rule.

**SUMMARY:** This rule makes several technical amendments to the Export Administration Regulations (EAR). This rule corrects one omission of a publication date in the authority citation paragraph of part 730 of the Export Administration Regulations. It revises the address of the Bureau of Industry and Security's (BIS) Western Regional Office at two places in the EAR to reflect the recent relocation of that office. Additionally, this rule updates the table of authorized information collection control numbers in

Supplement No. 1 to part 730 of the EAR to reflect consolidation of several authorizations relating to license exceptions and exclusions into a single authorization with a single control number. Finally, this rule removes a requirement to report to BIS certain exports of oil transported from the North Slope of Alaska over Federal rights-of-way granted pursuant to section 203 of the Trans-Alaska Pipeline Authorization Act because BIS can now obtain this information from the Automated Export System (AES).

**DATES:** This rule is effective July 11, 2011.

**FOR FURTHER INFORMATION CONTACT:** William Arvin, Regulatory Policy Division, Office of Exporter Services, e-mail [william.arvin@bis.doc.gov](mailto:william.arvin@bis.doc.gov), telephone (202) 482-2440.

**SUPPLEMENTARY INFORMATION:**

**Background**

Through this rule, BIS is undertaking the following actions:

*Adding Omitted Date to an Authority Citation*

In a previous rule that, *inter alia*, updated the authority citation paragraph for part 730 of the EAR (76 FR 21631, April 18, 2011), BIS inadvertently omitted the publication date of the most recent Presidential notice listed in that paragraph. This rule corrects the omission by adding the date “January 18, 2011” to the end of the authority citation paragraph for part 730 of the EAR.

*Updating Address and Telephone Number*

Recently, BIS’s Western Regional Office moved to a new location. This rule revises § 730.8(c) of the EAR to include the address and telephone number of the new location.

*Consolidation of Information Collections*

Supplement No. 1 to part 730 of the EAR contains a table that lists approved information collections that are related to the EAR. In 2010, the Office of Management and Budget approved BIS’s requests to consolidate approved information collections that relate license exceptions or other exemptions from EAR requirements into a single approved collection with OMB control number 0694-0137, entitled “License Exemptions and Exclusions.” Accordingly, this rule removes the entries for OMB control numbers 0694-0023, 0694-0025, 0694-0027, 0694-0029, 0694-0033, 0694-0086, 0694-0101, 0694-0104, 0694-0106, 0694-

0123 and 0694-0133 from the table and adds an entry for control number 0694-0137.

*Removal of Redundant Reporting Requirement*

In 1996, the Department of Commerce created License Exception TAPS to authorize the export of crude oil from the North Slope of Alaska and transported over Federal rights-of-way granted pursuant to section 203 of the Trans-Alaska Pipeline Authorization Act (61 FR 27255, May 31, 1996). This license exception required exporters to submit to the Bureau of Export Administration (the predecessor of BIS) a copy of the same Shippers Export Declaration that the exporter was required to submit to U.S. Customs for transmittal to the Bureau of the Census. Subsequently, U.S. Customs and the Bureau of the Census developed AES, and required all exporters to use it to electronically submit export related information that had previously been submitted via paper declaration. In 2010, the Bureau of the Census gave BIS authorization to access AES data specific to individual transactions. This authorization gave BIS access, via the AES system, to export data connected with License Exception TAPS. Due to this new access, BIS concluded that the separate reporting requirement created by the TAPS License Exception was redundant. Accordingly, this rule removes that reporting requirement from § 754.2 of the EAR.

**Rulemaking Requirements**

1. Executive Orders 13563 and 12866 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). This rule reduces regulatory burdens on the public and accomplishes the goals of Executive Order 13563. This rule has been determined to be not significant for purposes of Executive Order 12866.

2. Notwithstanding any other provision of law, no person is required to respond to, nor is subject to a penalty for failure to comply with, a collection of information, subject to the requirements of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) (PRA), unless that collection of information displays a currently valid Office of Management and Budget (OMB) Control Number. This rule affects a collection of information approved by OMB under control

number 0607-0137: License Exemptions and Exclusions. BIS estimates that this rule will reduce the burden associated with that collection by 10 hours annually. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to Jasmeet Seehra, Office of Management and Budget (OMB), by e-mail to [jseehra@omb.eop.gov](mailto:jseehra@omb.eop.gov), or by fax to (202) 395-7285; and to the Regulatory Policy Division, Bureau of Industry and Security, Department of Commerce, Room 2099B, 14th Street and Pennsylvania Ave., NW., Washington, DC 20230 or by e-mail to [publiccomments@bis.doc.gov](mailto:publiccomments@bis.doc.gov).

