

regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification Regarding Administrative Protective Orders

This notice serves as a reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR 351.213(d)(4).

Dated: July 13, 2011.

Christian Marsh,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

China Biotech Life Sciences Trade Mission—Clarification and Amendment

AGENCY: International Trade Administration, Department of Commerce.

ACTION: Notice.

SUMMARY: The United States Department of Commerce, International Trade Administration, U.S. and Foreign Commercial Service (CS) is publishing this supplement to the Notice of the Biotech Life Science Trade Mission to China, 76 FR 17,621, Mar. 30, 2011, to clarify eligibility and amend the Notice to revise the dates and provide for selection of applicants on a rolling basis.

SUPPLEMENTARY INFORMATION:

Clarification of Eligibility of U.S. Architecture and Design Firms Specializing in This Sector

As stated under Mission Description in the March 30, 2011 Notice, this mission is intended to include

representatives from a variety of U.S. biotechnology and life science firms and trade organizations. In response to various inquiries, CS is clarifying that the mission is open to applications from U.S. architecture and design firms that specialize in the design and construction of biotech and life sciences facilities including laboratories and research centers. Such firms are encouraged to apply to participate.

Amendments To Revise the Dates and Provide for Selection of Applicants on a Rolling Basis

Background: The dates are changing to coincide closely with the BioChina trade show in Shanghai. Because the mission now runs from Friday through Tuesday, a travel day has been added on Sunday since no business appointments can be made for that day. The proposed tentative time table is provided below.

In addition, recruitment for this Mission began at the end of March, and some pending applicants have indicated a need to finalize their schedules and travel arrangements. Rather than wait until after the August 15, 2011 deadline to vet all applicants and make selection decisions, CS is amending the Notice to allow for vetting and selection decisions on a rolling basis beginning July 25, 2011, until the maximum of 20 participants is selected. Although applications will be accepted through August 15th (and after that date if space remains and scheduling constraints permit), interested U.S. biotechnology and life science firms and trade organizations which have not already submitted an application are encouraged to do so as soon as possible.

Amendments

1. For the reasons stated above, the dates each place they appear in the Notice of the Biotech Life Science Trade Mission to China, 76 FR 17621, Mar. 30, 2011, are revised to read October 14–18, 2011. In addition, revise the Proposed Timetable to read: Oct. 14: Beijing, government and other meetings as appropriate; Oct. 15: Beijing, site visits to biotech industrial parks; Oct. 16: travel to Hong Kong; Oct. 17: Hong Kong, government meetings and one-on-one appointments; Oct. 18: Hong Kong, one-on-one appointments.

2. For the reasons stated above, the Timeframe for Recruitment and Applications section of the Notice of the Biotech Life Science Trade Mission to China, 76 FR 17,621, Mar. 30, 2011, is amended to read as follows:

Timeframe for Recruitment and Applications

Mission recruitment will be conducted in an open and public manner, including publication in the **Federal Register**, posting on the Commerce Department trade mission calendar (<http://export.gov/trademissions>) and other Internet Web sites, press releases to general and trade media, direct mail, notices by industry trade associations and other multiplier groups, and publicity at industry meetings, symposia, conferences, and trade shows. Recruitment for this mission will conclude no later than August 15, 2011. The U.S. Department of Commerce will review applications and make selection decisions on a rolling basis beginning July 25, 2011. We will inform all applicants of selection decisions on a rolling basis. Applications received after the August 15 deadline will be considered only if space and scheduling constraints permit.

High Pressure Steel Cylinders From the People's Republic of China: Postponement of Preliminary Determination in the Countervailing Duty Investigation

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* July 19, 2011.

FOR FURTHER INFORMATION CONTACT:

Scott Holland and Yasmin Nair, AD/CVD Operations, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-1279 and (202) 482-3813, respectively.

Background

On May 31, 2011, the Department of Commerce ("the Department") initiated an investigation of high pressure steel

cylinders from the People's Republic of China ("PRC"). *See High Pressure Steel Cylinders From the People's Republic of China: Initiation of Countervailing Duty Investigation*, 76 FR 33239 (June 8, 2011). Currently, the preliminary determination is due no later than August 4, 2011.

Postponement of Due Date for Preliminary Determination

Section 703(b)(1) of the Tariff Act of 1930, as amended ("the Act"), requires the Department to issue the preliminary determination in a countervailing duty investigation within 65 days after the date on which the Department initiated the investigation. However, if the Department concludes that the parties concerned in the investigation are cooperating in the investigation and determines that the investigation is extraordinarily complicated, section 703(c)(1)(B) of the Act allows the Department to postpone making the preliminary determination until no later than 130 days after the date on which the administering authority initiated the investigation.

