**[FRL-9457-9; Docket ID No. EPA-HQ-ORD-2011-0671]**

### **Draft Toxicological Review of n-Butanol: In Support of Summary Information on the Integrated Risk Information System (IRIS)**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of Public Comment Period and Listening Session.

**SUMMARY:** EPA is announcing a 60-day public comment period and a public listening session for the external review draft human health assessment titled, "Toxicological Review of n-Butanol: In Support of Summary Information on the Integrated Risk Information System (IRIS)" (EPA/635/R-11/081A). The draft assessment was prepared by the National Center for Environmental Assessment (NCEA) within the EPA Office of Research and Development (ORD). EPA is releasing this draft assessment solely for the purpose of pre-dissemination peer review under applicable information quality guidelines. This draft assessment has not been formally disseminated by EPA. It does not represent and should not be construed to represent any Agency policy or determination. After public review and comment, an EPA contractor will convene an expert panel for independent external peer review of this draft assessment. The public comment period and external peer review meeting are separate processes that provide opportunities for all interested parties to comment on the assessment. The external peer review meeting will be scheduled at a later date and announced in the **Federal Register**. Public comments submitted during the public comment period will be provided to the external peer reviewers before the panel meeting and considered by EPA in the disposition of public comments. Public comments received after the public comment period closes will not be submitted to the external peer reviewers and will only be considered by EPA if time permits.

The listening session will be held on October 5, 2011, during the public comment period for this draft assessment. The purpose of the listening session is to allow all interested parties to present scientific and technical comments on draft IRIS health assessments to EPA and other interested parties attending the listening session. EPA welcomes the comments that will be provided to the Agency by the listening session participants. The comments will be considered by the Agency as it revises the draft assessment after the independent external peer review. If listening session participants would like EPA to share their comments with the external peer reviewers, they should also submit written comments during the public comment period using the detailed and established procedures described in the **SUPPLEMENTARY INFORMATION** section of this notice.

**DATES:** The public comment period begins August 31, 2011, and ends October 31, 2011. Comments should be in writing and must be received by EPA by October 31, 2011.

The listening session on the draft assessment for n-Butanol will be held on October 5, 2011, beginning at 9 a.m. and ending at 4 p.m., Eastern Daylight Time or when the last presentation has been completed. To attend the listening session, interested parties should register no later than September 28, 2011. To present at the listening session, indicate in your registration that you would like to make oral comments at the session and provide the length of your presentation. To register, please contact Ms. Stephanie Sarraino at Versar, Inc., by e-mail at [ssarraino@versar.com](mailto:ssarraino@versar.com) or by telephone at 703-750-3000, extension 737. When registering, please reference the n-Butanol listening session, provide your name, organization, contact information, any sponsorship information, whether you will be a speaker or an observer, and if you are a speaker, the approximate length of your presentation. When you register, please indicate if you will need audio-visual equipment (e.g., laptop computer and slide projector). In general, each presentation should be no more than 30 minutes. If, however, there are more requests for presentations than the allotted time allows, then the time limit for each presentation will be adjusted. A copy of the agenda for the listening session will be available at the meeting. If no speakers have registered by September 28, 2011, the listening session will be cancelled, and EPA will notify those registered of the cancellation.

**ADDRESSES:** The draft "Toxicological Review of n-Butanol: In Support of Summary Information on the Integrated Risk Information System (IRIS)" is available primarily via the Internet on the NCEA home page under the Recent Additions and Publications menus at <http://www.epa.gov/ncea>. A limited number of paper copies are available from the Information Management Team (*Address:* Information Management Team, National Center for Environmental Assessment (Mail Code: 8601P), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue, NW., Washington, DC 20460; *telephone:* 703-347-8561; *facsimile:* 703-347-8691. If you request a paper copy, please provide your name, mailing address, and the draft assessment title.

Comments may be submitted electronically via <http://www.regulations.gov>, by e-mail, by mail, by facsimile, or by hand delivery/courier. Please follow the detailed instructions provided in the **SUPPLEMENTARY INFORMATION** section of this notice.

The listening session on the draft n-Butanol assessment will be held at the EPA offices at Potomac Yard (North Building), Room 7100, 2733 South Crystal Drive, Arlington, Virginia 22202. Please note that to gain entrance to this EPA building to attend the meeting, you must have photo identification and must register at the guard's desk in the lobby. The guard will retain your photo identification and will provide you with a visitor's badge. At the guard's desk, you should provide the name Christine Ross and the telephone number 703-347-8592 to the guard on duty. The guard will contact Ms. Ross who will meet you in the reception area to escort you to the meeting room. When you leave the building, please return your visitor's badge to the guard and you will receive your photo identification.

#### **SUPPLEMENTARY INFORMATION:**

##### **I. Information About IRIS**

EPA's IRIS program is a human health assessment program that evaluates quantitative and qualitative risk information on effects that may result from exposure to chemical substances found in the environment. Through the IRIS Program, EPA provides the highest quality science-based human health assessments to support the Agency's regulatory activities. The IRIS database contains information for more than 540 chemical substances that can be used to support the first two steps (hazard identification and dose-response evaluation) of the risk assessment process. When supported by available data, IRIS provides oral reference doses (RfDs) and inhalation reference concentrations (RfCs) for chronic noncancer health effects and cancer assessments. Combined with specific exposure information, government and private entities use IRIS to help characterize public health risks of chemical substances in a site-specific situation and thereby support risk

management decisions designed to protect public health.

##### **II. How To Submit Comments to the Docket at <http://www.regulations.gov>**

Submit your comments, identified by Docket ID No. EPA-HQ-ORD-2011-0671, by one of the following methods:

- <http://www.regulations.gov>: Follow the on-line instructions for submitting comments;
- *E-mail*: [ORD.Docket@epa.gov](mailto:ORD.Docket@epa.gov);

**Instructions:** Direct your comments to Docket ID No. EPA-HQ-ORD-2011-0671. Please ensure that your comments are submitted within the specified comment period. Comments received after the closing date will be marked "late," and may only be considered if time permits. It is EPA's policy to include all comments it receives in the public docket without change and to make the comments available online at <http://www.regulations.gov>, including any personal information provided, unless comments include information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through [http://](http://www.regulations.gov)

[www.regulations.gov](http://www.regulations.gov) or e-mail. The <http://www.regulations.gov> Web site is an "anonymous access" system, which means that EPA will not know your identity or contact information unless you provide it in the body of your comments. If you send e-mail comments directly to EPA without going through <http://www.regulations.gov>, your e-mail address will be automatically captured and included as part of the comments that are placed in the public docket and made available on the Internet. If you submit electronic comments, EPA recommends that you include your name and other contact information in the body of your comments and with any disk or CD-ROM you submit. If EPA cannot read your comments due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comments. Electronic files should avoid the use of special characters and any form of encryption and be free of any defects or viruses. For additional information about EPA's public docket, visit the EPA Docket Center homepage at <http://www.epa.gov/epahome/dockets.htm>.

**Docket:** All documents in the docket are listed in the <http://www.regulations.gov> index. Although listed in the index, some information is not publicly available, e.g., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, will be publicly available only in hard copy. Publicly available docket materials are available either electronically at <http://www.regulations.gov> or in hard copy at the OEI Docket in the EPA Headquarters Docket Center.