3. This rule does not contain policies with Federalism implications as that term is defined under E.O. 13132.

4. BIS finds that there is good cause under 5 U.S.C. 553(b)(3)(B) to waive the provisions of the Administrative Procedure Act requiring prior notice and the opportunity for public comment because they are unnecessary. This rule (1) updates a statement of legal authority to state completely the authority conferred by a Presidential decision; (2) updates an address and telephone number to accurately reflect current information about BIS’s Western Regional Office; (3) updates a table of approved information collections to reflect decisions already made by the Office of Management and Budget; and (4) removes a requirement that certain exporters submit directly to BIS information that those same exporters are also required to submit to the government via the AES and that is now available to BIS via that same system. This rule makes no changes to the rights of any person under the EAR, nor does it impose any additional burdens or requirements on the public. The only change that this rule makes to any person’s obligations under the EAR is to relieve some exporters of the requirement to report to BIS information that they have reported to another government agency and to which BIS now has ready access.

In addition, the 30-day delay in effectiveness required by 5 U.S.C. 553(d) is unnecessary and contrary to the public interest here, where BIS is updating an authority citation, an address and telephone number and the approved collections table because these are technical changes that do not alter any right, duty, obligation or prohibition that applies to any person under the EAR. The 30-day delay is inapplicable to the removal of the redundant reporting requirement that this rule provides because such removal grants an exemption from a requirement.

Moreover, any delay in the effective date of the contact information for BIS's office may cause public confusion and/or errors by the public; thus delaying the effective date of this regulation is contrary to the public interest.

No other law requires that notice of proposed rulemaking and an opportunity for public comment be given for this rule; therefore, the analytical requirements of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) are not applicable.

### Exemptions for Security-Based Swaps

**AGENCY:** Securities and Exchange Commission.

**ACTION:** Interim final rules; request for comments.

**SUMMARY:** We are adopting interim final rules providing exemptions under the Securities Act of 1933, the Securities Exchange Act of 1934, and the Trust Indenture Act of 1939 for those security-based swaps that under current law are security-based swap agreements and will be defined as “securities” under the Securities Act and the Exchange Act as of July 16, 2011 due solely to the provisions of Title VII of the Dodd-Frank Wall Street Reform and Consumer Protection Act. The interim final rules will exempt offers and sales of these security-based swaps from all provisions of the Securities Act, other than the Section 17(a) anti-fraud provisions, as well as exempt these security-based swaps from Exchange Act registration requirements and from the provisions of the Trust Indenture Act, provided certain conditions are met. The interim final rules will remain in effect until the compliance date for final rules that we may adopt further defining the terms “security-based swap” and “eligible contract participant.”

**DATES:** *Effective Date:* The interim final rules are effective July 11, 2011. Comments should be received on or before August 15, 2011.

#### I. Background

On July 21, 2010, President Barack Obama signed the Dodd-Frank Wall Street Reform and Consumer Protection Act (“Dodd-Frank Act”) into law.<sup>4</sup> The Dodd-Frank Act was enacted, among

other reasons, to promote the financial stability of the United States by improving accountability and transparency in the financial system.<sup>5</sup> The recent financial crisis demonstrated the need for enhanced regulation of the over-the-counter (“OTC”) derivatives markets, which have experienced dramatic growth in recent years<sup>6</sup> and are capable of affecting significant sectors of the U.S. economy.<sup>7</sup> Title VII of the Dodd-Frank Act (“Title VII”) establishes a regulatory regime applicable to the OTC derivatives markets by providing the Securities and Exchange Commission (“Commission” or “we”) and the Commodity Futures Trading Commission (“CFTC”) with the tools to oversee these heretofore largely unregulated markets. Title VII provides that the CFTC will regulate “swaps,” the Commission will regulate “security-based swaps,” and the CFTC and the Commission will jointly regulate “mixed swaps.”<sup>8</sup>

Title VII amends the Securities Act and the Exchange Act to substantially expand the regulation of the security-based swap markets, establishing a new regulatory framework within which such markets can continue to evolve in a more transparent, efficient, fair, accessible, and competitive manner.<sup>9</sup> The Title VII amendments to the Exchange Act impose, among other requirements, the following: (1) Registration and comprehensive oversight of security-based swap dealers

<sup>6</sup> From their beginnings in the early 1980s, the notional value of these markets has grown to almost \$600 trillion globally. See Monetary and Econ. <sup>8</sup> Section 712(d) of the Dodd-Frank Act provides that the Commission and the CFTC, in consultation with the Board of Governors of the Federal Reserve System, shall further define the terms “swap,” “security-based swap,” “swap dealer,” “security-based swap dealer,” “major security-based swap participant,” “eligible contract participant,” and “security-based swap agreement.” These terms are defined in sections 721 and 761 of the Dodd-Frank Act and the Commission and the CFTC have proposed to further define these terms in proposed joint rulemaking.
