

Dated: July 13, 2011.

Mary Ellen Callahan,

Chief Privacy Officer, Department of
Homeland Security.

[FR Doc. 2011-20229 Filed 8-9-11; 8:45 am]

BILLING CODE 9110-04-P

DEPARTMENT OF HOMELAND SECURITY

Transportation Security Administration

Intent To Request Renewal From OMB of One Current Public Collection of Information: Employment Standards

AGENCY: Transportation Security
Administration, DHS.

ACTION: 60-day Notice.

SUMMARY: The Transportation Security Administration (TSA) invites public comment on one currently approved Information Collection Request (ICR), Office of Management and Budget (OMB) control number 1652-0006, abstracted below that we will submit to OMB for renewal in compliance with the Paperwork Reduction Act (PRA). The ICR describes the nature of the information collection and its expected burden. The collection involves the requirement for airport and aircraft operators to maintain records of compliance with 49 CFR parts 1542 and 1544.

DATES: Send your comments by October 11, 2011.

ADDRESSES: Comments may be e-mailed to TSAPRA@dhs.gov or delivered to the TSA PRA Officer, Office of Information Technology (OIT), TSA-11, Transportation Security Administration, 601 South 12th Street, Arlington, VA 20598-6011.

FOR FURTHER INFORMATION CONTACT: Joanna Johnson at the above address, or by telephone (571) 227-3651.

SUPPLEMENTARY INFORMATION:

Comments Invited

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation is available at <http://www.reginfo.gov>. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

(1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Information Collection Requirement

OMB Control Number 1652-0006; *Employment Standards, 49 CFR parts 1542 and 1544*. The purpose of this information collection is to determine compliance with 49 CFR parts 1542 and 1544. TSA requires that airport operators maintain records of criminal history records checks and security threat assessments in compliance with 49 CFR part 1542 and a related security directive for those employees with access privileges to security identification display areas of the airport. TSA also requires that aircraft operators maintain records of compliance with 49 CFR part 1544 for selected crew and security employees. TSA Transportation Security Inspectors (TSIs) review these records to ensure that the safety and security of the public is not compromised, to include using this information to take corrective action when necessary. These regulations establish procedures that airports and airlines must carry out to protect persons and property against acts of criminal violence, aircraft piracy, and terrorist activities. The current estimated annual recordkeeping burden is 35,898 hours.

Issued in Arlington, Virginia, on August 4, 2011.

Joanna Johnson,

Paperwork Reduction Act Officer, Business
Improvements and Communications, Office
of Information Technology.

DEPARTMENT OF HOMELAND SECURITY

Transportation Security Administration

Intent To Request Renewal From OMB of One Current Public Collection of Information: Airport Security

AGENCY: Transportation Security
Administration, DHS.

ACTION: 60-day Notice.

SUMMARY: The Transportation Security Administration (TSA) invites public

comment on one currently approved Information Collection Request (ICR), Office of Management and Budget (OMB) control number 1652-0002, abstracted below that we will submit to OMB for renewal in compliance with the Paperwork Reduction Act (PRA). The ICR describes the nature of the information collection and its expected burden. These programs require airport operators to maintain and update records to ensure compliance with security provisions outlined in 49 CFR part 1542.

DATES: Send your comments by October 11, 2011.

ADDRESSES: Comments may be e-mailed to TSAPRA@dhs.gov or delivered to the TSA PRA Officer, Office of Information Technology (OIT), TSA-11, Transportation Security Administration, 601 South 12th Street, Arlington, VA 20598-6011.

FOR FURTHER INFORMATION CONTACT: Joanna Johnson at the above address, or by telephone (571) 227-3651.

SUPPLEMENTARY INFORMATION:

Comments Invited

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation is available at <http://www.reginfo.gov>. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

(1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Information Collection Requirement

OMB Control Number 1652-0002; *Airport Security, 49 CFR part 1542*. The information collected is used to determine compliance with 49 CFR part 1542 and to ensure passenger safety and security by monitoring airport operator security procedures. TSA is seeking to renew its OMB control number, 1652-

0002, Airport Security. TSA has implemented airport operator security standards at 49 CFR part 1542 to require each airport operator to which this part applies to adopt and carry out a security program. These TSA-approved security programs establish procedures that airport operators must carry out to protect persons and property traveling on flights provided by U.S. aircraft operators and foreign air carriers against acts of criminal violence, aircraft piracy, and the introduction of explosives, incendiaries, or weapons aboard an aircraft.

