BILLING CODE 4410-15-P

DEPARTMENT OF JUSTICE

Notice of Lodging of a Consent Decree Modification Pursuant to The Clean Water Act

Notice is hereby given that a proposed modification to a Consent Decree entered in *United States of America and the Commonwealth of Kentucky v. Winchester Municipal Utilities and City of Winchester*, Civ. No. 06-102-KSF, was lodged on January 19, 2011, with the United States District Court for the

Eastern District of Kentucky, Central Division.

The Consent Decree was entered by the Court on April 11, 2007, and resolves claims under Sections 301 and 402 of the Clean Water Act, 33 U.S.C. 1251, *et seq.*, against the City of Winchester ("City") and Winchester Municipal Utilities ("WMU"), through the performance of injunctive measures, the payment of a civil penalty, and the performance of a Supplemental Environmental Project ("SEP"). The United States and the Commonwealth of Kentucky alleged that the City and WMU are liable as persons who discharged a pollutant from a point source to navigable waters of the United States without a permit.

The proposed modification to the Consent Decree would replace the existing obligation to perform a SEP, with an obligation to perform a different SEP. The Decree currently requires the City and WMU to perform a SEP valued at \$230,000, which is designed to abate stormwater runoff pollution to an impaired waterway. After spending \$27,000 on testing, the City and WMU have determined that the SEP will not achieve the environmental benefits they originally anticipated. The City and WMU considered another stream restoration project as an alternate, but easements could not be obtained and further consideration of that project was abandoned.

The proposed modification to the Consent Decree would obligate the City and WMU to prepare a watershed management plan for the Lower Howards Creek Watershed ("LHCW") instead of the original SEP. The LHCW is the locus of many of the City and WMU's most significant SSOs, and some of the injunctive relief in the Consent Decree is aimed at eliminating SSOs and improving water quality in the LHCW. The plan would outline specific areas of concern and identify potential projects for the LHCW. The City and WMU would make the plan available to the public, and work with public officials, environmental and conservation groups, and citizens who are interested in improving water quality in the LHCW. The City and WMU would be required to spend \$203,000 on the watershed management plan, and they would receive a credit for the \$27,000 they've already spent on the testing phase of the original SEP.

The Department of Justice will receive for a period of thirty (30) days from the date of this publication comments relating to the proposed modification to the Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural

Resources Division, and either e-mailed to pubcomment-ees.enrd@usdoj.gov or mailed to P.O. Box 7611, U.S. Department of Justice, Washington, DC 20044-7611, and should refer to *United States v. Winchester Municipal Utilities*, DJ No. 90-5-1-1-08806.

The proposed Consent Decree modification may be examined at the office of the United States Attorney for the Eastern District of Kentucky, 110 West Vine Street, Suite 400, Lexington KY 40507-1671, and at the Region 4 Office of the Environmental Protection Agency, Atlanta Federal Center, 61 Forsyth Street, SW., Atlanta GA 30303. During the public comment period, the decree may also be examined on the following Department of Justice Web site, http://www.usdoj.gov/enrd/Consent_Decrees.html. A copy of the Consent Decree modification may also be obtained by mail from the Consent Decree Library, P.O. Box 7611, U.S. Department of Justice, Washington, DC 20044-7611, or by faxing or e-mailing a request to Tonia Fleetwood (tonia.fleetwood@usdoj.gov), fax no. (202) 514-0097, phone confirmation number (202) 514-1547. In requesting a copy from the Consent Decree Library, please enclose a check in the amount of \$2.50 (25 cents per page reproduction cost) payable to the U.S. Treasury. The check should refer to *United States v. Winchester Municipal Utilities*, DJ No. 90-5-1-1-08806.

[TA-W-74,525]

Emerson Transportation Division, a Division of Emerson Electric, Including Workers Located Throughout the United States; Bridgeton, MO; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974, as amended ("Act"), 19 U.S.C. 2273, the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on November 19, 2010, applicable to workers of Emerson Transportation Division, a division of Emerson Electric, Bridgeton, Missouri. The notice was published in the **Federal Register** on December 16, 2010 (75 FR 75701).

