

requesting that the Commission approve as fair and equitable a rate of \$1.1462 per Mcf for interruptible transportation service performed pursuant to a limited jurisdictional blanket certificate issued under Section 284.224 of the Commission's regulations. KGS also submitted a baseline filing of its Statement of Operating Conditions.

Any person desiring to participate in this rate filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the date as indicated below. Anyone filing an intervention or protest must serve a copy of that document on the Applicant. Anyone filing an intervention or protest on or before the intervention or protest date need not serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 7 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible online at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). FFP Project 90, LLC; Notice of Preliminary Permit Application Accepted for Filing and Soliciting Comments, Motions To Intervene, and Competing Applications

On July 1, 2011, FFP Project 90, LLC filed an application for a preliminary permit, pursuant to section 4(f) of the Federal Power Act, proposing to study the feasibility of the Carlyle Lake Water Power Project, which would be located on the Kaskaskia River, in Clinton County, Illinois. The sole purpose of a preliminary permit, if issued, is to grant the permit holder priority to file a license application during the permit term. A preliminary permit does not authorize the permit holder to perform any land disturbing activities or otherwise enter upon lands or waters owned by others without the owners' express permission.

The proposed project would consist of: (1) A powerhouse; (2) installation of one 2.0-megawatt vertical Kaplan turbine; (3) a proposed 3,750-foot-long, 69-kilovolt transmission line; (4) an intake structure containing trashracks, operator's platform, and a vertical slide gate; and (5) appurtenant facilities. The proposed Carlyle Lake Water Power Project would have an estimated average annual generation of 10 gigawatt-hours.