This information collection is mandatory for airport operators. As part of their security programs, affected airport operators are required to maintain and update, as necessary, records of compliance with the security program provisions set forth in 49 CFR part 1542. This regulation also requires affected airport operators to make their security programs and associated records available for inspection and copying by TSA to ensure transportation security and regulatory compliance.

The information requested of airport operators has increased due to the security measures mandated by the Federal Government since September 11, 2001. The information TSA now collects includes identifying information on individuals with unescorted access to the most secured areas of the airport. Under this regulation, airport operators must ensure that individuals seeking unescorted access authority submit to and receive a criminal history records check (CHRC). As part of the CHRC process, the individual must provide identifying information, including fingerprints. Additionally, airport operators must maintain these records and make them available to TSA for inspection and copying upon request.

TSA will continue to collect information to determine airport operator compliance with other requirements of 49 CFR part 1542. TSA estimates that there will be approximately 444 airport operator respondents to the information requirements described above requiring approximately 535,705 hours per year to process.

The current estimated annual burden is 535,705 hours annually.

Issued in Arlington, Virginia, on August 4, 2011.

Joanna Johnson,

TSA Paperwork Reduction Act Officer, Office of Information Technology.

BILLING CODE 9110-05-P

DEPARTMENT OF HOMELAND SECURITY

Transportation Security Administration

Intent To Request Renewal From OMB of One Current Public Collection of Information: Law Enforcement Officer Flying Armed Training

AGENCY: Transportation Security Administration, DHS.

ACTION: 60-day Notice.

SUMMARY: The Transportation Security Administration (TSA) invites public comment on one currently approved Information Collection Request (ICR), Office of Management and Budget (OMB) control number 1652-0034, abstracted below that we will submit to OMB for renewal in compliance with the Paperwork Reduction Act (PRA). The ICR describes the nature of the information collection and its expected burden. The collection involves the Federal Air Marshal Service (FAMS) maintenance of a database of all Federal, State and local law enforcement agencies that have received the Law Enforcement Officer (LEO) Flying Armed Training course.

DATES: Send your comments by October 11, 2011.

ADDRESSES: Comments may be e-mailed to TSAPRA@dhs.gov or delivered to the TSA PRA Officer, Office of Information Technology (OIT), TSA-11, Transportation Security Administration, 601 South 12th Street, Arlington, VA 20598-6011.

FOR FURTHER INFORMATION CONTACT: Joanna Johnson at the above address, or by telephone (571) 227-3651.

SUPPLEMENTARY INFORMATION:

Comments Invited

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation is available at <http://www.reginfo.gov>. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

- (1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- (2) Evaluate the accuracy of the agency's estimate of the burden;
- (3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Information Collection Requirement

OMB Control Number 1652-0034; Law Enforcement Officer (LEO) Flying Armed Training. TSA is requesting approval for the renewal of the collection of this information to comply with 49 CFR 1544.219, which requires Federal LEOs or full-time territorial, tribal, municipal, county or state LEOs who are direct employees of government agencies, or authorized railroad police officers, to complete the LEO Flying Armed training course in order to fly armed. The course is a non-tactical overview of the conditions under which an officer may fly armed and the required conduct and duties of the LEO while flying armed. This collection would permit TSA to collect identifying information from law enforcement agencies requesting the LEO Flying Armed training course.

Information will be gathered from law enforcement agencies who have requested the LEO Flying Armed training course. The information would be gathered to confirm that the agencies are eligible for this program (*i.e.*, that they are active law enforcement agencies whose officers have an operational need to fly armed). Law enforcement agencies will be required to contact the TSA/FAMS via phone or e-mail and provide the full name of the agency's designated point of contact, agency name, and agency address, telephone number, and e-mail address to obtain the LEO Flying Armed training course. The FAMS will maintain a record of law enforcement agencies and their point of contact that have received the training materials. If an issue arises during the screening and verification process regarding the authenticity of an agency that requests training materials, no training materials will be supplied until that issue has either been confirmed or resolved and a record of such will be maintained.

Upon completion of the training, the LEO who has been authorized by his or her agency to fly armed will present his or her credentials, and other required documentation at the airport in order to fly armed. A Transportation Security Officer will verify all pertinent information onsite. TSA estimates there will be approximately 2,000 respondents on an annual basis, for a total annual hour burden of 167 hours.