At the request of a State of Arkansas agent, the Department reviewed the certification for workers of Emerson Transportation Division. The workers supply distribution services.

Information shows that some workers separated from employment at Emerson Transportation Division lived throughout the United States, including Arkansas, but report to the Bridgeton, Missouri facility due to the nature of the services supplied (transportation services).

Accordingly, the Department is amending this certification to properly reflect this matter.

The intent of the Department's certification is to include all workers of Emerson Transportation Division who are adversely affected secondary workers.

The amended notice applicable to TA-W-74,525 is hereby issued as follows:

"All workers of Emerson Transportation Division, a division of Emerson Electric, including workers located throughout the United States, Bridgeton, Missouri, who supply transportation services and who became totally or partially separated from employment on or after August 10, 2009 through November 19, 2012, and all workers in the group threatened with total or partial separation from employment on date of certification through two years from the date of certification, are eligible to apply for adjustment assistance under Chapter 2 of

Title II of the Trade Act of 1974, as amended."

Signed at Washington, DC, January 13, 2011.

Del Min Any Chen,

Certifying Officer, Office of Trade Adjustment Assistance.

Polaris Industries, Including On-Site Leased Workers From Westaff and Supply Technologies, Osceola, WI; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with section 223 of the Trade Act of 1974, as amended ("Act"), 19 U.S.C. 2273, the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on August 26, 2010, applicable to workers of Polaris Industries, including on-site leased workers from Westaff, Osceola, Wisconsin. The notice was published in the **Federal Register** on September 15, 2010 (75 FR 56143).

At the request of the petitioner, the Department reviewed the certification for workers of the subject firm. The workers are engaged in activities related to the production of components for recreational vehicles.

The company reports that workers leased from Supply Technologies were employed on-site at the Osceola, Wisconsin location of Polaris Industries. The Department has determined that these workers were sufficiently under the control of Polaris Industries to be considered leased workers.

Based on these findings, the Department is amending this certification to include workers leased from Supply Technologies working on-site at the Osceola, Wisconsin location of Polaris Industries.

The amended notice applicable to TA-W-74,336 is hereby issued as follows:

"All workers of Polaris Industries, including on-site leased workers from Westaff and Supply Technologies, Osceola, Wisconsin, who became totally or partially separated from employment on or after June 28, 2009, through August 26, 2012, and all workers in the group threatened with total or partial separation from employment on the date of certification through two years from the date of certification, are eligible to apply

for adjustment assistance under Chapter 2 of Title II of the Trade Act of 1974, as amended."

Signed at Washington, DC, December 6, 2010.

Michael W. Jaffe,

Certifying Officer, Division of Trade Adjustment Assistance.

Catawba Sox, LLC Formerly Known as Catawba Sox, Inc. Including Workers Whose Unemployment Insurance (UI) Wages Are Paid Through Ellis Hosiery Mill, LLC, Newton, NC; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974, as amended ("Act"), 19 U.S.C. 2273, the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on July 15, 2010, applicable to workers of Catawba Sox, LLC, formerly known as Catawba Sox, Inc., Newton, North Carolina. The notice was published in the **Federal Register** on August 2, 2010 (75 FR 45162).

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. The workers produce athletic socks.

Information shows that some workers separated from employment at the Newton, North Carolina location of Catawba Sox, LLC, formerly known as Catawba Sox, Inc., had their wages reported under a separated unemployment insurance (UI) tax account under the name Ellis Hosiery Mill, LLC, formerly known as Catawba Sox, LLC.

Accordingly, the Department is amending this certification to properly reflect this matter.

The intent of the Department's certification is to include all workers of the subject firm who were adversely affected by company imports of athletic socks.

The amended notice applicable to TA-W-73,916 is hereby issued as follows:

"All workers of Catawba Sox, LLC, formerly known as Catawba Sox, Inc., including workers whose unemployment insurance (UI) wages are paid through Ellis Hosiery Mill, LLC, Newton, North Carolina, who became totally or partially separated
