SECURITIES AND EXCHANGE COMMISSION

Proposed Collection; Comment Request

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of Investor Education and Advocacy, Washington, DC 20549-0213.

Extension:

Rule 30b2-1, SEC File No. 270-213, OMB Control No. 3235-0220.

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (the "Commission") is soliciting comments on the collection of information summarized below. The Commission plans to submit the existing collection

of information to the Office of Management and Budget ("OMB") for extension and approval.

Rule 30b2-1 (17 CFR 270.30b2-1) under the Investment Company Act of 1940 (15 U.S.C. 80a-1 *et seq.*) (the "Investment Company Act") requires a registered investment company ("fund") to (1) File a report with the Commission on Form N-CSR (17 CFR 249.331 and 274.128) not later than 10 days after the transmission of any report required to be transmitted to shareholders under rule 30e-1 under the Investment Company Act, and (2) file with the Commission a copy of every periodic or interim report or similar communication containing financial statements that is transmitted by or on behalf of such fund to any class of such fund's security holders and that is not required to be filed with the Commission under (1), not later than 10 days after the transmission to security holders. The purpose of the collection of information required by rule 30b2-1 is to meet the disclosure requirements of the Investment Company Act and certification requirements of the Sarbanes-Oxley Act of 2002 (Pub. L. 107-204, 116 Stat. 745 (2002)), and to provide investors with information necessary to evaluate an interest in the fund.

The Commission estimates that there are 2,520 funds, with a total of 9,250 portfolios, that are governed by the rule. For purposes of this analysis, the burden associated with the requirements of rule 30b2-1 has been included in the collection of information requirements of rule 30e-1 and Form N-CSR, rather than the rule. The Commission has, however, requested a one hour burden for administrative purposes.

The collection of information under rule 30b2-1 is mandatory. The information provided under rule 30b2-1 is not kept confidential. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection

techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

Please direct your written comments to Thomas A. Bayer, Director/Chief Information Officer, Securities and Exchange Commission, c/o Remi Pavlik-Simon, 6432 General Green Way, Alexandria, VA 22312; or send an e-mail to: PRA_Mailbox@sec.gov.

SECURITIES AND EXCHANGE COMMISSION

Proposed Collection; Comment Request

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of Investor Education and Advocacy, Washington, DC 20549-0213.

Extension:

Rule 498, SEC File No. 270-574, OMB Control No. 3235-0648.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995,¹ the Securities and Exchange Commission (the "Commission") has submitted to the Office of Management and Budget a request for extension of the previously approved collection of information discussed below.

Rule 498 under the Securities Act of 1933 ("Securities Act")² permits open-end management investment companies ("funds") to satisfy their prospectus delivery obligations under the Securities Act by sending or giving key information directly to investors in the form of a summary prospectus ("Summary Prospectus") and providing the statutory prospectus on a Web site. Upon an investor's request, funds are also required to send the statutory prospectus to the investor. In addition, under rule 498, a fund that relies on the rule to meet its statutory prospectus delivery obligations must make available, free of charge, the fund's current Summary Prospectus, statutory prospectus, statement of additional information, and most recent annual and semi-annual reports to shareholders at the Web site address specified in the required Summary Prospectus legend. A Summary Prospectus that complies with

¹ 44 U.S.C. 3501 *et seq.*

² 17 CFR 230.498.

rule 498 is deemed to be a prospectus that is authorized under Section 10(b) of the Securities Act³ and Section 24(g) of the Investment Company Act of 1940.⁴

The purpose of rule 498 is to enable a fund to provide investors with a Summary Prospectus containing key information necessary to evaluate an investment in the fund. Unlike many other Federal information collections, which are primarily for the use and benefit of the collecting agency, this information collection is primarily for the use and benefit of investors. The information filed with the Commission also permits the verification of compliance with securities law requirements and assures the public availability and dissemination of the information.

The current approved annual internal hour burden for filing and updating Summary Prospectuses and posting the required disclosure documents on a Web site pursuant to rule 498 is 63,014 hours. Based on staff review of Summary Prospectuses filed with the Commission, the Commission now estimates that approximately 6,250 portfolios are using a Summary Prospectus. Therefore, the Commission estimates that the total annual internal burden for filing and updating Summary Prospectuses and posting the required disclosure documents to a Web site pursuant to rule 498 will therefore be approximately 9,375 hours, representing a decrease of 53,639 hours.

The current approved total annual cost burden is \$106,200,000 or approximately \$15,200 per portfolio. Adjusting the total annual cost burden per portfolio for the effects of inflation, the Commission now estimates the total annual cost burden per portfolio to be \$15,900, for a total annual cost burden of approximately \$99,375,000. This represents a decrease in the total annual cost burden of approximately \$6,825,000.

Estimates of average burden hours are made solely for the purposes of the Paperwork Reduction Act, and are not derived from a comprehensive or even a representative survey or study of the costs of Commission rules and forms. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proposed performance of the functions of the agency, including whether information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

Please direct your written comments to Thomas Bayer, Director/Chief Information Officer, Securities and Exchange Commission, c/o Remi Pavlik-Simon, 6432 General Green Way, Alexandria, VA 22312; or send an e-mail to: PRA_Mailbox@sec.gov.

Dated: August 29, 2011.

Secretary.

SECURITIES AND EXCHANGE COMMISSION

Proposed Collection; Comment Request

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of Investor Education and Advocacy, Washington, DC 20549-0213.

Extension:

Rule 34b-1, SEC File No. 270-305, OMB Control No. 3235-0346.

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) the Securities and Exchange Commission (the "Commission") is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

Rule 34b-1 under the Investment Company Act (17 CFR 270.34b-1) governs sales material that accompanies or follows the delivery of a statutory prospectus ("sales literature"). Rule 34b-1 deems to be materially misleading any investment company ("fund") sales literature required to be filed with the Securities and Exchange Commission ("Commission") by Section

24(b) of the Investment Company Act (15 U.S.C. 80a-24(b)) that includes performance data, unless the sales literature also includes the appropriate uniformly computed data and the legend disclosure required in investment company advertisements by rule 482 under the Securities Act of 1933 (17 CFR 230.482). Requiring the inclusion of such standardized performance data in sales literature is designed to prevent misleading performance claims by funds and to enable investors to make meaningful comparisons among funds.

The Commission estimates that on average 3,525 respondents file approximately 12,433 responses with the Commission that include the information required by rule 34b-1 each year. The burden from rule 34b-1 is estimated to be 2.41 hours per response. The total annual burden hours for rule 34b-1 is 29,964 hours per year in the aggregate (12,443 responses x 2.41 hours per response).

The collection of information under rule 34b-1 is mandatory. The information provided under rule 34b-1 is not kept confidential. The Commission may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proposed performance of the functions of the agency, including whether information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.
