Proposed Information Collection Activity; Comment Request

Title: Objective Work Plan (OSP), Objective Progress Report (OPR) and Project Abstract.

OMB No. 0980-0204.

Description: Content changes are being made to the OPR and OWP only. The information in the OPR is being collected on a quarterly basis to monitor the performance of grantees and better gauge grantee progress. The OWP is utilized by applications when they submit their proposals and then by grantees to monitor their projects once awarded. ANA has reworded and renumbered the OPR questions to allow for better flow and clarity. The majority of content being requested from the grantees is the same and has not changed.

OPR: Following are content changes being made:

Objective Work Plan Update: Content is the same. Questions 1 and 2 were originally questions 3 and 4 on the previous OPR. ANA has also reduced the number of objectives under this section to 3. ANA is also separating out the current status of expected results and the current status of expected

benefits. This will match ANA's revised OWP.

Partnerships and Leveraged

Resources: Content is the same.

Questions 3 and 4 were originally part of questions 11-13. The leveraged resources table under question 4 has been reformatted to allow for easier data collection.

Impact indicator: The content requested in this section is similar to the previous OPR with some additional information being requested. Question 5 was originally captured under question 11 of the previous OPR. ANA has added additional fields to this section:

Tracking mechanism, pre-grant status, and three-year target to align with ANA's funding opportunity announcement. Questions 5a and 5b are new and ask the grantee for the status of the impact indicator at the end of each budget period. This information was captured quantitatively in the previous OPR.

Native American Youth and Elder

Opportunities: Content is the same.

Questions 6 and 6a were originally questions 14 and 14a on the previous OPR.

Staffing: Content is the same.

Questions 7 and 7a were originally question 16 on the previous OPR. Question 7b was originally question 15 on the previous OPR. ANA has added one field to this table: Type of position.

Challenges: Content is the same.

Questions 8 and 9 were originally questions 1 and 5 on the previous OPR. For question 9 ANA has added a table to capture information that was previously provided in a narrative format. Questions 10 and 11 were originally questions 2 and 6 on the previous OPR.

Project Sustainability: Content is the same. Questions 12 and 13 were originally questions 18 and 17 on the previous OPR.

Financial: The content requested in this section is similar to the previous OPR with some additional information being requested. Questions 14 and 16a were originally questions 9, 10, and 7 on the previous OPR. Question 17 is a new question. This question will not require the grantee to conduct additional work as they will be able to respond to this question utilizing the required OPR and 425 forms. Question 18 was originally question 8 on the previous OPR.

Four additional questions have been added that are specific to a special initiative ANA is funding this year. These questions are only to be filled out by the Asset for Independence Grantees.

OWP: ANA has reformatted the OWP (content is same). ANA has added a field for applicants to include problem statement identified in grant application; has separated the results and benefits expected to align with ANA's funding opportunity announcement. ANA is no longer requesting data on non-personnel hours. On the previous OWP ANA requested applicants to provide the position responsible for each activity. This title has changed to 'position performing the activity' and applicants will be asked to identify the lead person in one cell and other support in a second cell.

Project Abstract: ANA is no longer managing this form. Grants.gov has taken control of this form and will submit any additional requests for this submission.

Respondents: Tribal Government, Native non-profit organizations, Tribal Colleges & Universities.

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
OWP	500	1	3	1,500
OPR	275	4	1	1,100

Estimated Total Annual Burden Hours: 2,600.