The Department has determined that the parties involved in the proceeding are cooperating and that the investigation is extraordinarily complicated. *See* section 703(c)(1)(B) of the Act. Specifically, the Department is currently investigating alleged subsidy programs involving loans, grants, income tax incentives, and the provision of goods or services for less than adequate remuneration. Due to the number and complexity of the alleged countervailable subsidy practices being investigated, it is not practicable to complete the preliminary determination of this investigation within the original time limit (*i.e.*, August 4, 2011).

Therefore, in accordance with section 703(c)(1)(B) of the Act, we are fully extending the due date for the preliminary determination to no later than 130 days after the day on which the investigation was initiated. However, as that date falls on a Saturday (*i.e.*, October 8, 2011), and October 10, 2011, is a Federal Holiday, the deadline for completion of the preliminary determination is now Tuesday, October 11, 2011, the next business day.

This notice is issued and published pursuant to section 703(c)(2) of the Act and 19 CFR 351.205(f).

Dated: July 13, 2011.

Ronald K. Lorentzen,
Deputy Assistant Secretary for Import Administration.

National Institute of Standards and Technology

[Docket No.: 110701366-1365-01]

Establishment of a Team Under the National Construction Safety Team Act

AGENCY: National Institute of Standards and Technology, United States Department of Commerce.

ACTION: Notice.

SUMMARY: The Director of the National Institute of Standards and Technology (NIST), United States Department of Commerce, announces the establishment of a National Construction Safety Team pursuant to the National Construction Safety Team Act. The Team was established to study the effects of the tornado that touched down in Joplin, MO, on May 22, 2011.

DATES: The National Construction Safety Team was established on June 29, 2011.

ADDRESSES: Tina Faecke, Engineering Laboratory, National Institute of Standards and Technology, Mail Stop 8604, Gaithersburg, MD 20899-8604, telephone number (301) 975-5911. Members of the public are encouraged to submit to the Team non-privileged evidence that is relevant to the subject matter of the NIST investigation described in this notice. Such evidence may be submitted to the address contained in this section. Confidential information will only be accepted pursuant to an appropriate nondisclosure agreement.

FOR FURTHER INFORMATION CONTACT: Eric Letvin, Director, Disaster Failure and Studies Program, Engineering Laboratory, National Institute of Standards and Technology, Mail Stop 8611, Gaithersburg, MD 20899-8611, telephone number (301) 975-5412.

SUPPLEMENTARY INFORMATION:

Authority: 15 U.S.C. 7301 *et seq.*, 15 CFR Part 270.

Background

The National Construction Safety Team Act (Act), 15 U.S.C. 7301 *et seq.*, authorizes the Director of the National Institute of Standards and Technology (NIST) to establish investigative teams (Teams) to assess building performance and emergency response and evacuation procedures in the wake of any building failure that has resulted in substantial loss of life or that posed significant potential of substantial loss of life. The purpose of investigations by Teams is to improve the safety and structural integrity of buildings in the United States. As stated in the statute, a Team

will (1) Establish the likely technical cause or causes of the building failure; (2) evaluate the technical aspects of evacuation and emergency response procedures; (3) recommend, as necessary, specific improvements to building standards, codes, and practices based on the findings made pursuant to (1) and (2); and (4) recommend any research and other appropriate actions needed to improve the structural safety of buildings, and improve evacuation and emergency response procedures, based on the findings of the investigation. NIST has promulgated regulations implementing the Act, which are found at 15 CFR Part 270.

NIST sent a preliminary reconnaissance team to collect information and data related to the tornado that touched down in Joplin, MO, on May 22, 2011. Based on the recommendations of the preliminary reconnaissance team and evaluation of the criteria listed in the regulations implementing the Act, specifically in 15 CFR 270.102, on June 29, 2011, the Director of the NIST, United States Department of Commerce, established a Team to study the effects of the tornado that touched down in Joplin, MO, on May 22. The NIST Director will appoint the members of the Team. The Team may include members who are Federal employees and members who are not Federal employees. Team members who are Federal employees are governed by the Federal conflict of interest laws. Team members who are not Federal employees will be Federal government contractors, and conflicts of interest related to their service on the Team will be governed by FAR Subpart 9.5, Organizational and Consultant Conflicts of Interest, which will be incorporated by reference into all such contracts.

Members of the public are encouraged to submit to the Team non-privileged data and artifacts that are relevant to the subject matter of the NIST investigation described in this notice. Such data and artifacts may be submitted to the address contained in the **ADDRESSES** section of this notice. Confidential information will only be accepted pursuant to an appropriate nondisclosure agreement.

Dated: July 12, 2011.

Charles H. Romine,
Acting Associate Director for Laboratory Programs.
