## DEPARTMENT OF TRANSPORTATION

## Federal Aviation Administration

## 14 CFR Part 97

[Docket No. 30796; Amdt. No. 3437]

## Standard Instrument Approach Procedures, and Takeoff Minimums and Obstacle Departure Procedures; Miscellaneous Amendments

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

**SUMMARY:** This rule establishes, amends, suspends, or revokes Standard Instrument Approach Procedures (SIAPs) and associated Takeoff Minimums and Obstacle Departure Procedures for operations at certain airports. These regulatory actions are needed because of the adoption of new or revised criteria, or because of changes occurring in the National Airspace System, such as the commissioning of new navigational facilities, adding new obstacles, or changing air traffic requirements. These changes are designed to provide safe and efficient use of the navigable airspace and to promote safe flight operations under instrument flight rules at the affected airports.

**DATES:** This rule is effective August 8, 2011. The compliance date for each SIAP, associated Takeoff Minimums, and ODP is specified in the amendatory provisions.

The incorporation by reference of certain publications listed in the regulations is approved by the Director of the Federal Register as of August 8, 2011.

**ADDRESSES:** Availability of matter incorporated by reference in the amendment is as follows:

- For Examination—*
1. FAA Rules Docket, FAA Headquarters Building, 800 Independence Avenue, SW., Washington, DC 20591;
  2. The FAA Regional Office of the region in which the affected airport is located;
  3. The National Flight Procedures Office, 6500 South MacArthur Blvd., Oklahoma City, OK 73169 or
  4. The National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call 202-741-6030, or go to: [http://www.archives.gov/federal\\_register/code\\_of\\_federal\\_regulations/ibr\\_locations.html](http://www.archives.gov/federal_register/code_of_federal_regulations/ibr_locations.html).
- Availability—*All SIAPs are available online free of charge. Visit [nfdc.faa.gov](http://nfdc.faa.gov) to register. Additionally, individual SIAP and Takeoff Minimums and ODP copies may be obtained from:
1. FAA Public Inquiry Center (APA-200), FAA Headquarters Building, 800 Independence Avenue, SW., Washington, DC 20591; or
  2. The FAA Regional Office of the region in which the affected airport is located.

**FOR FURTHER INFORMATION CONTACT:** Harry J. Hodges, Flight Procedure Standards Branch (AFS-420) Flight Technologies and Programs Division, Flight Standards Service, Federal Aviation Administration, Mike

Monroney Aeronautical Center, 6500 South MacArthur Blvd., Oklahoma City, OK. 73169 (Mail Address: P.O. Box 25082 Oklahoma City, OK 73125) telephone: (405) 954-4164.

**SUPPLEMENTARY INFORMATION:** This rule amends Title 14, Code of Federal Regulations, part 97 (14 CFR part 97) by amending the referenced SIAPs. The complete regulatory description of each SIAP is listed on the appropriate FAA Form 8260, as modified by the National Flight Data Center (FDC)/Permanent Notice to Airmen (P-NOTAM), and is incorporated by reference in the amendment under 5 U.S.C. 552(a), 1 CFR part 51, and § 97.20 of Title 14 of the Code of Federal Regulations.

The large number of SIAPs, their complex nature, and the need for a special format make their verbatim publication in the **Federal Register** expensive and impractical. Further, airmen do not use the regulatory text of the SIAPs, but refer to their graphic depiction on charts printed by publishers of aeronautical materials. Thus, the advantages of incorporation by reference are realized and publication of the complete description of each SIAP contained in FAA form documents is unnecessary. This amendment provides the affected CFR sections and specifies the types of SIAP and the corresponding effective dates. This amendment also identifies the airport and its location, the procedure and the amendment number.

**The Rule**

This amendment to 14 CFR part 97 is effective upon publication of each separate SIAP as amended in the transmittal. For safety and timeliness of change considerations, this amendment incorporates only specific changes

contained for each SIAP as modified by FDC/P-NOTAMs.

