3. *Type of Information Collection Request:* Revision of a currently approved collection; *Title of Information Collection:* Cooperative Agreement to Support Establishment of State-Operated Health Insurance Exchanges; *Use:* All States and Territories (including the 50 States, consortia of States, and the District of Columbia, herein referred to as States) that received a State Planning and Establishment Grant for Affordable Care Act's Exchanges are eligible for the Cooperative Agreement to Support Establishment of State Operated Insurance Exchanges. The State of Alaska did not apply for either the original Planning grant made available in September 2010, or the second Planning grant made available in January 2011 exclusively to States that did not apply for the first. The Commonwealth of the Northern Mariana Islands did not apply for the Territory Cooperative Agreements for the Affordable Care Act's Exchanges made available in January 2011. Because Alaska and the Northern Mariana Islands did not receive funding under Section 1311 for planning and establishment of an Exchange within one year of the enactment of the Affordable Care Act, by Statute, they will not be eligible for Section 1311 Exchange planning and establishment money in the future. Section 1311(b) of the Affordable Care Act provides the opportunity for each State to establish an Exchange no later than January 1, 2014. Section 1311 of the Affordable Care Act provides for grants to States for the planning and establishment of these Exchanges. Given the innovative nature of Exchanges and the statutorily-prescribed relationship between the Secretary and States in their development and operation, it is critical that the Secretary work closely with States to provide necessary guidance and technical assistance to ensure that States can meet the prescribed timelines, Federal requirements, and goals of the statute.

In order to provide appropriate and timely guidance and technical assistance, the Secretary must have access to timely, periodic information regarding State progress. Consequently, the information collection associated with these grants is essential to facilitating reasonable and appropriate

Federal monitoring of funds, providing statutorily-mandated assistance to States to implement Exchanges in accordance with Federal requirements, and to ensure that States have all necessary information required to proceed, such that retrospective corrective action can be minimized.

There are two levels of awards for States to apply for the Establishment grants. Each level is based on grantee readiness. Level One Establishment grants are open to States that received Federal funding for Exchange Planning activities and awardees of the Cooperative Agreements to Support Innovative Exchange Information Technology Systems. Level One Establishment cooperative agreements provide one year of funding to States that are ready to initiate establishment activities having made progress under their Exchange Planning grant. Level Two Establishment cooperative agreements are open to States that received Federal funding for Exchange Planning activities and awardees of the Cooperative Agreements to Support Innovative Exchange Information Technology Systems. Level Two Establishment grants are designed to provide funding to applicants who have made significant progress in meeting specific benchmarks in the Exchange establishment process. Level One Establishment grantees may apply for additional funding under Level Two Establishment grants once they have achieved the benchmarks identified in the Level Two Establishment review criteria. The Period of Performance for Level One Establishment grants is one year after date of award. The Period of Performance for Level Two Establishment grants is through December 31, 2014. This funding opportunity was released to forty-nine States and the District of Columbia on January 20, 2011. HHS anticipates making this funding opportunity available to four Territories on August 31, 2011. *Form Number:* CMS-10371 (OCN: 0938-1119); *Frequency:* Annually. *Affected Public:* State, Local, or Tribal Governments. *Number of Respondents:* 54. *Number of Responses:* 756, *Total Annual Hours:* 57,564. Title: ACF-535 LIHEAP Quarterly Allocation Estimates.

OMB No.: 0970-0037.

Description

The LIHEAP Quarterly Allocation Estimates, ACF Form-535 is a one-page form that is sent to 50 State grantees and to the District of Columbia. It is also sent to Tribal Government grantees that receive over \$1 million annually for the Low Income Home Energy Assistance Program (LIHEAP). Grantees are asked to complete and submit the form in the 4th quarter of each year. The data collected on the form are grantees estimates of obligations they expect to make each quarter for the upcoming fiscal year for the LIHEAP program. This is the only method used to request anticipated distributions of the grantees LIHEAP funds. The information is used to develop apportionment requests to OMB and to make grant awards based on grantees anticipated needs. Information collected on this form is not available through any other Federal source. Submission of the form is voluntary.

Respondents: State Governments.

Title: Adoption and Foster Care Analysis and Reporting System (AFCARS), Title IV-B & IV-E.

OMB No.: 0980-0267.

Description: Section 479 of title IV-E of the Social Security Act (the Act) directs States to establish and

implement an adoption and foster care reporting system. Federal regulations at 45 CFR 1355.40 sets forth the requirements of section 479 of the Social Security Act for the collection of uniform, reliable information on children who are under the responsibility of the State title IV-B/IV-E agency for placement, care, and adoption. The respondents are child welfare agencies in the 50 States, the District of Columbia, and Puerto Rico.

The data collected will inform State/Federal policy decisions, program management, and responses to Congressional and Departmental inquiries. Specifically, the data are used for short/long-term budget projections, trend analysis, child and family service reviews, and to target areas for improved technical assistance. The data will provide information about foster care placements, adoptive parents, length of time in care, delays in termination of parental rights and placement for adoption.
