

Background

On April 12, 2011, the Department published the preliminary results of this review in the **Federal Register**. See *Preliminary Results*. We invited parties to comment on the *Preliminary Results*. We received no comments or requests for a hearing.

Scope of the Order

The merchandise covered by the order is all purified carboxymethylcellulose (CMC), sometimes also referred to as purified sodium CMC, polyanionic cellulose, or cellulose gum, which is a white to off-white, non-toxic, odorless, biodegradable powder, comprising sodium CMC that has been refined and purified to a minimum assay of 90 percent. Purified CMC does not include unpurified or crude CMC, CMC Fluidized Polymer Suspensions, and CMC that is cross-linked through heat treatment. Purified CMC is CMC that has undergone one or more purification operations which, at a minimum, reduce the remaining salt and other by-product portion of the product to less than ten percent. The merchandise subject to this order is classified in the Harmonized Tariff Schedule of the United States at subheading 3912.31.00. This tariff classification is provided for convenience and customs purposes; however, the written description of the scope of the order is dispositive.

Final Results of Review

As noted above, the Department received no comments concerning the *Preliminary Results*. As there have been no changes from or comments on the *Preliminary Results*, there is no decision memorandum accompanying this **Federal Register** notice. For further details of the issues addressed in this proceeding, see *Preliminary Results*. The final weighted-average dumping margin for the period July 1, 2009, through June 30, 2010, is as follows:

Producer/exporter	Weighted-average margin (percentage)
Quimica Amtex, S.A. de C.V.	0.80

Assessment

The Department shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries. The Department intends to issue assessment instructions to CBP 15 days after the date of publication of these final results of review.

We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review if any

importer-specific assessment rate calculated in the final results of this review is above *de minimis* (i.e., at or above 0.50 percent). Pursuant to 19 CFR 351.106(c)(2), we will instruct CBP to liquidate without regard to antidumping duties any entries for which the assessment rate is *de minimis* (i.e., less than 0.50 percent).

The Department clarified its “automatic assessment” regulation on May 6, 2003. See *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003). This clarification will apply to entries of subject merchandise during the POR produced by companies included in these final results of review for which the reviewed companies did not know their merchandise was destined for the United States. This clarification will also apply to POR entries of subject merchandise produced by companies for which we rescind the review based on certifications of no shipments, because these companies certify that they made no POR shipments of subject merchandise for which they had knowledge of U.S. destination. In such instances, we will instruct CBP to liquidate unreviewed entries at the “all-others” rate established in the less-than-fair value (LTFV) investigation if there is no rate for the intermediate company(ies) involved in the transaction.

Cash Deposit Requirements

Because we revoked the order with an effective date of July 11, 2010, no cash deposits for estimated antidumping duties are required.¹

Notification to Importers

This notice serves as a final reminder to importers of their responsibility, under 19 CFR 351.402(f)(2), to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the

disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. This administrative review and notice are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Granular Polytetrafluoroethylene Resin From Italy: Continuation of Antidumping Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* July 18, 2011.

SUMMARY: As a result of the determinations by the Department of Commerce (“Department”) and the International Trade Commission (“ITC”) that revocation of the antidumping duty order on granular polytetrafluoroethylene resin (“PTFE resin”) from Italy would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, the Department is publishing a notice of continuation of the antidumping duty order.

FOR FURTHER INFORMATION CONTACT: Patricia Tran or Nancy Decker, AD/CVD Operations, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482–1503 and (202) 482–0196, respectively.

SUPPLEMENTARY INFORMATION: On November 1, 2010, the Department published in the **Federal Register** the notice of initiation of the third sunset review of the antidumping duty order on PTFE resin from Italy, pursuant to section 751(c)(2) of the Tariff Act of 1930, as amended (“the Act”). See *Initiation of Five-Year (“Sunset”) Review*, 75 FR 67082 (November 1, 2010). As a result of its review, the

Department determined that revocation of the antidumping duty order on PTFE resin from Italy would likely lead to a continuation or recurrence of dumping and, therefore, notified the ITC of the magnitude of the margins likely to prevail should the order be revoked. *See Granular Polytetrafluoroethylene Resin From Italy: Final Results of Expedited Sunset Review of the Antidumping Duty Order*, 76 FR 12939 (March 9, 2011).