The SIAPs, as modified by FDC P-NOTAM, and contained in this amendment are based on the criteria contained in the U.S. Standard for Terminal Instrument Procedures (TERPS). In developing these changes to SIAPs, the TERPS criteria were applied only to specific conditions existing at the affected airports. All SIAP amendments in this rule have been previously issued by the FAA in a FDC NOTAM as an emergency action of immediate flight safety relating directly to published aeronautical charts. The circumstances which created the need for all these SIAP amendments requires making them effective in less than 30 days.

Because of the close and immediate relationship between these SIAPs and safety in air commerce, I find that notice and public procedure before adopting these SIAPs are impracticable and contrary to the public interest and, where applicable, that good cause exists for making these SIAPs effective in less than 30 days.

**Conclusion**

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. For the same reason, the FAA certifies that this amendment will not have a significant economic impact

on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

**Adoption of the Amendment**

Accordingly, pursuant to the authority delegated to me, Title 14, Code of Federal regulations, part 97, 14 CFR part 97, is amended by amending Standard Instrument Approach Procedures, effective at 0901 UTC on the dates specified, as follows:

### 22 CFR Part 126

[Public Notice 7552]

RIN 1400-AC81

#### Amendment to the International Traffic in Arms Regulations: Updates to Country Policies, and Other Changes

**AGENCY:** Department of State.

**ACTION:** Final rule.

**SUMMARY:** The Department of State is amending the International Traffic in Arms Regulations (ITAR) to update country policies regarding Afghanistan, Côte d'Ivoire, Cyprus, the Democratic Republic of the Congo, Eritrea, Fiji, Iraq, Lebanon, Liberia, North Korea, Sierra Leone, Somalia, Sri Lanka, Yemen, and Zimbabwe, and to correct administrative and typographical errors.

**DATES:** *Effective Date:* This rule is effective August 8, 2011.

**FOR FURTHER INFORMATION CONTACT:** Nicholas Memos, Office of Defense Trade Controls Policy, Department of State, by *telephone:* (202) 663-2804; *fax:* (202) 261-8199; or *e-mail:* [memosni@state.gov](mailto:memosni@state.gov). *Attn:* Part 126, Country Policies.

**SUPPLEMENTARY INFORMATION:** A number of country policy updates and corrections are made in § 126.1, described as follows.

*Afghanistan:* Section 126.1(g) is amended to delete reference to the "Afghan Interim Authority." The Islamic Republic of Afghanistan has replaced the Afghan Interim Authority as the Government of Afghanistan.

The Security Council committees established pursuant to United Nations Security Council (UNSC) resolutions 1267 (1999) and 1988 (2011), concerning Al-Qaida and the Taliban and associated individuals and entities, oversee the implementation by U.N. member states of sanctions measures (including arms embargoes) imposed by the Security Council on Al-Qaida and the Taliban, and those individuals, groups, undertakings, and entities associated with them. The committees maintain lists of individuals, groups, undertakings, and entities subject to the sanctions. By UNSC resolutions 1267 (1999), 1333 (2000), 1390 (2002), as reiterated in resolutions 1455 (2003), 1526 (2004), 1617 (2005), 1735 (2006), 1822 (2008) and 1904 (2009), and reiterated and modified by resolutions

1988 and 1989 (2011), the Security Council has obliged all member countries to prevent the direct or indirect supply, sale, or transfer of arms and related materiel to the individuals, groups, undertakings, and entities placed on these lists. Section 126.1(g) is amended accordingly.

*Côte d'Ivoire:* On November 15, 2004, the United Nations Security Council adopted resolution 1572, which provided for an arms embargo with certain exceptions. Resolution 1946 of October 15, 2010, reaffirmed the embargo, and added to the exceptions provided in resolution 1572. Resolution 1980 of April 28, 2011, renewed the terms of the modified arms embargo. Section 126.1(q) is added to reflect the arms embargo and exceptions thereto.