On July 7, 2011, the ITC published its determination in the **Federal Register**, pursuant to section 751(c)(1) of the Act, that revocation of the antidumping duty order on PTFE resin from Italy would likely lead to a continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time. *See Granular Polytetrafluoroethylene Resin From Italy*, 76 FR 39896 (July 7, 2011), and *USITC Publication 4240* (June 2011), Granular Polytetrafluoroethylene Resin From Italy, Investigation No. 731-TA-385, Third Review (Expedited).

Scope of the Order

The product covered by the order is PTFE resin, filled or unfilled. The order also covers PTFE wet raw polymer exported from Italy to the United States. *See Granular Polytetrafluoroethylene Resin From Italy: Final Affirmative Determination of Circumvention of Antidumping Duty Order*, 58 FR 26100 (April 30, 1993). The order excludes PTFE dispersions in water and fine powders. During the period covered by this review, such merchandise was classified under item number 3904.61.00 of the Harmonized Tariff Schedule of the United States ("HTSUS"). We are providing this HTSUS number for convenience and customs purposes only. The written description of the scope remains dispositive.

Continuation of the Order

As a result of the determinations by the Department and the ITC that revocation of the antidumping duty order would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, the Department hereby orders the continuation of the antidumping order on PTFE resin from Italy. U.S. Customs and Border Protection will continue to collect antidumping duty cash deposits at the rates in effect at the time of entry for all imports of subject merchandise. The effective date of the continuation of the order will be the date of publication in the **Federal Register** of this notice of continuation. Pursuant to sections

751(c)(2) and 751(c)(6) of the Act, the Department intends to initiate the next five-year review of the order not later than 30 days prior to the fifth anniversary of the effective date of continuation.

This five-year (sunset) review and this notice are in accordance with section 751(c) of the Act and published pursuant to section 777(i)(1) of the Act.

Dated: July 12, 2011.

Acting Deputy Assistant Secretary for Import Administration.

ACTION: Notice of First Request for Panel Review.

SUMMARY: On July 8, 2011, Jungbunzlauer Canada Inc. filed a First Request for Panel Review with the United States Section of the NAFTA Secretariat pursuant to Article 1904 of the North American Free Trade Agreement. Panel Review was requested of the Final Results of the 2008-2009 and 2009-2010 Antidumping Duty Administrative Review, made by the International Trade Administration, respecting Citric Acid and Certain Citrate Salts from Canada. This determination was published in the **Federal Register** (76 FR 34,044), on June 10, 2011. The NAFTA Secretariat has assigned Case Number USA-CDA-2011-1904-03 to this request.

FOR FURTHER INFORMATION CONTACT: Ellen M. Bohon, United States Secretary, NAFTA Secretariat, Suite 2061, 14th and Constitution Avenue, NW., Washington, DC 20230, (202) 482-5438.

SUPPLEMENTARY INFORMATION: Chapter 19 of the North American Free Trade Agreement ("Agreement") established a mechanism to replace domestic judicial review of final determinations in antidumping and countervailing duty cases involving imports from a NAFTA country with review by independent binational panels. When a Request for Panel Review is filed, a panel is established to act in place of national courts to review expeditiously the final

determination to determine whether it conforms with the antidumping or countervailing duty law of the country that made the determination.

Under Article 1904 of the Agreement, which came into force on January 1, 1994, the Government of the United States, the Government of Canada, and the Government of Mexico established *Rules of Procedure for Article 1904 Binational Panel Reviews* ("Rules"). These Rules were published in the **Federal Register** on February 23, 1994 (59 FR 8686).

A first Request for Panel Review was filed with the United States Section of the NAFTA Secretariat, pursuant to Article 1904 of the Agreement, on July 8, 2011, requesting a panel review of the determination and order described above.

The Rules provide that:

(a) A Party or interested person may challenge the final determination in whole or in part by filing a Complaint in accordance with Rule 39 within 30 days after the filing of the first Request for Panel Review (the deadline for filing a Complaint is August 8, 2011);

(b) A Party, investigating authority or interested person that does not file a Complaint but that intends to appear in support of any reviewable portion of the final determination may participate in the panel review by filing a Notice of Appearance in accordance with Rule 40 within 45 days after the filing of the first Request for Panel Review (the deadline for filing a Notice of Appearance is August 22, 2011); and

(c) The panel review shall be limited to the allegations of error of fact or law, including the jurisdiction of the investigating authority, that are set out in the Complaints filed in panel review and the procedural and substantive defenses raised in the panel review.

United States Secretary, NAFTA Secretariat.