*Cyprus:* Section 126.1(r) is added to reflect the U.S. policy on arms exports to Cyprus, first published by the Department of State on December 18, 1992 (57 FR 60265).

*Democratic Republic of the Congo:* On March 31, 2008, the United Nations Security Council adopted resolution 1807, which modified the existing Democratic Republic of the Congo arms embargo. Subsequent resolutions (1857, adopted on December 22, 2008; 1896, adopted on November 30, 2009; and 1952, adopted on November 29, 2010) renewed the terms of the modified arms embargo in resolution 1807. Section 126.1(i) is amended to reflect the prohibitions contained in resolution 1807.

*Eritrea:* On December 23, 2009, the United Nations Security Council adopted resolution 1907, which prohibits the sale, supply or transfer of arms and related materiel to Eritrea, or the sale, supply or transfer of arms and related materiel from Eritrea. Consequently, Eritrea is added to the list of countries subject to a UNSC arms embargo contained in § 126.1(c). Since October 3, 2008, and as identified in § 126.1(a), it has been the policy of the United States to deny licenses and other approvals for exports and imports of defense articles and defense services, destined for or originating in Eritrea.

*Fiji:* As a result of a military coup in Fiji, as of December 2006, the United States suspended all sales and deliveries of defense articles and defense services to Fiji. Such sales in support of peacekeeping activities are excepted, and will be reviewed on a case-by-case basis. Section 126.1(p) is added to reflect the policy and exceptions thereto.

*Iraq:* Section 126.1(f) is amended to remove reference to lapsed statutory authority and requirements.

*Lebanon:* On August 11, 2006, the United Nations Security Council adopted resolution 1701, establishing an arms embargo, with the exception that it would not apply to arms and related materiel for the United Nations Interim Force in Lebanon or as authorized by the Government of Lebanon. Most recently, resolution 1937 (adopted on August 30, 2010) emphasized the importance of full compliance with the terms of the arms embargo. Section 126.1(t) is added to reflect the arms embargo and exceptions thereto.

*Liberia:* On December 17, 2009, the United Nations Security Council adopted resolution 1903, which modified the existing Liberia arms embargo set forth in resolution 1521 (2003) and modified by resolutions 1683 and 1731 (2006). Subsequently, resolution 1961 (adopted on December 17, 2010) renewed the terms of the modified arms embargo. Section 126.1(o) is added to reflect the arms embargo and exceptions thereto. In addition, § 126.1(a) is revised to remove Liberia as an example of a country with which the United States maintains an arms embargo.

*North Korea:* On October 24, 2008, the Secretary of State rescinded the determination of January 20, 1988, that North Korea repeatedly provided support for acts of international terrorism. The rescission satisfied the provisions of section 620(c) of the Foreign Assistance Act of 1961, Public Law 87-195, as amended (22 U.S.C. 2371(c)), and section 40(f) of the Arms Export Control Act, Public Law 90-629, as amended (22 U.S.C. 2780(f)). Consequently, § 126.1(d) is amended to remove mention of North Korea. However, North Korea is subject to an arms embargo according to the United Nations Security Council resolutions 1718 (2006) and 1874 (2009). Consequently, North Korea remains subject to the policy of the United States to deny licenses and other approvals for exports and imports of defense articles and defense services, destined for or originating in North Korea (§ 126.1(a)).

*Sierra Leone:* On September 29, 2010, the United Nations Security Council adopted resolution 1940, which terminated the prohibition of the sale or supply of arms and related materiel to non-governmental forces in Sierra Leone adopted in UNSC resolution 1171 of June 5, 1998. Resolution 1171, in turn, had modified the provision of UNSC resolution 1132, adopted October 8, 1997, which prohibited the sale or supply of arms and related materiel to Sierra Leone. The United States, which had maintained the complete prohibition as provided in resolution
